Important to Purchasers. Read Carefully.

EARLY ORDERS. Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without doing an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with locality and suitable time for planting.

CLUB ORDERS. By several friends or neighbors combining their orders is an advantage, as you can then order in larger quantities at lower rates, also save on transportation charges. Quantity rates as priced in this catalogue are, six plants of any one variety at dozen rates. Twenty-five plants of any one variety at hundred rates. Less quantities are at single rate prices unless specially noted.

SHIPPING FACILITIES. We are admirably located for making shipments, having the C., C. C. & St. L. Railroad East and West, the C., H. & D. Railroad North and South; also the Western Ohio Electric, all of which connect with various lines. We have the Wells-Fargo and American express companies, assuring you of prompt and most direct service. When no instructions are given, we use our best judgment as to how to ship.

PLANTS BY MAIL. We deliver to any address in the United States all articles in this catalogue marked prepaid. In ordering plants by mail, please bear in mind that parcels are limited as to weight, and a volume measuring only 72 inches combined length and girth.

PLANTS BY EXPRESS. This is a most satisfactory method of transportation, as it enables us to give good values in the form of fine, large plants. We do not prepay express shipments, but larger plants are sent, and if goods are miscarried, they can be easily traced and if damaged in transit, more easily rectified. When sent by express, we usually send some extras; again, plants are handled by express companies at special rates.

FREIGHT SHIPMENTS. This method of shipment is advised only with heavy and bulky stock.

SPECIAL NOTE. Many orders consist of articles priced both **prepaid** and **not prepaid**. In such cases if found to be an advantage to our customer to ship all by parcel post we do so and send bill for actual amount due us of postage paid. Again if we find it an advantage to forward all by express or freight and prepaid items do not add to cost of transportation, we so ship unless definite instructions are given to the contrary. We always look to the best interest of our customers.

GUARANTEE. Most failures with plants and bulbs growing are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or to shallow planting, etc., which render it impossible for us to guarantee success. We take all possible care to supply such stock as will, under proper conditions, produce satisfactory results. We guarantee stock to be true to name, and will, upon proper proof, replace any that may prove untrue.

REMITTANCES. Remittances should be made by Post Office Money Order, Registered Letter, Bank Draft, or Express Company Money Order.

Treatment of Plants On Arrival.

If plants arrive during freezing weather, do not unpack them immediately, but place in some cool, though not frozen spot, such as a shed or outhouse, until they commence to thaw out.

If they arrive during hot, dry weather, they should, if possible, be planted immediately and well watered. If impossible to do this, then heel in throw soil over the roots and water, until the permanent bed is ready for the plants. If the roots seem dry when received, moisten them immediately, and place in the shade. Always keep the roots where they are not exposed to drying winds.

View of Entrance to Wagner Park and Office Grounds.

TO those readers of this catalog who have had previous dealings with The Wagner Park Nurseries no words of introduction are necessary in connection with the mail order department of our business. They realize that this department is in fact but an extension of our garden service into new fields of usefulness.

To those to whom we are comparative strangers we beg to give a short story of the Wagner Nurseries, its ideals and the peculiar service which it is privileged to extend to every lover of the out of doors.

Many years ago the founder of the Wagner Park Nurseries himself a lover of nature and a careful student of flowers and trees, purchased a large tract of ground on the outskirts of Sidney, Ohio. Here he began in a large way to collect specimens of all the trees and shrubs, all the hardy perennials and the less rugged annuals that can be grown in the soil of the temperate region of the United States.

Originally his was a labor of love, the relaxation, the hobby if you will, of a busy manufacturer who sought in the culture of these fertile acres a delightful pastime and a personal happiness altogether apart from consideration of business.

Thus came into being the Wagner Arboretum, a collection containing specimens of almost every kind of tree that can be grown in the northern latitude of the United States.

About this hobby there gradually developed a larger interest in trees and flowers, an increasing collection of plants and shrubbery, and the number of gardeners employed in their care was correspondingly increased.

The careful and scientific culture of plants and trees, the great care in improving and developing the perfection of growing things, the systematic nature and acclimatization of all sorts and conditions of plants, soon result in a stock that for hardiness, rugged growing power, ability to survive transplantation and capacity for thriving in various kinds of soil has probably never been equaled in this country.

This was the beginning of the Wagner Park Nurseries, an organization of scientific landscape artists, botanists, gardeners and planters working with the spirit of true Nature lovers rather than that of the truck gardener or the merchant, finding delight in assisting Nature and enjoying the satisfaction of knowing that their work is a source of happiness to thousands and thousands in all parts of the country.

Wagner Park Nurseries maintain a large corps of landscape architects and planters who go to all parts of the country to plan and plant gardens, lawns, parks and cemeteries, to lay out the work with reference to the artistic possibilities of every plot and to group the planting so as to insure an uninterrupted succession of flowering splendor from springtime till winter.

Wagner Park Flowers are Famous - - from Coast to Coast. - -

We Prepay Transportation on all of the bargains offered in this catalogue. Everything marked prepaid comes under the **Free Delivery Offer**. Our prepaid offers will surprise you. Wagner plants are so vigorous, sturdy and full of life, and so carefully prepared for shipment as to insure arrival at their destination in a flourishing condition. This means that they go into the ground at your place with unimpaired vitality and ready to resume their growth with undiminished vigor.

The moderate prices of Wagner Nursery stock is a pleasant surprise to many, especially to those who have heard of the high quality of Wagner Park plants it is natural they would expect such stock expensive, but after dealing with us they discover that our prices are extremely reasonable considering the quality of stock they receive from us, should it be a specimen plant or a parcel post prepaid plant. The same careful attention is given orders, no matter how small, as is given the larger orders.

Distance makes no difference. We want every flower lover, regardless of where they live, to at least give us a trial order to let us demonstrate that they will be well pleased with everything ordered from us. Send your order now; we will ship at once or any time you are ready to plant.

WAGNER'S IS A SERVICE NURSERY.

Not the Mere Selling of Nursery Stock but Every-
thing We Ship Is Prepared Ready to Plant and Grow.

FREE SERVICE.

Every Tree, Shrub, and Plant is carefully pruned by our experts before shipping; you have only to plant in well-prepared soil and watch them grow. This means much more work, but we do it with pleasure, looking towards the satisfaction and greater returns our customers derive from the plants.

It is a realized fact that more failures with nursery stock—Roses, Shrubs, Trees, and Plants in general—are due to improper pruning at planting time than from any other cause. Naturally the digging of a plant or tree is more or less of a check to its growth, so it becomes necessary to do a certain amount of pruning (which, of course, varies according to species and varieties) to give the roots an opportunity to again become established in the new location without an overburden to supply the necessary nourishment to so much top-growth. Again, this pruning induces stronger bottom growths, which is the foundation for making a shapely plant and from which good results may be expected. While from improper pruning you can only expect weak, short growths, and those plants that flower to produce only small blossoms. We feel this a needed service to the amateur, and while it makes much more work for us, we do it with the greatest pleasure, that our customers may obtain the very best results and effects from our plants. This we know will be greatly appreciated by our patrons as the special service we have offered for years, to give free advice to those interested in having their grounds artistically planned, which we are glad to say also originated with us.

There are some things which can be pruned only at certain seasons, and full instructions for anything of this nature will be sent with shipment. We, therefore, who are experienced, offer this additional service to our customers that the failure of plants to grow from this cause may be reduced to a minimum.

SPECIAL NOTE.—Any one preferring to have stock shipped unpruned, kindly so state when ordering, when we will gladly comply with the request.

Wagner Quality Combined With Wagner Service

ASSURES SATISFACTORY RESULTS.

Special attention is called to the prices we quote for regular, large, and extra large sizes. Any one at all familiar with growing plants will know it is possible to have them in the various stages of growth and in the different sizes.

Read Carefully the Following Explanation.

REGULAR SIZE: This is our lowest priced stock. The plants we send out for this price are good, thrifty, young, well-rooted stock, which will grow and give satisfaction, and recommended to those who are satisfied to wait for the fully developed effects and results.

LARGE SIZE. This is a class of plants that are quite well developed and from which good results are obtained even the first season; in fact, of such size as many nurseries offer as extra large. We highly recommend this size, as they are so well grown that results are almost assured even to the most inexperienced planters.

EXTRA LARGE SIZE. These extra selected plants are of such age and size to produce immediate effects. All of this size have been frequently root and top pruned to make them compact and bushy and well supplied with fibrous roots. Those desiring quick results should order of our largest size stock.

THE WAGNER PARK NURSERY COMPANY. SIDNEY, OHIO.

ROSES!

The Most Glorious Flowers of the Garden.

DELIVERED FREE!

All our Roses are sent PRE-PAID anywhere in the U. S. except those varieties on page 11.

The rose is a source of interest to all flower lovers everywhere, and a necessity to every well-planted garden. The demand for good garden roses is greatly on the increase. People are beginning to appreciate the value of introducing roses more boldly in with general plantation. At the same time the "rose garden" is extending its appeal.

One may use roses profitably anywhere, often in very restricted space. They have manifold uses as practical climbers, covering ugliness with beauty, clothing bare banks and walls with color and grace.

Wagner, as a Rose Specialist, growing his stock in exceptionally favorable soil and climate, offers the best opportunities possible for "Success with Roses."

We send out only strong, well-rooted plants, in perfect condition for "taking hold" vigorously in alien soil.

Special skill is brought to the production of choice roses of less hardy habit. In this respect Wagner Nurseries are an incomparable resource to the rose lover of intelligence and taste.

Our collection of free-blooming hardy roses, such as we urge for general selection, is second to none. This list includes varieties adapted to every purpose, house walls, trellis, pergolas, rose groups, etc. The rose houses and rose fields at Wagner Park indeed comprise a perfect microcosm of the rose world.

We place our knowledge of roses at your disposal, being very glad to help you, when it is desired, in the selection of varieties and offering complete information on the subject of successful rose culture in any part of the United States. We make special designs also of rose gardens, rose walks, etc., etc. We want you to know Wagner Roses if you do not already know them.

GENERAL DIRECTIONS FOR THE CULTURE OF ROSES

WHEN TO PLANT. Field grown plants should be planted as early in the spring as possible. Pot plants may be planted at any time, but do better if planted early, after all danger of frost is past.

PREPARATION OF THE SOIL. Roses will grow and give good results in any fertile, well-drained soil, but they thrive best in a soil consisting of considerable clay. Dig the soil deep and if drainage is imperfect it must be provided for. It is worth while to use care in the preparation of the beds, as the general health of the plants, quantity and quality of flowers usually more than repays the extra cost expended on this detail. Stir the soil frequently but not too deep, or the roots will be disturbed.

PRUNING. About the end of October it is well to cut back any long canes of the strong growing sorts. This prevents them from being whipped by the winter winds, which, unless staked, would loosen and break the tender, feeding roots. The principal pruning however, should be done in spring before they start growth. Cut away all dead wood and cut all live branches at least one-half their previous year's growth. This insures strong bottom growths and large flowers on long stems.

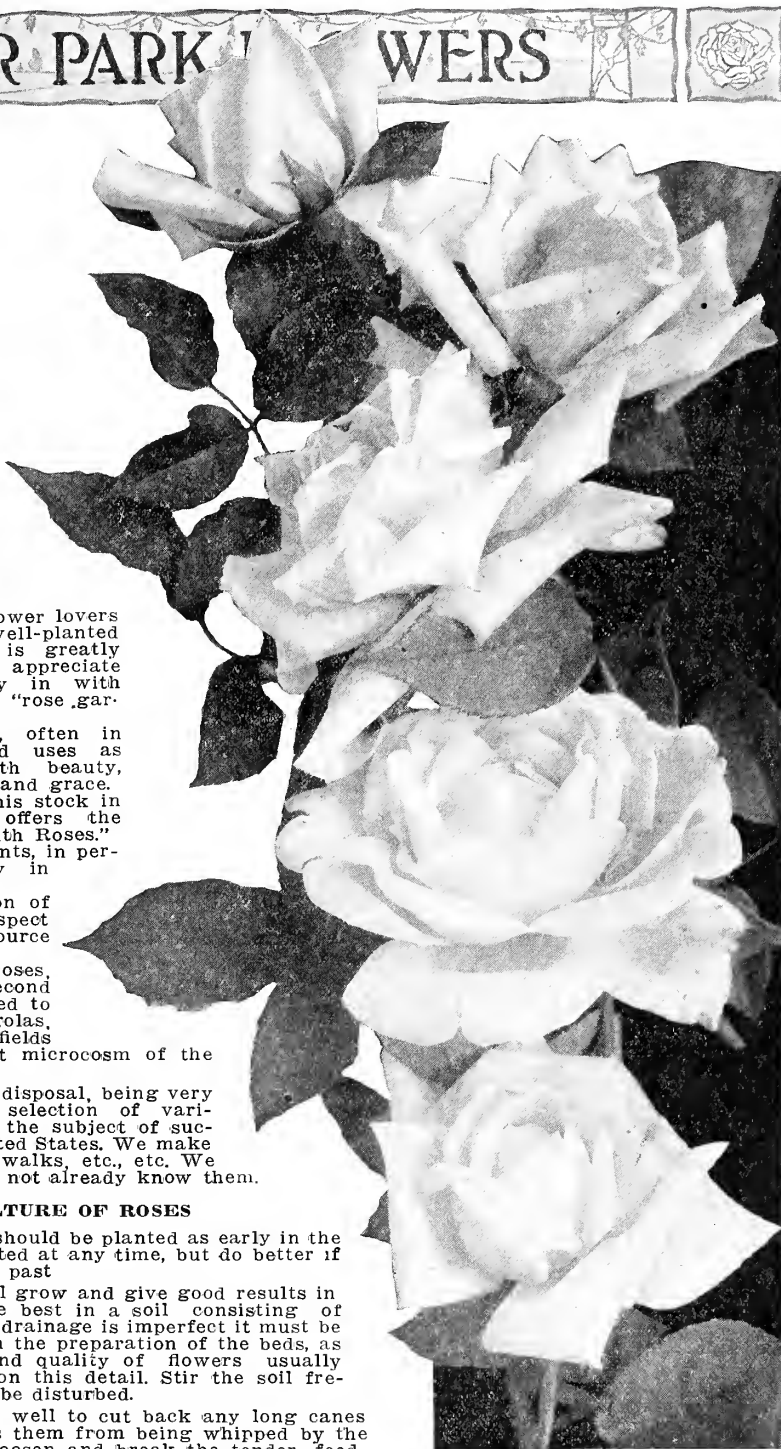

INSECTS. A few applications of a good insecticide will exterminate all insects at the outset, after which very little or no trouble will be experienced. The following preparations are good. Apply to the upper and under surface of the foliage by means of whisk broom or sprayer.

SOAP SOLUTION. Dissolve about one ounce of Ivory or other good soap in one pint of boiling water, adding one and one-half gallons of cold water.

TABACCO SOLUTION. Made of boiling the leaves or stems of tobacco. The liquid should be made about the color of weak tea.

BORDEAUX ARSENATE OF LEAD MIXTURE. At the rate of eight ounces to five gallons of water is an excellent solution.

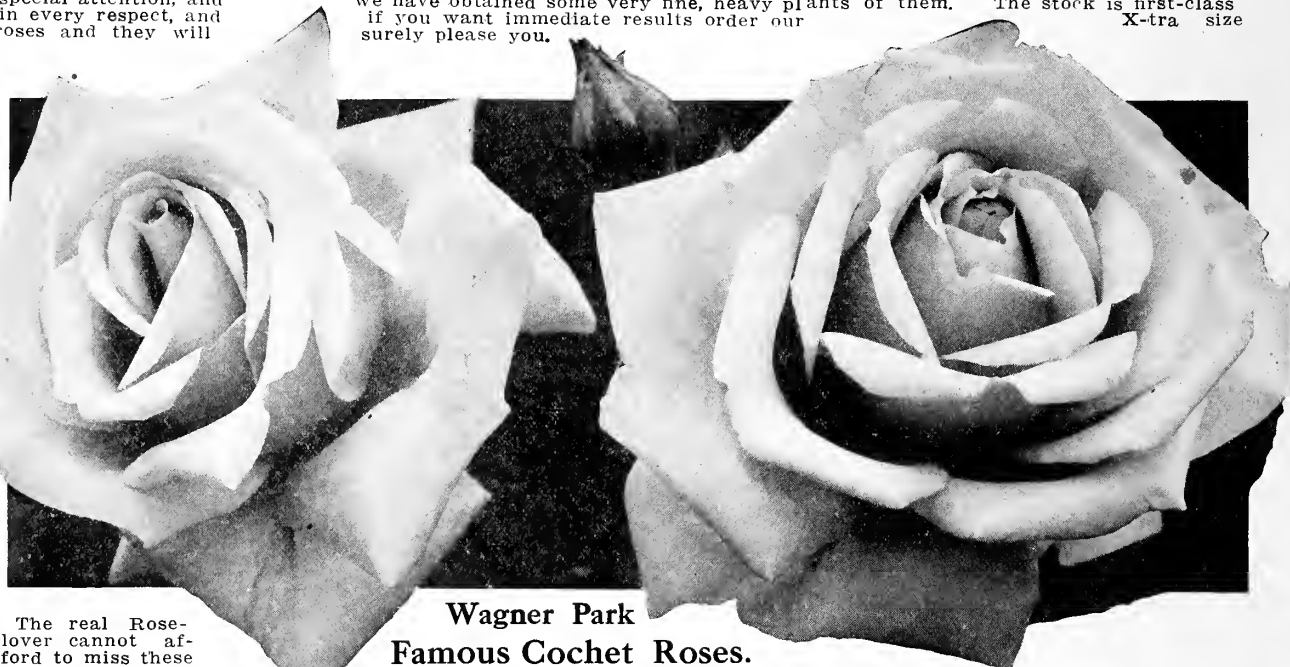

WINTER PROTECTION. Do not cover your plants too soon; a nip of frost will not hurt them, but will help to ripen and mature them. Such materials as leaves, hay, straw, or cedar boughs, etc., will afford excellent protection. A few shovelfuls of earth will also be of great benefit. In the spring wait until the weather is settled before uncovering.

WAGNER PARK FLOWERS

X-tra Size Roses.

Where you see the "X" you will find one of the choicest varieties and in extra large size plants. WAGNER PARK ROSES grow to perfection every where, but special attention is called to our Extra large size plants which are marked with an "X" preceding the name, indicating the quality of the largest size. These varieties have been given special attention, and in every respect, and we have obtained some very fine, heavy plants of them. The stock is first-class roses and they will if you want immediate results order our X-tra size surely please you.

**Wagner Park
Famous Cochet Roses.**

The real Rose-lover cannot afford to miss these particularly famous Cochet Rose. The three varieties we offer are

No Matter What Roses You Have, These Should be in Your Collection.

not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities without protection, except the extreme North, where protection and mulching is very beneficial.

X MAMAN COCHET PINK. (See colored illustration front cover.)

A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful roses grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety. Very free to bloom, even as a pot plant for the house. 1-yr. size, 15 cents; 2-yr. size, 35 cents; X-tra size, 50c.

X MAMAN COCHET RED.

An exceedingly beautiful and splendid Rose for general planting. Very vigorous and healthy, throwing up strong shoots, and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are very large, fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety. 1-yr. size, 15 cents; 2-yr. size, 35 cents; X-tra size, 50 cents.

X MAMAN COCHET WHITE.

A remarkably free blooming variety equal to MAMAN COCHET in every particular. The blossoms are large, fully double, and a pure white in color, very fragrant, and should be included in every Rose collection. 1-year. size, 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.

Special Offer "A", Cochet Roses.

{	1 Cochet Pink.	1 year, 40 cts., prepaid.
	1 Cochet Red.	2 year, \$1.00, prepaid.
	1 Cochet White.	X-tra large, \$1.25, prepaid.

Two Most Marvelous Roses in Cultivation.

X Gruss an Teplitz. (Crimson Hermosa) (See colored illustration on front cover.) This grand Rose has proven one of the best and most valuable hardy crimson everblooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the very brightest colored Rose we know. Flowers large, full, and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents. (The illustration does not do justice to this variety.)

X White American Beauty. (Frau Karl Druschki.) This brilliant white type Rose has become renowned as the very highest type of its class and the best snow-white rose ever introduced. It is an extraordinarily strong grower, branching freely and has the vigor and hardness of an oak. Large, heavy foliage and magnificent flowers that are nothing less than glorious, immense in size and produced with great freedom on long, stiff stems. The color is marvelously white without a tinge of yellow any other shade. Hardy everywhere. 1-yr., 25c.; 2-yr., 40c; X-tra size 60c.

Special Offer "B1", Marvelous Roses.

{	1 White American Beauty	1 year 35 cts., prepaid.
	2 year 65 cts., prepaid.	
	1 Gruss an Teplitz.	X-tra large, \$1.00, prepaid.

Special Offer "C1", Cochet and Marvelous Roses.

{	1 White American Beauty	1 year 60 cts., prepaid.
	1 Gruss an Teplitz	2 year \$1.50, prepaid.
	3 Maman Cochet (1 each color)	X-tra large, \$2.25 prepaid

WAGNER PARK FLOWERS

Wagner Park Famous Roses

Three Glorious Ever-Blooming Roses —La France Pink, White and Red.

The most deliciously fragrant, hardy, everblooming Roses. Makes no difference where you live, they are hardy; will grow and thrive vigorously. Blossoms are superb and produced on long, erect stems. Constantly in bloom and should be in every garden.

X La France. (Pink) This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, color, fine peach blossoms, elegantly clouded with rosy pink. 1-year size, 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.

X La France. (Red) Color, lovely deep rose, a constant bloomer and recommended as one of the sweetest and best Roses for general planting. 1-year size, 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.

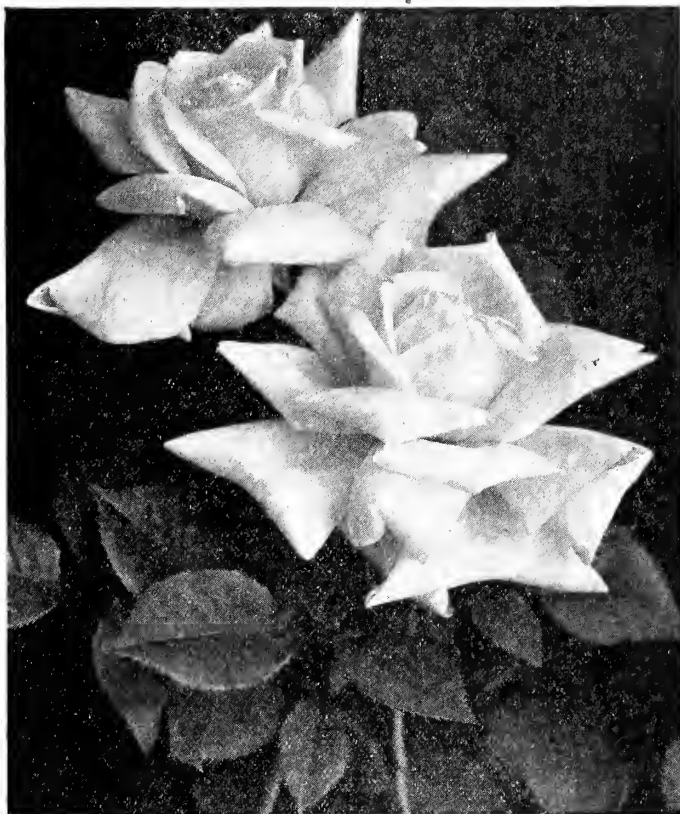

X La France. (White) A seedling of pink La France and quite as beautiful; extra large, full, deep, pearly white flowers, delicately shaded with soft rose. 1-year size, 15 cents; 2-year size, 35 cents; X-tra size, 50 cents.

Special Offer "E" LaFrance Roses

La France—Pink

Four Extra Choice Roses, Everblooming, Hardy In All Localities.

- X Kaiserin Augusta Victoria.** An unsurpassed Rose of great beauty, this exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously throughout the season glorious, fully double flowers with a delicious, Magnolia-like fragrance. Color is a most delicate, creamy white. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 60 cents.
- X Mad. Abel Chatenay.** This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowers of good size, very double, with slightly recurved petals; elegant buds, color, rosy carmine, shaded salmon. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.
- X Madam Caroline Testout.** Color is brilliant, satiny rose, deepening in center to clear red. It is of excellent substance and keeps its color well. 1-year, 15 cents; 2-year, 35 cents, 60 cents.
- X President Taft.** This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are very showy and valuable for cutting. The plants are free from disease, which is another point claimed in its favor. 1-yr., 20 cents; 2-yr., 40 cents; X-tra size, 60 cents.

Special Offer "D-1" Extra Choice Roses

| 1 Mad. C. Testout | X-tra large size, \$2.00 prepaid. |
| 1 Pres. Taft | |

Kaiserin Augusta Victoria

WAGNER PARK FLOWERS

Hardy Everblooming Roses. Hybrid Teas.

Our One-year Size of Most Varieties Will Bloom Profusely the First Season.

This is a class of roses for general planting everywhere. The great advantage claimed for them is that combine the hardiness of the Hybrid Perpetual with the constant blooming qualities and delicious fragrance of the Tea Roses. These varieties we list include only the choicest, and your surprise will come from the quantities of beautiful blossoms they produce; excellent for Southern and Pacific Coast gardens. Hardy in all localities and without protection, except in the Northern States, where a mulch and protection will be necessary.

X Anna Marie Soupert. Very large, full flower, on good, stiff stems; color, bright lake red, very fragrant. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

X Burbank. The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is adapted for both out-door planting or for blooming pots. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

X Bessie Brown. Full, deep flowers; color pure white, clouded flesh pink. 1-year, 15 cents; X-tra size, 50 cents.

X British Queen. The finest white Rose, it is said in existence. 1-year 20 cents; X-tra size 50c.

X Countess of Shaftsbury. Bright, silvery-carmine, mottled and flushed pale shell-pink at the edges of the petals. 1-year, 20 cents; X-tra size, 60 cents.

X Champion of the World. The name describes it, for of its color it is surely a champion. It flowers continuously the whole season through. Bears in greatest profusion flowers of fine size, full, deep and double; color lovely clear, deep pink. If you want a sturdy, substantial, free-blooming Rose, plant a Champion of the World. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

X Ecarlate. Produces only medium-sized flowers, but is such a brilliant scarlet in color and such an incessant bloomer that we count it among the best bedding varieties. 1-year, 20 cents; X-tra size, 60 cents.

X Edward Mawley. Beautiful rich crimson, touched with maroon, with a delightful velvety gloss on the petals. 1-year, 20 cents; X-tra size, 60 cents.

Hermosa

X Etoile de France. The flowers are very large and borne on good, long stiff stems; color a shade of clear red crimson-velvet; very fragrant. 1-year 15c; X-tra size 50 cents.

X Gruss an Teplitz. For description and prices, see page 4.
X General MacArthur. Dazzling crimson scarlet. One of the grandest red Roses ever offered. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

X Helen Gould. This is probably the most beautiful and satisfactory Rose for general planting ever introduced in America. The color is a warm, rosy crimson. One of very best Roses for winter blooming. 1-year, 15 cents; 2-year 35 cents; X-tra size, 50 cents.

X Gladys Harkness. A fine free-blooming Rose with flowers like hybrid perpetual, Salmon pink. 1-year, 15 cents. X-tra size, 50 cents.

X Hermosa. Deep pink. An old-time favorite, and one of the showiest. A Rose that always gives unqualified satisfaction. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

X Jonikeer L. Mock. Resembles somewhat Mad. Caroline Test-out. The flowers are borne on strong, straight stems, and are very double. Color, light red, shaded pink. 1-year, 20 cents; X-tra size, 50 cents.

Killarney Brilliant. A most beautiful, large brilliant pink. Very fragrant. 1-year, 25 cents; 2-year, 50c.

Killarney, Double White. An excellent Rose of good habit and growth. Waxy-white flowers on good stems. 1-year, 20 cents; 2-year, 35 cents.

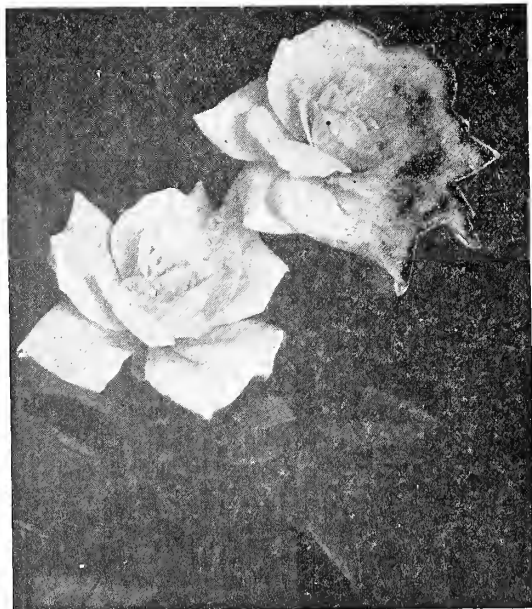

X Kaiserin Augusta Victoria. Color is a most delicate, creamy white. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 60 cents.

X La France Pink, Red, and White. For description and prices, page 5

X Laurent Carle. Brilliant carmine, very large and of perfect form and very free-flowering. 1-year, 25c; X-tra size 75c.

X Malmison. Beautiful, rich, creamy flesh; distinctly and elegantly shaded, clear peachy red, with a rose center. 1-year, 15 cents; X-tra size, 50 cents.

X Mad. Abel Chatenay. A grand bedding rose, color, rosy carmine, shaded salmon. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.

Hybrid Tea Roses.

- X **Mad. Jules Grolez.** This Rose has been thoroughly tested by us and we have formed such a high opinion of it that we have grown an unusually large stock in order to meet the great demand there will be for it. This magnificent Rose is exceedingly free blooming, with very large, finely formed flowers. The color is a distinct and charming shade of cherry red. Strong-growing variety, as hardy as the Hybrid Perpetuals, free blooming and in every way a splendid garden Rose. 1-year, 20 cents; X-tra size, 60 cents.
- X **Mad. Schwaller.** A remarkable Rose, having the strength and style of the Hybrid Perpetual and the free-flowering qualities of the Tea; color, deep rosy flesh, deepening on edge of petals. 1-year, 15c; X-tra size, 50c.
- Marquise De Sinety.** The buds are rich yellow-ochre, suffused with carmine; the expanded flower, rich golden-yellow shaded bright rosy-red, delightfully fragrant. 1-year, 35 cents; 2-year, 75 cents.
- X **Mme. Segond Weber.** The form of the petals peculiarly beautiful; color salmon-flesh. 1-year, 20 cents; X-tra size, 60 cents.
- X **Mrs. D'Graw.** Bright coral pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; quite hardy, strongly resembles the Champion of the World. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.
- X **Madam Caroline Testout.** Brilliant, satiny rose, deepening in center to clear red. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 60 cents.
- X **Mrs. Aaron Ward.** A fine, strong grower and free of bloom. Buds are deeply cupped, the open flowers delightfully attractive. Color, deep golden orange, shading outward to creamy yellow. 1-year, 15 cents; X-tra size, 50 cents.
- X **Mrs. B. R. Cant.** A healthy, vigorous grower, throwing up strong shoots and producing great masses of splendid roses the whole growing season. Flowers are extra large, perfectly double and deliciously sweet. Color, bright rose red, elegantly shaded and exceedingly beautiful. One of the best Everblooming bedding Roses grown. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.
- X **President Taft.** Flowers sweet-scented, and are of deep pink color. 1-year, 20 cents; 2-year 40 cents; X-tra size, 60 cents.

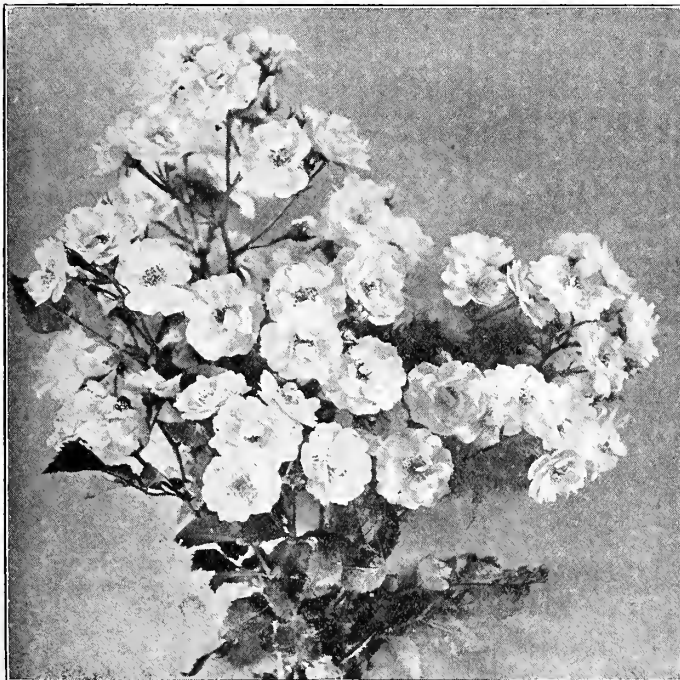

Wellesley

- X **Richmond.** Bright, glowing scarlet crimson, exceedingly bright and beautiful. 1-year size, 20 cents; 2-year size, 40 cents; X-tra size, 60 cents.
- X **Radiance.** Color a brilliant rosy-carmine displaying beautiful opaline-pink tints in the open flower. 1-year, 20 cents; X-tra size, 60 cents.
- X **Sunburst.** Orange-copper a golden-orange and golden-yellow, all intense shades, giving an extremely brilliant effect. 1-year, 25 cents; X-tra size, 60 cents.
- X **Wellesley.** This splendid rose is a seedling from Liberty crossed with Bridesmaid; color, bright, clear rose pink, reverse of petals silver rose. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.
- X **Wm. R. Smith.** Softly curled, waxen finished petals; creamy white, flesh pink at tips and buff at base. 1-year, 15 cents; X-tra size, 50

Hardy Everblooming Dwarf Bedding Roses.

Used extensively for edging beds of other roses. They are compact, bushy and produce immense trusses of semi-double flowers from spring until frost.

- X **Annie Muller.** Called by some Pink Baby Rambler. Color bright pink. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.
- X **Crimson Baby Rambler.** This variety has the same bright crimson color as the climbing form. Can also be grown in pots with good results. 1-year, 15c; 2-year, 25c; X-tra size, 40c.
- X **Catherine Zeimet.** A continuous blooming White Rose of great merit, fine for bedding. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.
- X **Erna Teschendorff.** The much-heralded variety from Holland. Color, brilliant dark carmine-red, and is darker than Red Baby Rambler. Very free flowering. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.
- X **White Baby Rambler.** This is a true white Baby Rambler. Flowers borne in great clusters. 1-year, 15c; 2-year, 25c; X-tra size, 35c.
- X **Jean D'Arc.** This novelty is a seedling of Mad. N. Levavasseur and flowers as freely as its parents. The leaves are small, dark green. Flower trusses very large and in color it is a pure milk white. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.
- Mrs. W. Cutbush.** A new dwarf everblooming rose. Color light pink, yellowish center. 1-year, 20 cents; 2-year, 40 cents.
- Madam Taft.** Color dark red and blooms in large clusters. 1-year, 20 cts.; 2-year, 40 cts.
- X **The Orleans Rose.** A splendid rose for bedding. Flowers very large and are of a beautiful geranium red, shaded clear rose. 1-year, 20 cents; 2-year, 40 cents; X-tra size, 60 cents.

Spray Blossoms of Jean D'Arc.

WAGNER PARK FLOWERS

Hybrid Perpetual Roses

MOST VALUABLE CLASS BECAUSE OF THEIR LARGE, SWEET, BRILLIANT COLORED FLOWERS.

The Hybrid Perpetual Roses are so vigorous and hardy they may be planted in all localities and remain out over winter without any protection. The flowers of the Hybrid Perpetuals are large, handsome, and practically all shades of red, crimson, pink, and white. They are the best class to plant, especially in the Northern States, owing to their hardiness. While they particularly need no protection, a good mulch for winter after the wood is well ripened will be very beneficial. While they are called Perpetual, they are not constant bloomers, except those so noted, but they produce the finest and most exquisite flowers of all hardy Roses. We list only the choicest varieties and in large two-year-old plants and X-tra large sizes.

Magna Charta

- X **Boule De Nieve.** A very hardy, pure white variety medium size; very full, double flowers of delightful fragrance. 2 year, 35 cents; X-tra size, 60 cents.
- X **Captain Christy.** Delicate flesh-tinted white; a large, full flower; very free-flowering. 2 year 35 cents; X-tra size, 60 cents.
- X **Captain Hayward.** Bright crimson-carmine; an entirely distinct shade of color, of perfect form and very sweet. 2 year 35 cents; X-tra size, 60 cents.
- X **Chestnut Hybrid.** This rose is growing in favor as it becomes known. A most beautiful deep rose of red. Large 2-year, 35 cents; X-tra size, 50 cents.
- X **Dinsmore.** A continuous bloomer of dwarf, compact habit. Flowers are large and very double, of a beautiful deep crimson shade. Large 2-year, 35 cents; X-tra size, 50 cents.
- X **Gen. Jacqueminot.** Too well known to require a lengthy description. It still holds first place among the dark red roses, and is one of the most satisfactory to grow. A rich, crimson scarlet. Large 2-year, 40 cents; X-tra size, 60 cents.
- X **Gloire de Margottin.** Brilliant, scarlet. 2-year, 40 cents; X-tra size, 60 cents.
- X **Frau Karl Druschki.** Color fine snow-white, free from any yellow or rose tints. Large 2-year, 40 cents; X-tra size, 60 cents.
- X **Hugh Dickson.** Color brilliant crimson, shaded scarlet; good size and fine form; petals smooth, slightly cupped and reflexed. Large 2-year, 40 cents; X-tra size, 60 cents.
- X **Jules Margottin.** Bright carmine, cup-shaped flowers of fine form and long, erect stems. Large 2-year, 30 cents; X-tra size, 40 cents.
- X **J. B. Clark.** An intense deep scarlet-rose, shaded dark crimson. A wonderfully strong and upright grower, exceedingly vigorous. 2-year, 40 cents; X-tra size, 60 cents.
- X **Louis Van Houtte.** A rich crimson, heavily shaded with maroon and beautifully formed, double flowers. Large 2-year, 30 cents; X-tra size, 50 cents.
- X **Magna Charta.** A general favorite, prized on account of its strong upright, growth and bright, healthy foliage, as well as for its magnificent bloom. The color is a beautiful, bright pink, suffused with carmine. Large, 2-year, 40 cents; X-tra size, 60 cents.
- X **Madame Chas. Wood.** A true perpetual bloomer. Begins to bloom almost as soon as planted and continues throughout the season. The flowers are extra large, very double, and full and quite fragrant. Color, a bright, fiery scarlet. Large, 2-year, 25 cents; X-tra size, 50 cents.

- X **Mrs. J. H. Laing.** A grand sort, with satiny flowers of soft, delicate pink. Large, 2-year, 40 cents; X-tra size, 60 cents.
- X **Madame Masson.** An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. Large, 2-year, 35 cents; X-tra size, 50 cents.
- X **Madame Plantier.** The iron clad white cemetery rose; bears hundreds of beautiful, snowy-white, fragrant blossoms. Large 2-year, 30 cents; X-tra size, 40 cents.
- X **Marshall P. Wilder.** Bright cherry-carmine, very fragrant; one of the freest bloomers. Large 2-year, 35 cents; X-tra size, 50 cents.
- X **Paul Neyron.** One of the finest hardy roses ever grown. It blooms unceasingly from June to November on uniformly long, stiff, thornless stems, with immense cup-shaped flowers. Color, a bright rose pink. Large 2-year, 40 cents; X-tra size, 60 cents.
- X **Prince Camille de Rohan.** One of the darkest colored Roses; very dark velvety crimson, changing to intense maroon. A very prolific bloomer, and flowers are of excellent form and size. Large 2-year, 35 cents; X-tra size, 50 cents.
- X **Ulrich Brunner.** Flowers good size and fine form, with shell-shaped petals. One of the most abundant bloomers; color, cherry red. Large 2-year, 40 cents; X-tra size, 60 cents.

Moss Roses.

Our Moss Roses are among the hardiest of all Roses grown. They are very vigorous in growth and much admired on account of their bright, healthy foliage.

The buds have a moss-like covering, but open into most beautiful, full double flowers. Do not fail to include them in your rose order.

- X **Blanche Moreau.** Pure white. Field grown only. Large 2-year, 35 cents; X-tra size, 50 cents.
- X **Henri Martin.** Rich, glossy pink tinged with crimson. Very fine and choice variety. 1-year, 15 cents; large 2-year, 35 cents; X-tra size, 50 cents.

Special Offer "J"—Hybrid Perpetual Roses.

Owing to the low price of this collection, the selection of varieties must be left to us. All labeled true to name.

- 4 Choice Rose Plants, large 2-year size, \$1.00; in X-tra size, \$1.75.
- 9 Choice Rose Plants, large 2-year size, \$2.00; in X-tra size, \$3.50.

WAGNER PARK FLOWERS

The Famous Wagner Tea Roses. Ever Blooming.

For Southern and Pacific Coast States.

This class of Roses is celebrated the world over for their delicious fragrance and the exquisite forms and rich, charming tints of their beautiful flowers. They are without question the most profuse of all, being in flower throughout the entire growing season, especially grown for the Southern and Pacific Coast States, although they may be planted in the Northern States but must be protected over winter. Our list comprises only the best and choicest varieties.

X Apricot. (See cut) An old-time favorite, very vigorous grower and a most free bloomer, and quite fragrant. The flowers are of elegant fragrance and apricot yellow, very rare among roses. 1-year size, 10 cents; 2-year size, 25 cents; X-tra size, 35 cents.

X Clothilde Soupert. This is the freest blooming of all Roses. The flowers of large size, are very double, pearly white; center pink. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 40 cents.

X Dutchess de Brabant. One of the finest Roses we have for general planting, color is clear pink; makes splendid buds and large double flowers; exceedingly beautiful. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 35 cents.

X Etoile de Lyon. A rich golden-yellow; a strong, healthy and vigorous grower; immense bloomer, bearing flowers and buds early and late. Remarkably hardy. 1-year, 15 cents; X-tra size, 50 cents.

Marie Lambert. (White Hermosa) Color, rich, creamy white, elegantly shaded with soft rosy blush. 1-year, 15 cents; 2-year, 30 cents.

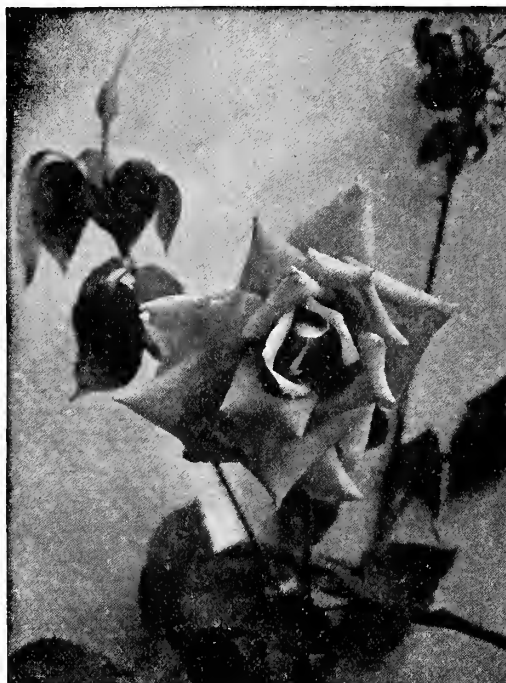

X Maman Cochet Pink. See description and prices, page 4.

X Maman Cochet White. See description and prices page 4.

X Lady Hillingdon. A beautiful Tea Rose that has created quite a sensation. The blooms are an exquisite shape and color a deep apricot-yellow, shading to orange. Deliciously fragrant. 1-year, 20 cents; 2 year, 35 cents; X-tra size, 50 cents.

X Melody. A lovely shade of yellow, deepening to apricot in the center, perfect in form and very double. It is one of the handsomest yellow Roses. 1 year, 20 cents each; 2 year, 40 cents each; X-tra size, 60 cents.

Souv. De Pierre Notting. Color, rich orange yellow, dashed and bordered with soft carmine rose. 1-year size, 15 cents; 2-year, 30 cents.

Apricot

Perle Des Jardins. Beautiful deep yellow; deliciously sweet. 1-year size, 20 cents; 2-year size, 40 cents.

Safrano. Saffron yellow flowers. 1-year size, 20 cents.

Everblooming Climbing Roses.

Especially Desirable for Southern and Pacific Coast States.

This is a most desirable class to plant for they produce such an abundance of the most beautiful blossoms, many of which have flowers as large and handsome as the bedding or bush roses. They are rapid growers and bloom as freely as the Tea Rose, and when once established, require practically no care. If planted in Northern States, protection must be given them.

Climbing Cecile Brunner is a rampant climber, but otherwise an exact counterpart of the popular Cecile Brunner; color, rich, rosy pink on a creamy white ground. 1-year. 15 cents; 2-year, 25 cents.

X Climbing Clothilde Soupert. One of the very finest varieties, unequalled for quick and abundant bloom and healthy, vigorous growth. Flowers perfectly double; rich, creamy white, sometimes tinted with blush. Not subject to insects or disease. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 40 cents.

Climbing Malmaison. Flowers lovely creamy flesh with bright rose center, elegantly shaded. 1-year, 15 cents; 2-year, 30 cents.

X Mary Washington. A pure white, constant blooming Rose; blooms in clusters. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 40 cents.

Marechal Neil. The finest, bright golden yellow. 1-year, 25 cents; 2-years, 40 cents.

Riene Marie Henriette. A rampant climber; color, bright red. 1-year, 15 cents; 2-year; 30 cents.

Lamarque. Large buds, beautiful and sweet scented, pale canary yellow, almost white. One of the best climbing Tea Roses. 1-year, 15 cents; 2-year, 30 cts.

WAGNER PARK FLOWERS

Need no protection even in the coldest climate.

Hardy Climbing Roses

Very few vines give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens, and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction.

X American Pillar. Brilliant carmine rose, with a slight cream variegation and yellow stamens at center. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

X Climbing American Beauty. This new climbing form of the famous Rose so long the American favorite, is as lovely and fragrant as the bush form. The hardy climber blood with which it is crossed, gives healthy, perfect foliage and a strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. 1-year, 20 cents; 2-year, 50 cents; X-tra size 75 cts.

X Baltimore Belle. Pale blush, variegated carmine-rose and white; very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom; one of the best Climbing Roses. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 35c.

X Crimson Rambler. The most popular Climbing Rose; clusters of the brightest crimson, semi-double flowers. Large 2-year, 30 cents; X-tra size, 50 cts.

X Dorothy Perkins. (See colored illustration front cover.) A Climbing Rose, which is strong, vigorous growth and general habit very closely approaches the popular Crimson Rambler; its flowers, which, are borne in clusters, are of a beautiful shell pink, full, double, and of large size for a Cluster Rose, and deliciously scented. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

X White Dorothy. Brilliant green foliage of splendid texture and free from mildew, flowers are a glistening white and borne in great trusses. 1-year, 20 cents; 2-year, 35 cents; X-tra size, 60 cents.

X Excelsa. A splendid Climbing Rose, remarkable in many ways but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are very double and borne in trusses of thirty to forty. 1-year, 20 cents; 2-year, 35 cents; X-tra size, 60 cents.

X Empress of China. Soft dark red, changing to light pink, like an apple blossom. Splendid hardy Climbing Rose. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 40 cents.

Flower of Fairfield. The Everblooming Crimson Rambler; brilliant, crimson clusters of flowers. 1-year, 20 cents; 2-year, 40 cents.

X Lady Gay. A seedling of the popular Crimson Rambler, which it closely resembles in habit and vigor of growth, but with flowers of a delicate cherry-pink, fading to a soft-tinted white. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

Miss G. Mesman (Climbing Baby Rambler.) A grand acquisition to the list of Climbers. A strong grower and produces large, compact clusters of bright carmine flowers continuously from June until frost. An easy grower and very valuable for porches, arches, etc. Large 2-year old plants, 50 cents.

X Philadelphia Rambler. Flowers produced in grand clusters; pure deep crimson; brighter than any of this class, and holds color to the last; handsome foliage; blooms early and bountifully. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50 cents.

X Prairie Queen. An old standard variety, and one that will be popular. No collection of hardy Climbing Roses is complete without it. Bright, rosy red, large, compact, and globular flowers. 1-year, 20 cents; 2-year, 35 cents; X-tra size, 50 cents.

Velichenblau. (Blue Climbing Rose.) It has always been the florist's ideal to cultivate a blue rose, and we are now in a position to offer such a variety. It has glossy green foliage, a strong grower and producing steel blue flowers. 1-year, 20 cents; 2-year, 40 cents.

Russell's Cottage. Dark velvety crimson; very double and full; profuse bloomed. 1-year, 15 cents; 2-year, 30 cents.

X Tausendschoen (Thousand Beauties) Imagine a luxuriant Climbing Rose literally covered with thousands of bright blossoms. Colors of every imaginable shade, from white to deep pink. A hardy vigorous grower with few thorns and handsome foliage. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 60 cents.

William C. Egan. Splendid pink flowers. A much-sought-for Rose; used for pillars and wherever an extremely hardy Rose is wanted. Fine for hedges. 1-year, 20 cents; 2-year, 40 cents.

Special Cover Collection. The Five Choicest Roses In Cultivation.

WAGNER PARK FLOWERS

Rugosa Roses.

Special Attention Is Called to Our Rugosa Rubra.

The Rugosa Roses are especially suited for our Northern climate, owing to their extreme hardiness and sturdy growths. The foliage of these Roses is most beautiful, being a shining, rich, dark green and oddly wrinkled. The blossoms are usually single, but very large and showy, and followed in autumn with a profusion of beautiful orange-red or crimson fruits. The plants do well for seashore planting, mountains, or most anywhere. Excellent for hedges or for planting among shrubbery or hardy borders.

Conrad Meyer. Its handsome flowers are of a clear, silvery pink color and are deliciously fragrant. Flowers are produced freely and continuously from early summer till fall. 2 year, 35c; X-tra size, 50c.

X Mad, Georges Bruant. Semi-double, pure white, in showy clusters. Needs slight protection against zero weather. 2-year, 35 cents; X-tra size, 50 cents.

X New Century. A magnificent rose, flowers large and perfectly double. Color, flesh pink with bright red center, petals bordered creamy white. 2-year, 35 cents; X-tra size, 50 cents.

X Rugosa Alba. Single pure white flowers, highly scented, followed by pretty berries. 2-year, 35 cents; X-tra size, 50 cents.

X Rugosa Rubra. Foliage shiny bright green, flowers deep rose, produced in fine, large clusters. Beautiful bright red berries in autumn. Excellent for planting on the lawn with shrubbery or in groups, or used for hedges. Large 2-year, 30 cents; \$3.00 per dozen. 3-year, 40 cents, \$4.00 per dozen. X-tra size, 60 cents; \$6.00 per dozen.

X Sir Thomas Lipton. We consider it, without exception, the best double white rose in its class; beautiful in foliage; early and constant in bloom. 2-year, 35 cents; X-tra size, 50 cents.

Wichuraiana or Memorial Roses.

The most suitable and satisfactory Roses one can get for covering rough ground, rocks, or stumps. They will climb if trained, or if left alone they creep along the ground as closely as an ivy and make a dense mat of shining dark green foliage.

Aviateur Bleriot. Saffron-yellow with golden-yellow center; flower in clusters. 1-year, 20; 2-year 40c.

Hiawatha. There is no other rose so brilliant as the Hiawatha. It must be seen to be appreciated. Flowers are produced in long, pendulous sprays, frequently from 40 to 50 flowers on a spray. Color is brilliant, ruby-carmine, with a clear white eye and a mass of golden stamens. 1-year, 20c; 2-year, 50c.

X Manda's Triumph. This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double pure white flowers, two inches in diameter and sweetly scented. 1-year, 15 cents; 2-year, 30 cents; X-tra size, 50 cents.

Universal Favorite. Flowers very double, of a pretty rose color. 1-year, 20 cents; 2-year, 40 cents.

Memorial Rose. Pure shining white with bright golden center; large single blossoms, glossy green leaves. 1-year, 15 cents; 2-year, 35 cents; X-tra size, 50c.

MISCELLANEOUS ROSES.

X Rosa Multiflora. One of the handsomest and hardiest of all. Produces countless numbers of single, creamy white, fragrant flowers. The flowers are borne for a period of about six weeks and are succeeded by brilliant red berries. As a decorative winter plant it is as good and hardy as Berberis Thunbergi. Excellent for planting among shrubbery, for hedges, etc. 2-year, 25 cents; X-tra size, 50 cents.

X Rosa Setigera. The Prairie Rose. It is of rapid growth, with large, clean foliage. The single flowers of deep rose are produced in masses throughout late June and July. 1-year, 15 cents; 2-year, 25 cents; X-tra size, 50 cents.

Rosa Rugosa Rubra

Four Choice Tree Roses.

Roses in tree form are very showy and as they occupy but very little ground space, may be planted among other bush varieties or used along walks, etc., when they produce a very fine effect. We offer only the best and most tried varieties.

Frau Karl Druschki. This is an ideal variety, blossoms pure white and is constantly in bloom; 75 cents each; extra select trees, \$1.00 each.

Crimson Baby Rambler. The continuous bloom and perfect hardiness has made it very popular. Price, 75 cents each; extra select trees, \$1.00 each.

Gruss an Teplitz. One of the reddest of roses, fragrant and free blooming, very fine. Prices, 75 cents each; select trees, \$1.00 each.

Magna Charta. A great favorite among roses. Color, a beautiful bright pink, suffused with carmine. Price, 75 cents each; extra select trees; \$1.00 each.

Special Offer "M"—Tree Roses.

One each of the four varieties, \$2.50.

One each of the four select trees, \$3.50.

WAGNER PARK FLOWERS

Hardy Plants. (Herbaceous Perennials.)

Plant your Borders with Hardy Flowers—Note the Beautiful effect of this Picture.

The Garden of Hardy Flowers is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from month to month, with new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the old-time favorites and some of the noblest plants that have been dear to our Grandmothers' garden, famous in song and story—a fragrant memory of gay sweetness. Hardy Flowers even defy the "melancholy days," for the autumn perennials—the cheerful asters, the dainty Michelmas Daisies, the many new varieties of Phlox of myriad pastel tints—less lovely than their brilliant predecessors. Even after frost there are the gay little hardy chrysanthemums, the "pompon" of Grandmother's day. And when winter winds have whipped the last blossoms from the stalks, the souvenir of the brilliant procession of lavish bloom lingers to set agog anticipation of "next year." For "next year" the Wagner Hardy Flowers will "come back," richer, more interesting than ever, like charming friends.

And that's the beauty of it! A Wagner Hardy Border or group of Wagner's Perennials is a permanent affair. Once properly planted they require little care for years. If the most effective and most lovable flowers were not found among the perennials, their splendid faculty for taking care of themselves would give them a place in every good garden, in every "yard."

Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots or Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country.

SPECIAL VARIETIES SUITABLE FOR SHADY PLACES. Achillea, Eupodium, Anemones, Aquilegias, Aralia, Asters, Bocconia, Baptisa, Campanulas, Coreopsis, Chrysanthemums, Shasta Daisies, Delphinium, Digitalis, Funkias, Hemerocallis, Hibiscus, Iris all varieties, Lily of the Valley, (Convallaria), Lychnis, Monarda, Rudbeckias, Papaver (Poppies), Physostegia, Pyrethrum, Sedum, Stokesia, Violets. All the above varieties will also thrive in sunny, open situations except Anemones, Campanulas, Digitalis, Lily of the Valley, and Violets.

SPECIAL VARIETIES SUITABLE FOR HOT AND DRY PLACES. Asters, Boltonia, Coreopsis, Cassia, Shasta Daisies, Gaillardia, Eulalia (Hardy Grasses), Hibiscus, Hollyhocks, Helianthus, Hardy Pinks, Liatris, Monarda, Phlox, Pyrethrum, Rudbeckias, Sedum, Stokesia, Tritoma, and Yuccas. The above varieties will also thrive in partial shade. Other varieties not classified above may be used in general plantings.

CULTURAL INSTRUCTIONS

In reference to the cultivation of hardy plants, take care to start right. Remember that the plants are to stand undisturbed for some time, and that they may flourish, spade the ground deep and dig in a liberal supply of well rotted manure. Do not plant too near or under trees, except in the case of certain varieties, which enjoy partial shade and then be careful not to let the tree's roots impoverish the soil.

Plants, like mankind, cannot endure too much hardship. When they die there is certainly something that has caused it. A great many valuable plants that are sent out perish because of careless planting. No matter how careful we may be in lifting and packing the plants, some of them may be lost through neglect after being planted.

The secret of success is to have the soil well prepared so that when the plants are received they can be planted without delay. After the planting is done, careful attention should be given to watering, especially if the weather is warm and dry. All hardy plants should have a heavy mulching during the first winter, which is a great protection and assists the plants to become well established.

THE ABOVE INSTRUCTIONS APPLY ALSO TO SHRUBS, TREES, ETC.

Abbreviations: (D) Indicates height 6 to 15 inches; plant from 6 to 15 inches apart. (M) Indicates height 15 to 36 inches; plant from 12 to 30 inches apart. (T) Indicates height 36 to 60 inches; plant from 30 to 48 inches apart.

Special Note: We have growing on our grounds specimens of many varieties of Hardy Plants, ranging in price from 75 cents to \$5.00 each. Your order to Wagner Park Nurseries is carefully executed, whether it be for one poeny or a thousand perennials.

WAGNER PARK FLOWERS

Hardy Plants.

ACHILLEA Bonle de Neige (Ball of Snow.) (D) Hardy herbaceous plant of easy culture. They are of dwarf growth and excellent for edging to other tall growing perennials. The flowers of this variety are perfectly double and pure white. \$2.00 per dozen; \$10.00 per 100, **prepaid**; large plants, 20 cents per dozen; \$12.50 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Roseum. (D) June and July. Red flowers produced in profusion for a long season.

The Pearl. (See cut) (M) June to October. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers, perfectly double, and produced in large sprays. Fine for cutting.

ACONITUM Napellus. (M) June, July. Dark blue. Large plants, 25 cents; extra heavy, 50 cents.

Napellus Albus. (M) June, July. White flowers. Large plants, 25 cents; extra heavy, 50 cents.

AEGOPodium (Goutweed) **Variegata.** (D) A rapid growing plant, with neat variegated foliage, thriving in any soil; makes a fine border for a bed of shrubs or for covering waste or barren spots. \$1.00 per dozen; \$5.00 per 100, **prepaid**; extra heavy clumps, 25 cents; \$2.50 per dozen.

ANEMONES (See colored illustration rear cover.) (Japanese Wind Flower.) These beautiful plants are one of the most desirable of all hardy plants on account of their continuation of bloom from early August until cut down by hard frost. All are excellent for cutting, lasting in good condition for many days. They can be used in solid beds or clumps in the hardy border.

ANEMONES, Japonica Alba. Large white, very fine.

Whirlwind. Semi-double pure white, very fine. Prices all varieties, nice plants, \$1.00 per dozen; \$7.50 per 100, **prepaid**; large, heavy field plants, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

ANTHEMIS, Tinctoria. (Golden Marguerite.) (M) June to September. Golden yellow one to two inches; sun or shade. Border planting and cutting.

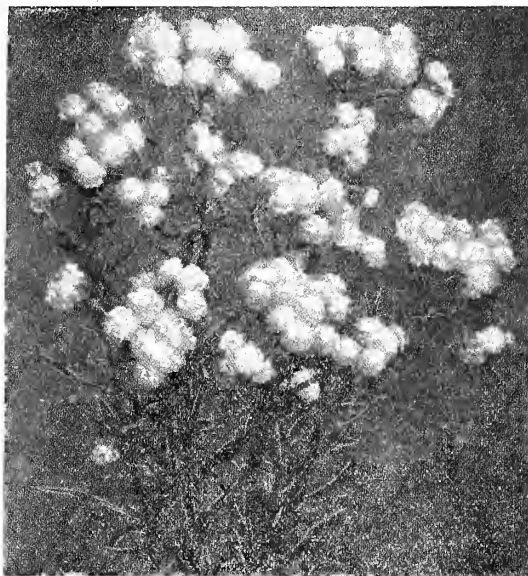

AQUILEGIAS. Aquilegias or Columbines are extremely beautiful and a collection of them should be a feature in every garden.

Canadensis (American Columbine). The native bright red and yellow variety, and one of the brightest.

Chrysanth. (M) May to July. The beautiful golden-spurred "Columbine." Flowers golden yellow.

Nivea grandiflora. A fine pure white sort.

Coerulea. (M) May and June. Bright blue flowers.

Achillea, The Pearl

Special Offer,

ANEMONE, Queen Charlotte.

Japanese Wind Flower

See Colored Illustration Rear Cover.

The most beautiful and effective of the fall flowering hardy plants. Their dark green growth and foliage make them attractive even when not in flower. The blossoms of these are a most beautiful La France pink, such a delicate shade is rarely seen among hardy plants. Nice thrifty well rooted young plants, 15c; large size plants 25c; extra heavy clumps, 50c each.

SPECIAL PRICES

12 Thrifty plants, \$1.00 sent prepaid; large size \$2.50; heavy clumps, \$5.00.

25 Thrifty plants, \$1.75 sent prepaid; large size \$3.75; heavy clumps, \$9.00.

100 Thrifty plants, \$6.00 sent prepaid; large size \$14.00; heavy clumps, \$32.50.

For other varieties and colors see list above.

Aster Tartarica

ARALIA Cordata. (M) Strikingly handsome foliage. Large plants, 35 cents; extra large, 50 cents.

ASTER Tartarica. (See cut of flowers) We consider this an exceptionally fine Aster for the hardy border, owing to its lateness to bloom. It has beautiful green foliage all summer, and in fall the plants are a mass of bright purple flowers, which are produced on long stems, and are fine for cutting. \$1.00 per dozen; \$6.00 per 100, **prepaid**; large clumps, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

BAPTISIA Australis. These plants have handsome, dark green, fern-like foliage; perfectly hardy, excellent for the hardy border or wild garden. The flowers are pea-shaped, and bright blue. The Baptisia withstands droughts exceedingly well. Large plants, 25 cents each; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

BOLTONIA Asteroides. (T) feet. effective; five to seven September, October. Pure white; very

Latisquama. (T) September, October. Pink, slightly tinged with lavender; four to six feet.

BOCCONIA Cordata. (T) A noble, hardy perennial, beautiful in foliage and flowers, and admirably adapted for planting in the shrubby borders, center of beds, and in bold groups in almost any position. Flowers in terminal panicles of a creamy-white color.

CASSIA Marilandica. (American Senna) (M) July to August. Blooms in large panicles of bright yellow. A very distinct and effective hardy plant.

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Plants. Hardy Chrysanthemums.

(See colored illustration inside front cover)

Many are the lovely flowers that give a succession of beauty throughout the summer day, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. The flowers of these, which are in the greatest profusion, will endure the early frost and early snow storms, and delight us with a show of blooms on such sunshiny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowning glory. We now have many new and improved varieties which will make a grand show either planted in clumps in the hardy flower bed or in groups among shrubbery. They are of the easiest culture and will grow in almost any soil. An occasional watering with liquid manure will be beneficial, giving more and better bloom. The hardy Chrysanthemum is especially recommended to inexperienced cultivators, for no class of flowers is easier to manage. Their blooming period is from August to November. Height 18 to 36 inches.

Globe d'Or. Golden yellow, a large, handsome, full flower.

Eagle De Or. Medium size, yellow flower, fully double and of fine form.

Rhoda. White, shaded pink; fine, large, fully-double flower.

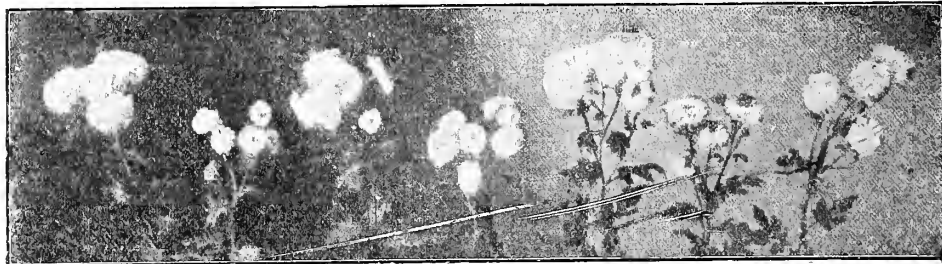

Nelly Bly. Light lilac pink, very fine; large, semi-double

Goldfinch. Heavy clusters of bloom, color gold and bronze.

Orange Beauty. Semi-double, orange-yellow center of petals shading to a deep orange; medium size flower.

Chinax. Large flower, light pink shaded to rose; very early and free flowering.

COREOPSIS. (See cut) *Lanceolata Grandiflora.* (D) June, July. One of the most popular hardy plants. The flowers are a rich golden-yellow, and invaluable for cutting; the main crop comes during the latter part of June, but it continues in bloom the entire summer and autumn.

Most Beautiful Fall Flowers—Hardy Chrysanthemums

Grandmother's Hardy Garden Mums (See Cut)

These are the old fashioned and reliable Chrysanthemums that were so highly prized in the garden corners and alongside the house of "grandmother's home."

We offer the **White, Pink, Red and Yellow** separate colors. 15 cents each, \$1.00 per dozen, **prepaid**. Large plants, 25 cents; \$2.50 per dozen; extra heavy, 50 cents; \$5.00 per dozen.

7 BEAUTIFUL, HARDY CHRYSANTHEMUMS

One Each of the Seven Varieties \$1.00 Prepaid.

See Colored Illustration inside Front Cover.

These seven varieties are novelties and are distinct, no two colors alike, each a decided gem and will give perfect satisfaction. They are all beautiful and an excellent addition to the list of Hardy Chrysanthemums.

President. Rich, reddish violet. Medium size flower, free bloomer, 15 cents. Large plants, 35 cts. **prepaid**.

Model of Perfection. Fine, pure white, of large size, free to bloom. 15 cts; large plants, 35 cts., **prepaid**.

Peachblow. Semi-double, yellow center, petals shaded from almost white to deep pink. 20 cents. Large plants, 40 cents, **prepaid**.

Little Beauty. Dwarf grower and usually comes into flower in August and continues until late fall; color white, suffused with rose pink; should be in every collection. 20 cents. Large plant, 50 cents, **prepaid**.

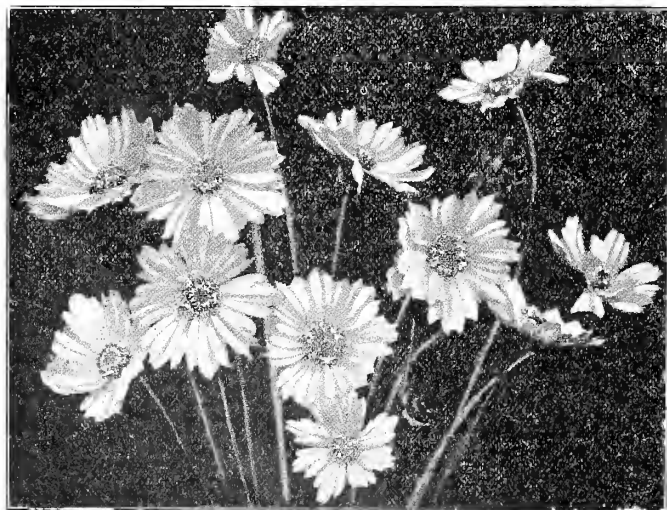

Hiawatha. Clusters of small but very beautiful bronzy-red flowers; very free blooming. 15 cents. Large plants, 35 cents, **prepaid**.

Matchless. Yellow striped with pink, large semi-double flowers, medium size flowers but free bloomer. 20 cents. Large plants, 40 cents, **prepaid**.

Superba. Large double full flowers; color deep rose pink, a beautiful variety and very free flowering. 20 cents. Large plants, 40 cents, **prepaid**.

Special Offer, \$2.50, Prepaid.

One each of the seven Beautiful Chrysanthemums in large heavy plants, only \$2.50. These plants will produce immediate effects.

Coreopsis Lanceolata

Special Wagner Shasta Daisies Offer.

See Illustration Rear Cover

These are universally popular for outdoor planting, and considering their many good qualities there is no cause for surprise to see them planted so extensively. The flowers are of the purest, glistening white, of enormous size and produced on long stiff wiry stems, which make them excellent for cutting purposes. Nice thrifty well rooted young plants, 10 cents each; large size, 25 cents each; extra heavy clumps, 50 cents each.

SPECIAL PRICES

12 Thrifty plants, \$1.00 sent prepaid; large size, \$2.00; heavy clumps, \$5.00.

25 Thrifty plants, \$1.75 sent prepaid; large size \$3.75; heavy clumps, \$9.00.

100 Thrifty plants, \$6.00 sent prepaid; large size, \$14.00; heavy clumps, \$32.50.

PRICES ALL VARIETIES on this page except where otherwise noted nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per. 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Plants. Herbaceous Perennials.

CAMPANULA. (Bluebells) A most elegant and useful species.

Carpatica. (D) June. This forms neat, compact tufts, covered with large, erect, blue flowers; useful as an edging, bedding or border plant.

Carpatica Alba. (D) June. Similar to above, but with pure white flowers.

Periscifolia. (M) June, July. Blue, salver-shaped flowers, on stems 1½ to 2 feet high.

Pyramidalis. (T) August, September. The most conspicuous of all Campanulas and an attractive plant for the herbaceous border. Salver-like blue flowers.

Calycanthemum. Blue flowers, very free.

Calycanthemum Alba. A white form of the above excellent grower.

DELPHINIUMS. (Perennial Larkspurs. As permanent subjects in the hardy flower garden, we have few plants more worthy of special attention than the Delphinium (Larkspurs.) For producing a striking display over a long season, they are probably unique. For general effect in groups or beds they are extremely valuable as a whole, but one is easily carried away on closer inspection by the exquisite beauty of their flowers. Indeed they have many points of excellence, any one of which alone should entitle them to popularity. But to appreciate their beauty one should see them growing, for it is almost impossible to convey anything like an adequate idea of their worth by mere description. The Delphinium of today is one of the most beautiful of all flowers. Blue flowers are too often absent from the hardy herbaceous borders and this is the time to rectify this state of things.

English. (See cut) This collection includes practically all shades of blue. We offer mixed colors, \$1.00 per dozen; \$7.00 per 100, **prepaid**. Large plants, 25 cents; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

Belladonna. (M) The freest and most continuous blooming of all, never being out of flower from the end of June until cut down by hard frost. The clear turquoise-blue of its flowers is not equalled for delicacy and beauty by any other flower.

Formosum. (M) June to August. The flowers are intense, deep blue, perhaps the most brilliant blue to be found in flowers freely produced on long spikes, and if the plants are cut back after flowering, they will bloom the second time in the fall.

Gold Medal Hybrids. This is an extra fine strain of large flowered hybrids. The plants are of strong, vigorous habit, with immense spikes of large flowers, mostly in fine shades of light blue.

Chinense. (Blue Butterfly). A distinct and neat variety, growing about 18 inches high, with fine feathery foliage, and producing of large blossoms of intense gentian-blue.

Album. The white-flowered form of the above.

ERYNGIUM Plenum. (M) July, September. Light steel blue flowers.

EULALIA. See Hardy Ornamental Grasses.

DIANTHUS, Barbatus. (Sweet William) (D) This fine old plant produces its flowers in great masses and are very lasting; also fine for cutting purposes. We offer them in the finest of mixed colors.

Latifolius Atrococcineus Fl. Pl. (Everblooming Hardy Carnations.) A beautiful summer bedding variety, producing masses of brilliant fiery crimson flowers throughout the entire season.

DICTAMNUS, Fraxinella. (M) June, July. Curious red flowers.

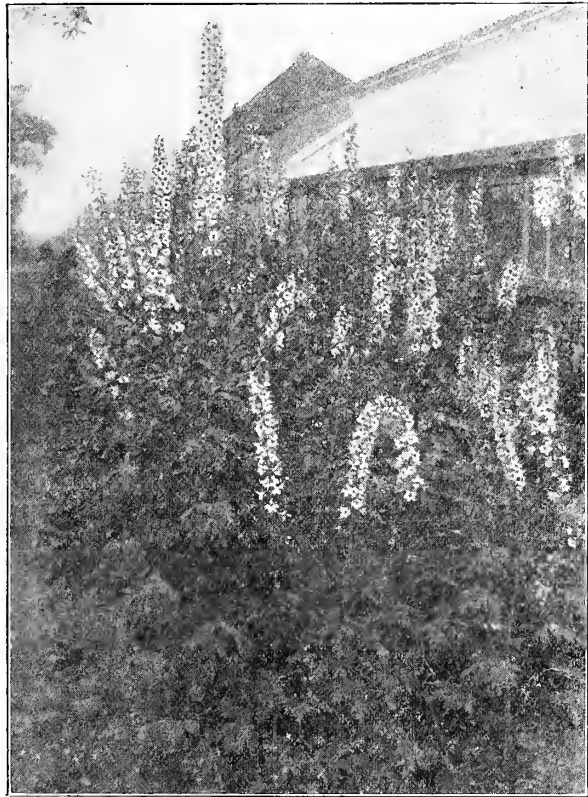

DIGITALIS. (Foxglove) These are among the most satisfactory of the early summer-flowering, hardy perennials, succeeding under almost all conditions, and with but trifling attention, will give a wealth of flowers; used extensively and with very good effect for naturalizing in shrubberies and other semi-shady situations.

Gloxiniaceflora. (M) July and August. This strain embraces a wide range of color, from pure white to deep pink.

Ambigua, or Grandiflora. Showy flowers of pale yellow, veined brown.

PRICES ALL VARIETIES on this page except where otherwise noted nice thrifty young stock well rooted. 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

Planting of English Larkspur—Delphinium

FUNKIA, Plantain Lily. (D) The Plantain Lilies are among the easiest plants to manage. Their broad massive foliage makes them attractive subjects for the border even when not in flower, and they deserve extensive cultivation.

FUNKIA Cordata. Waxy white flowers. 25 cents; clumps 50 cents.

Coerulea. Their broad, massive foliage makes them attractive subjects for the hardy border, even when not in flower, and they deserve extensive cultivation. Very desirable for shady locations. \$1.00 per dozen sent **prepaid**. Large plants, 20 cents. \$2.00 per dozen. Extra heavy clumps, 50 cents, \$5.00 per dozen.

Ovata. Blue flowers. Large handsome foliage.

Ovata Marginata. Light blue flowers, variegated foliage 25 cents; clumps 50 cents.

Undulata Media Variegata. Striped foliage, purple flowers. 25 cents; clumps 50 cents.

Glauc. Large, glaucous-green foliage, lilac flowers. 25 cents; clumps 50 cents.

Aurea. (D) Variegated cream-yellow and green foliage. 35 cents; clumps 75 cents.

Sinensis. (D) White tinged blue flowers, green foliage. 25 cents; clumps 50 cents.

GAILLARDIA, Grandiflora. (D) June to October. One of the showiest and most effective hardy plants. They will thrive in almost any soil or position, but respond freely to liberal feeding. The flowers are of gorgeous coloring and very large, from 2 to 3 inches in diameter, and are produced on long stems. The center is a dark red-brown, while the petals are variously marked with rings of brilliant scarlet crimson, orange, and vermillion, and often a combination of all these colors in one flower. It is excellent for cutting.

Day Lilies. Hemerocallis.

One of the most beautiful and popular of our garden perennials. The foliage is narrow, grass-like, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. They possess a constitution equal to that of Golden Glow. The flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open when in water.

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or shrubs is unrivaled.

HEMEROCALLIS Apricot. (D) A splendid new hybrid variety of good growth. Flowers are a rich apricot shade, a color seldom seen among plants.

Disticha fl. pl. (M) Broad foliage of good height. A late blooming variety. Flowers are double orange yellow shaded copper.

Dumortieri. (Japanese Day Lily) (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich candidum yellow, reverse of petals bronze orange.

Flava. (Lemon Lily) (M) Gracefully arching leaves and fragrant, clear yellow flowers on long stems.

Fulva. (European Day Lily) (M) A variety of the easiest culture. Flowers bronzy orange color. 75 cents per dozen; \$5.00 per 100, **prepaid**; large plants, \$1.50 per dozen; \$10 per 100. Extra heavy clumps, 25 cents; \$2.50 per dozen.

Gold Dust. (D) Flowers bright Indian-yellow, buds and reverse of petals bronzy-gold.

Kwanso. Flore Pleno. This variety is equal to the Thunbergii in hardiness and luxuriant growth. The foliage is slightly broader and of a good color. Blossoms are borne on long, stiff stems and are of orange-yellow color. Its flowering period is during June and July. An excellent variety in every way.

Luteola. (M) A magnificent new hybrid combining the floriferous characteristics of Thunbergii. The long-tubed, half-reflexed, bright golden yellow flowers are borne on tall branching stems, each flower very large and are produced continuously throughout the summer.

Middendorffii. (M) This variety is a native of Siberia and Japan. The blossoms are golden yellow and are fragrant.

Sweet Scented Day Lily—Hemerocallis Thunbergii.

This beautiful variety possesses all the desirable features of the Hemerocallis and equal to any of the varieties in hardiness and vigorous growth. The blossoms are pure yellow and sweetly scented and produced on long stems. It blooms so freely it would be practical to class it among the ever-blooming plants, for the handsome blossoms may be seen from early June to late summer. The finest and best of all.

PRICES ALL VARIETIES on this page, except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.00 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Plants. (Herbaceous Perennials.)

WAGNER PARK MALLOWS. (Hibiscus) These Mallows are considered as the most marvelous of all hardy plants. Their flowers are of enormous size, often measuring eight to ten inches across, and are gorgeous in color. They bloom in the greatest profusion from July to October, and when in flower are a sight to behold. The plants are as hardy as an Oak, and will grow in most any soil or situation. Do not fail to include some of these in your order. We highly recommend them.

MIXED COLORS. This collection includes a great variety of colors from pure white to dark red and scarlet shades. Every plant will give satisfaction. 15 cents each; \$1.00 per dozen; \$8.00 per 100, **prepaid**. Large size plants, 25 cents each; \$2.50 per dozen. Extra heavy clumps, 50 cents; \$5.00 per dozen.

Red and Rose Shades. This lot includes all choice bright shades.

Pink Mallows. Most delicate shades of pink found among these.

Prices "Red and Rose" and "Pink" Mallows: 25 cents each; \$2.50 per dozen. Large size plants, 35 cents; \$3.50 per dozen.

WAGNER PARK SCARLET MALLOWS. Most beautiful of all. Nothing more gorgeous in color. 50 cents each; \$5.00 per dozen. Large size plants, 75 cents each. Extra heavy 3-year clumps, \$1 each, **prepaid**.

HELIANTHUS. These are among the most effective hardy plants for planting in the background of large borders or for planting among shrubbery, or as clumps on the lawn. They are remarkably free flowering and will succeed in any soil, and are invaluable for decorative purposes or as cut flowers during the summer.

Mollis. (T) August, September. Single lemon-yellow flowers.

Maximilliana. (T) September to November. A most graceful single flowered variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until heavy frosts, \$1.00 per dozen; \$5.00 per 100, **prepaid**. Extra heavy clumps, 25 cents; \$2.50 per dozen.

HELIOPSIS. Pitcherianus. (M) June to October. A desirable variety. The flowers are of a beautiful, deep golden-yellow color, about two inches in diameter.

HEUCHERA. Sanguinea. (D) July, August. One of the best perennials of recent introduction. Flowers various shades of red, pink and bright crimson.

"Hollyhock Path" Garden Lover? Have You Ever Tried Them?

Nothing to do with the "primrose path," but incidentally almost the prettiest sight in gardening.

Yes, of course, Hollyhocks in colonies or in a formal line anywhere are always pretty. But a "Hollyhock Path" is beautiful, and if you have a chance to make one, don't miss it.

The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your base "garden expert" gets out his enthusiasm for the Hollyhock Path.

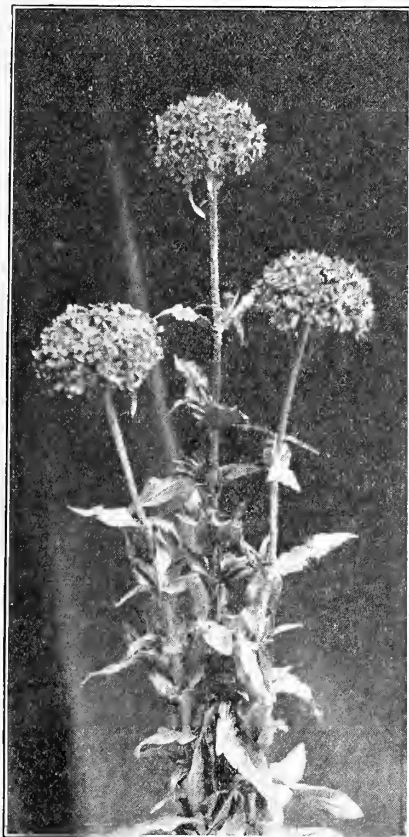

The plants need not be set out with great exactness, but compactly; neither need color juxtaposition be considered, but firstly and lastly the plants themselves should be fine, strong, up-standing fellows. The following varieties have been especially grown for our clients and will give entire satisfaction.

WAGNER'S DOUBLE PINK BEAUTY. (See cut.) This variety is indeed a beauty and distinct from all other Hollyhocks. The flowers are borne on tall, upright stalks and are of a most pleasing shade of pink, and perfectly double.

New Mammoth Allegheny. The colors are shell pink, rose and ruby red, a shade or two deeper at the center and exquisitely tinted towards the edge. Single flowers.

Single. These handsome and showy plants are great favorites. Their unique growth gives them a welcome everywhere.

Double. Their flowers are large, fully double, handsome in form, and lively shades of color. Double white, pink, crimson, and yellow.

LYCHNIS. Chalecedonica.

Wagner's Pink Beauty
Hollyhock.

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Grasses Impart a Degree of Tropical Brilliance to the Landscape.

Hardy Ornamental Grasses and Reeds.

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The clumps enlarge in size yearly, each season's growth dying to the ground every winter, but is supplanted by newer, denser, and more vigorous increase. In the fall the grass may be cut and utilized for the winter protection of tender plants and roses. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. All our plants are propagated from the root and hence more valuable than seedlings, which do not come true.

EULALIA Japonica Variegata. A standard old sort of distinctive value. Blades are striped lengthwise in a handsome manner, being a combination of creamy white in the center with a broad margin of bright green. Plumes are very beautiful.

Gracillima. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with midrib of silvery white. We strongly recommend this superb ornamental plant.

Japonica Zebrina. This fine ornamental grass is the finest of all Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white. We had on our trial grounds as November 1, thousands of Japonica Zebrina with 50 to 100 plums on single clumps.

Japonica. One of the most beautiful of the tall-growing grasses.

ARNUDA DONAX Variegata. A beautiful variety growing to a height of 6 to 8 feet. The leaves are of a glossy white always predominating; for planting masses in a conspicuous place or for adding color to a bed of ornamental grasses, it is indispensable, and no collection of hardy grasses ought to be without it. 50 cents. Clumps \$1.00 each.

PHALARIS. Arundinacea Variegata. (Ribbon Grass.) An excellent variegated foliage variety, very desirable for bordering large beds of other ornamental grasses \$1.00 per dozen; \$5.00 per 100, prepaid; extra large clumps, 25 cents; \$2.50 per dozen.

PRICES ALL VARIETIES on this page except where otherwise noted nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

HARDY FERNS. Excellent for planting in shady places or for rockery.

Broadleaf. Finely dissected fronds.

Evergreen. Deep green fronds.

Maidenhair. One of the finest.

Sword. One of the tallest.

IBERIS Gilbaltarica. April to June. White flowers, very fine for edging.

LIATRIS Spicata. (T) July to September. Deep purple flowers.

LYNCHIS Chalcedonica. (See cut, page 17) (M) June, July. Bright crimson clusters of flowers. Excellent for cutting.

Hardy Garden Lilies. We confine our list to such as are of easy culture, and give the best results with the least care. It is in the hardy border, or among shrubbery, that Lilies do best, as they get the benefit of the shade of the surrounding plants, which is so necessary for their welfare.

Elegans. This class includes some of the most beautiful Lilies; flowers erect, borne in clusters; color bright flushed orange; fine for planting in masses. \$1.50 per dozen; \$10.00 per 100, prepaid.

Trigrinum. (Tiger Lily.) Orange, spotted black. \$1.25 per dozen; \$8.00 per 100, prepaid.

Tigrinum Splendens. (Improved Tiger Lily.) Black polished stem, very large pyramid of flowers, orange-red, spotted with black; \$1.50 per dozen; \$10.00 per 100, prepaid.

LUPINUS Polyphyllus. (M) Effective hardy perennial blue. (M) A good violet-blue. Most beautiful variety.

Rose. (M) A pretty rosy-pink. Handsome large spikes of bloom. 25 cents; \$2.50 per dozen.

Moreheimi. (M) Beautiful dark blue, most showy of all. 25 cents; \$2.50 per dozen.

MONTBRETIA Crocosmiaeflora. (M) April to June. Deep golden orange; fine. 5 cents. 35 cents per dozen.

Etoile de Feu. (M) April to June. Bright vermilion; yellow center. 5 cents each; 35 cents per dozen.

MYOSOTIS (Forget-Me-Not)

Palustris Semperflorens. A variety that is hardy ever out of flower; useful in a shady spot in the border and for forcing cut flowers in the winter. 10 cents; \$1.00 per 100; \$6.00 per 100.

WAGNER PARK FLOWERS

Hardy Plants. (Herbaceous Perennials.)

HARDY GARDEN PINKS. See illustration showing length of stems and size of flowers) These are among the old favorites, easy to grow, once planted they are there to stay, and continue to increase as the years go by. Every one who loves flowers, loves the old-fashioned Pink; graceful habit, delicate colors and sweet clove scent all combine to make it a general favorite. The marked improvement in this plant during the last few years has been something wonderful; instead of small flowers we now have blooms that in size and color are nearly equal to the fancy green-house carnations. For edging a bed of hardy plants they are without a rival, but may be planted in masses with good effect. The varieties we list below we consider the best of their color.

Lord Lyon. Fine, showy, bright pink flowers on long, stiff stems. This variety will give entire satisfaction. Strong plants 10 cents; \$1.00 per dozen, sent **prepaid**. Large size, 25 cents; \$2.50 per dozen. Heavy clumps, 50 cents; \$5.00 per dozen.

Carmen. A strong grower producing fine pink flowers which are fragrant. Strong plants 10c; \$1.00 per dozen, sent **prepaid**. Large size, 25c; \$2.50 per dozen. Heavy clumps, 50c; \$5.00 per dozen.

White Reserve. An excellent double white variety. The flowers are large on long stems. A profuse bloomer. Nice thrifty young plants, 15c each; \$1.50 per dozen.

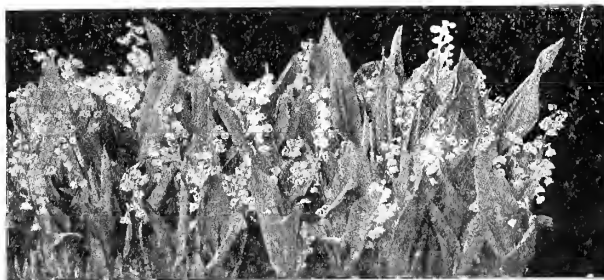

July 14th.

Wagner Park Nursery Co.,
Sidney, Ohio.

Dear Sir:—My plants came in good condition yesterday. Have set them out and hope to get good returns soon. Also wish to thank you very much for the extra plants. I am for perennial flowers and when you get any new varieties please let me know.

Again thanking you, I am,
Yours truly, F. E. P.

LILY OF THE VALLEY. A well known and universally admired spring flowering plant, bearing bell-shaped flowers, freely produced and powerfully fragrant. To grow in open ground select a partly shaded rather moist situation, and they are charming when grown in large patches as their handsome green leaves and lovely sprays of flowers make a beautiful effect together. When once planted and established the crowns increase in number and the larger ones flower each year without attention. Now is the time to set out a bed of these delightful flowers. Our price is low for choice stock such as send out. 10 cents; \$1.00 per dozen, **prepaid**. Heavy clumps, 25 cents each; \$2.50 per dozen.

Hardy Pink Lord Lyon.

Lily of the Valley, a Most Charming Flower for Bouquet

April 23, 1916.

The Wagner Park Nursery Co.,
Sidney, Ohio

Gentlemen:—I received the collection of plants and must say they are the nicest plants I ever received and I have ordered from many firms and for many years. Please send me another order of the same.

I expect it is a little late for this last bunch but an order from another firm just planted are so poor I am afraid to depend on them.

Very truly,

Mrs. F. M. L.

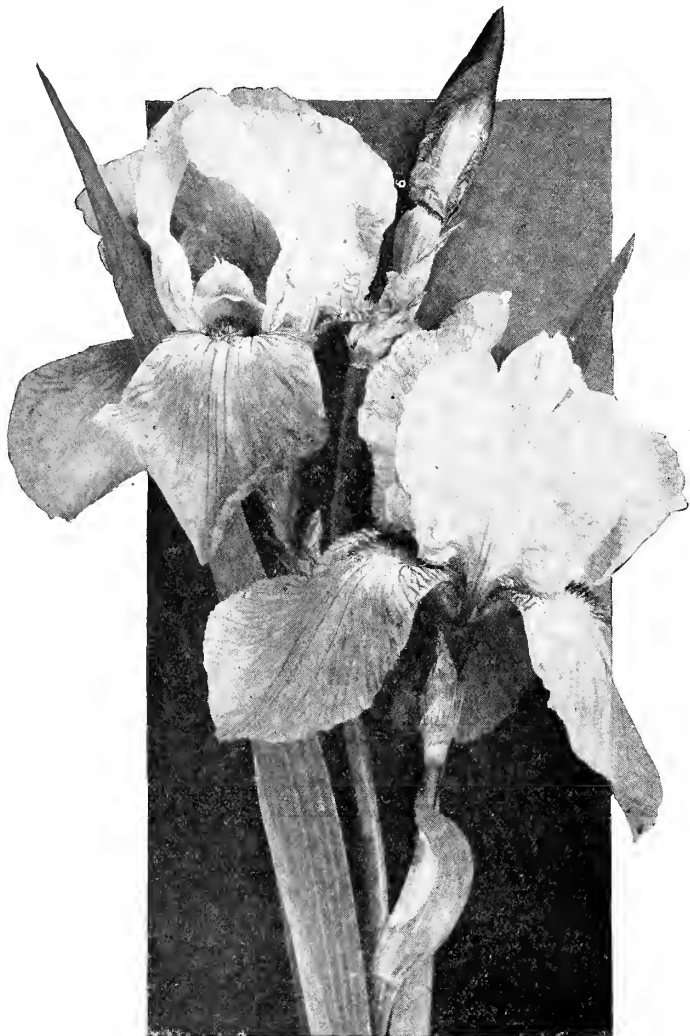

WAGNER PARK FLOWERS

Iris Germanica. (German Iris.)

The beauty of the Iris is proverbial; the very name refers us to the rainbow and the eye, two of nature's most beautiful objects. Irises flourish and flower exceedingly in any ordinary soil; however, they delight in well-rotted manure and deep, rich soil. Many are very thirsty subjects and adorn the margins of ponds and streams. They are also indispensable for shrubbery borders, etc., and are very effective. They are invaluable in the herbaceous borders both on account of their hardiness and easy culture, and for the lavish wealth of blossoms that crown their numerous stems. This group include all the broad-leaved Iris. For the wild garden, shrubbery borders, margins of water, rock-work, etc., they are admirably adapted; in fact, hardly any place can be found in which some of this section will not thrive. They are the most resplendent flowers for Decoration Day, fully equal if not superior to anything else. Their beauty and fragrance have won a place in many gardens and will be planted more extensively in the future. Height, 15 to 24 inches.

The Sweet Scented Iris Pallida Dalmatica

MRS. DARWIN. Very fine large, pearly white, free flowering. 25c; \$2.50 per doz. Heavy clumps, 50c.
NECLECTA. Upright petals fine, deep lavender, falls purple, large flowers, very fine.
PARKMANII. Upright petals deep lavender, falls purple, large flowers very fine, 35c. Heavy clumps, 60c.
PENELOPE. Upright petals nearly white, falls veined lively purple, 35c. Heavy clumps, 50c.

PRICES ALL VARIETIES on this page except where

cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra

heavy clumps, 50 cents each; \$5.00 per dozen.

MAD. CHEREAU. Pure white, edges penciled with lavender. \$50.00 per 1,000; for dozen and 100 price, see below.

otherwise noted, nice thrifty young stock, well rooted, 15

WAGNER PARK FLOWERS

GERMAN IRIS. Continued.

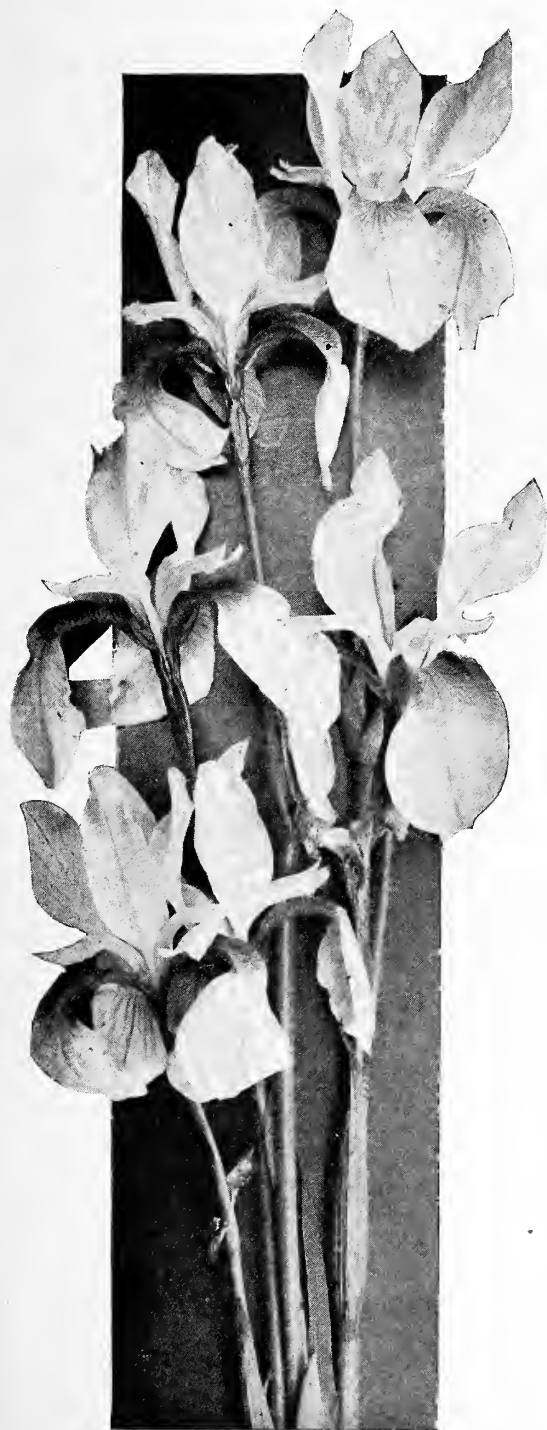

- SOUVENIR.** Uprights brilliant yellow, falls freely veined net work of yellow, buff and maroon. 25 cents; \$2.50 per dozen. Heavy clumps, 50 cents.
- SPECTABILIS.** Stands pale lavender, falls blue and old gold. \$40.00 per 1,000; for dozen and 100 price, see below.
- STENOPHYLLA.** Late bloomer, large flowers and orchid shape. Color deep blue with darker shadings. Strong roots 35c, \$3.50 per dozen; heavy clumps, 75c each.
- ULYSSE.** Tall, gray tinged brown fall, petals purple late. 35c; heavy clumps, 50c.
- VELVETEEN.** Outer petals intense plum purple center yellowish buff; fine strong roots, 35c; \$3.50 per dozen; heavy clumps, 75c each.
- VIRGILS.** A light brownish blue, lower petals purple and gold. \$40.00 per 1,000; for dozen and 100 price, see below.
- WALNERI.** Lilac center, lower petals purple, \$45.00 per 1,000; for dozen and 100 price, see below.
- WILLIAM III.** Stands light blue with darker veins, falls buff yellow, light blue veins.

MISCELLANEOUS IRIS

- IRIS PUMILA.** Dwarfest Grower, Earliest to Bloom. This variety blooms in April coming at a time when few outdoor plants are in flower. It is of very dwarf compact growth and makes a fine edging plant. The foliage is a beautiful green and seldom attains a height greater than 6 to 8 inches. The flowers are freely produced and in color is a rich royal purple. Plant them freely—you will not be disappointed.
- IRIS FLORENTINA.** (Orris Root) Flowers large size and very fragrant; color white tinged with blue, and of the earliest to come into bloom.
- SIBERIAN IRIS.** Narrow, grass-like foliage with flower stems long and blossoms a clear blue. A very free flowering variety, and one of the best for cutting, height 3½ ft. We offer 12 good, healthy roots for 75 cents; 100 roots, \$5.00, prepaid. We also have some extra heavy clumps which we offer, as long as they last, 6 for \$1.00; 12 for \$1.75; 100 for \$10.00.
- SNOW QUEEN.** The Beautiful Ivory White Oriental Iris. An exceptionally free blooming variety of strong erect growth. The blossoms are Ivory White color, and are charming indeed. Base of erect petals canary yellow, very fine, height 2 ft.
- BLUE KING.** One of the most beautiful of the Iris and a native of Japan. The blossoms are borne on tall erect stalks and are a bright clear blue color. Foliage narrow grass-like, height 2 ft.
- ORCHID IRIS.** (*Pseudacorus*) Rare and beautiful indeed is this variety, flowers pure yellow, a color rarely seen among Irises. Excellent for planting in low, wet, soil and marshy places. Blooms in May and June. Height 2½ ft.
- GIGANTEA IRIS.** Tall strong grower, erect foliage, flowers on long stems and pure white in color, height 2½ ft.

IRIS KAEMPERI—JAPANESE IRIS

- With a great blaze of splendor the Japanese Iris brings the Iris season to a close. The last to bloom, it is a glorious climax to the grand Iris procession, that began early with the dwarf forms of April and May. The varieties we offer are all distinct kinds, true to descriptions given. We have numbered our collection so that customers may order by number.
- No. 2.** Flowers double white. Exceedingly beautiful. 30c, \$3.00 per dozen; heavy clumps, 75c each.
- No. 4.** Beautiful single lavender, striped with deep lilac. Earliest to bloom.
- No. 5.** Large single purple, with white wax-like center.
- No. 6.** Immense double purple, marked with white and lavender, wax-like center.
- No. 7.** A very early single variety. White blotched with carmine.
- No. 8.** A very double of the deepest purple.
- No. 11.** Single pink striped with white. Of fine form and very attractive. 35 cents; \$3.50 per dozen; heavy clumps, 75 cents each.
- No. 15.** Double white flowers, suffused with lavender. 25 cents each; \$2.50 per dozen. Heavy clumps, 50 cents.
- No. 17.** Single lavender. Fine large flowers. 30 cents each; \$3.00 per dozen. Heavy clumps, 50 cents.
- No. 19.** A grand double variety. White center with pink edge. 30 cents each; \$3.00 per dozen. Heavy clumps, 75 cents.
- No. 21.** Double delicate light blue flowers. A grand variety 40 cents each; \$4.00 per dozen. Heavy clumps, 75c each.
- No. 22.** Large double flowers. Rich royal purple with yellow center radiating into lines. 50 cents each; \$5.00 per dozen. Heavy clumps, \$1.00 each.
- No. 23.** Single, lilace, heavily veined and blotched white. 35c, \$3.50 per dozen; heavy clumps, 75c each.

Siberian Iris, Unusually Desirable for Cutting
Owing to Its Long Stems.

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15cents each, \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Wagner Park Peonies.

The Flower Beautiful.

A Planting of First Prize Peonies on our grounds.

Wagner Park Herbaceous Peonies are the most beautiful of all the Hardy Perennial plants, and should be in every garden, large or small, in bed, borders, shrubberies or drives; in park, grass or woodland. They should, therefore, be planted near at hand for close enjoyment of their beauty, as well as in masses for distant color effect, in lines straight or curving on the margin of shrubberies, and in groups between shrubs; in large or small beds in the midst of turf; in borders at the foot of walls; and in mixed borders at constant intervals; and the rougher parts of the garden. All these situations they adorn. There is no other plant that will make such a magnificent display of color, or gives so much satisfaction in return for the trouble involved in its cultivation.

Whether in the old kinds or in Wagner's lovely new varieties, they will thrive in practically any position, and there is hardly one which will not flourish to perfection. They are amenable to the simplest treatment in any soil and are as hardy as the dock by the wayside. They need not the slightest protection.

The flowers are produced in great profusion in an almost endless variety of lovely tints, and in many cases with the fragrance of the tea rose. They are of extreme beauty for decoration, and in large gardens a considerable space should be especially devoted to Wagner's Peonies for cut flowers for the house; in vases and bowls no flower is richer or more handsome, and for large functions the blossoms are invaluable.

The delightful perfume of some of the varieties, more particularly the choicer kinds, makes them very valuable. Another merit which the herbaceous Peony possesses lies in its beautiful foliage, which cause it to be almost as attractive in its young growth and autumn tints as when in flower.

Our First Prize Varieties.

These varieties we consider the best general planting.

First Prize Pink. A beautiful pink, the tips shading to a silver shade; almost identical to a La France rose. The blossoms are extra large with long stems and well adapted for cutting. 30 cents each; \$3.00 per dozen.

First Prize Red. In color this variety resembles the American Beauty rose, but surpasses it on account of its large size and profusion of blossoms. 35 cents each; \$3.50 per dozen.

First Prize White. A large, pure white with a very few pink markings in the center. Fine for general cultivation. 50 cents each; \$5.00 per dozen.

One each of the three varieties, in nice large roots, \$1.00, PREPAID; in larger size roots, \$2.00; in heavy undivided clumps, \$5.00.

Other Choice Named Peonies.

We do not aim to list all varieties, but only those of real merit and such that have proven satisfactory. Our complete list comprises over two hundred varieties.

ACHILLES. Light flesh pink. 50 cents.

AGATHA. Brilliant violet rose. Tall, very fine, \$1.00.

AGIDA. Dark, rich red. 50 cents; \$5.00 per dozen; large, heavy clumps, \$1.00 each.

AMERICAN BEAUTY. Deep pink. 20 cents; \$2.00 per dozen; large heavy clumps, 50 cents.

BAGNI. Dark red blossoms, very broad, quite distinct. \$1.00.

BEAU BRUMMEL. Clear pink, compact with silver reflex. \$1.00.

BERLOIZ. Color currant red. 75 cents each.

BRUTUS. Purple red. Tall, very fine. \$1.00.

CANARY. Guard petals white, sulphur center, extra fine. \$1.00.

CANISTEO. Pink guard petals, center delicate pink and chamois, extra fine. \$2.00.

CATALINE. Guard petals pale pink, inner petals shell pink chamois, extra fine, \$2.00.

CHARLEMANGE. Lilac white, slight blush center. One of the best. \$1.00 each.

CLARISSA. Rose pink, 20 cents; \$2.00 per dozen; \$10.00 per 100. Large heavy clumps, 50 cents; \$5.00 per dozen.

COMTE DE GAINER. Large, double, deep red, tinted purple. \$1.50.

COMTE DE MANTEUIL. Deep rose petals tipped with white. 35 cents; \$3.50 per dozen; large heavy clumps, 75 cents.

COMTE D'OSMOND. White with sulphurish center. Excellent, 75 cents.

COMPTE DE PARIS. Rose color with salmon center. 20 cents; \$2.00 per dozen. Large, heavy clumps, 60 cents.

COURONNE DE OR. Snow white, yellow reflex. Very large stripes of carmine, extra fine. 75 cents each.

COUNTESS SARAIL. Rose washed with white petaloides, silver pink like Chrysanthemums. \$1.00.

Order the Extra Heavy Clumps if you want Quick Results from Peonies.

Wagner Park Peonies.

(Continued.)

DELACHEL. Deep amaranth exposing golden stamens. \$1.00 each.

DORTON'S COROS. Beautiful, bright pink. 20 cents; \$2.00 per dozen. Large, heavy clumps, 50 cents.

DORCHESTER. Delicate salmon flesh. \$1.00 each.

DOYOND EUGHEN. Dark rose, fine. \$1.00 each.

DUC DE GAZES. Outer petals deep rose, center silvery rose, 35 cents; \$3.50 per dozen. Heavy clumps 75 cents.

DUKE OF WELLINGTON. Ivory white, creamy center, 35 cents; \$3.50 per dozen.

FAUST. Salmon Pink, center grayish white. Very fine, 75 cents each.

Festiva Maxima. Largest white variety. 75 cents; \$7.50 per dozen.

Festiva Alba. Pure white, fine form, 50 cents; \$5.00 per dozen.

Florence Taylor. Compact handsome soft pink, very choice, \$2.00 each.

Formosa Rosea. Guard petals light rose, petaloids of silvery rose. \$1.50 each.

Fragrans. Violet rose. 15 cents; \$1.50 per dozen; \$8.00 per 100. Large, heavy clumps, 50 cents; \$5.00 per dozen.

Grandiflora Superba. Dark pink, center light rose. Very showy. \$1 each.

Hercartian. Guard petals deep rose, with incurved petaloids of silvery rose. \$1.00 each.

Humei Rosea. Enormous double pink flowers, 15 cents; \$1.50 per dozen; \$8.00 per 100. Heavy clumps, 50 cents.

Irma. Soft clear pink with outer petals of carmen. \$1.50 each.

Model of Perfection. Fragrant, clear flesh pink, 75c.

Ne Plus Ultra. The popular cut flower, solid shell pink. 75c each.

Nigra. Darkest crimson of any. Full double exposing yellow antlers, \$2.00 each.

Odorata. Guard petals deep rose, rosette center of lighter shade. \$1.00 each.

Paganine. Rosy guards, center sulphury white. \$1.50 each.

Prince of Wales. Bright pink, 35 cents; \$3.50 per dozen.

Princess Beatrice. Large, clear pink. 50 cents.

Purpurea Superba. Large purplish crimson. 50 cents.

Queen Alexandria. Deep carmine, 25 cents; \$2.50 per dozen.

Reevesii. Rosy flesh with red blotch on center petals; good size; blooms freely; long stems. \$1.50 each.

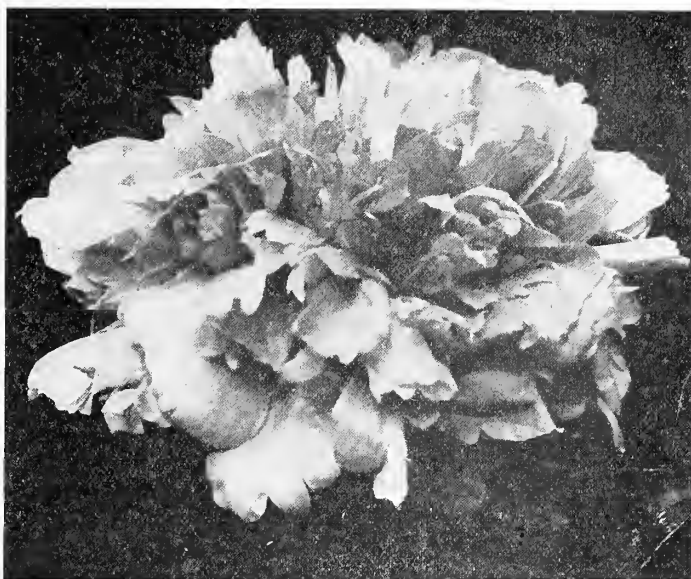

Reine Des Francois. Guard petals fleshy pink, petaloides creamy white, with lavender tuft. \$1.50 each.

Rosea Elegans. Delicate rose. 35 cents; \$3.50 per dozen. Heavy clumps, 75 cents.

Rubens. Dark crimson red, tinted velvet, yellow stamens. \$1.50 each.

Wagner Park. Beautiful clear pink of fine form, \$1.00 each.

Whitleyi. (Queen Victoria) Pure white. 35 cents; \$3.50 per dozen.

Our First Prize Pink Peony

Japanese Varieties.

Miles Standish. Shell pink, Chrysanthemum center. 40 cents; \$4.00 per dozen; heavy clumps, 90 cents.

Queen Esther. Blush white. Chrysanthemum center. 50 cents; \$5.00 per dozen; large heavy clumps, \$1.00.

Single Varieties.

Single Red. Very showy. 50 cents; \$5.00 per dozen.

Single Rose. 50 cents each; \$5.00 per dozen.

Tenuifolia. Rich crimson. Finely cut foliage. 50 cents; \$5.00 per dozen.

rich green color. The blossoms are cup-shaped and a dark crimson. 35 cents each, \$3.50 per dozen. Heavy undivided three year clumps, 75 cents each, heavy clumps for \$2.00.

Mixed Peonies.

Consisting of many fine and rare varieties. Price 20 cents; \$2.00 per dozen. Extra heavy clumps, 50, \$5.00 per dozen.

Special Note.

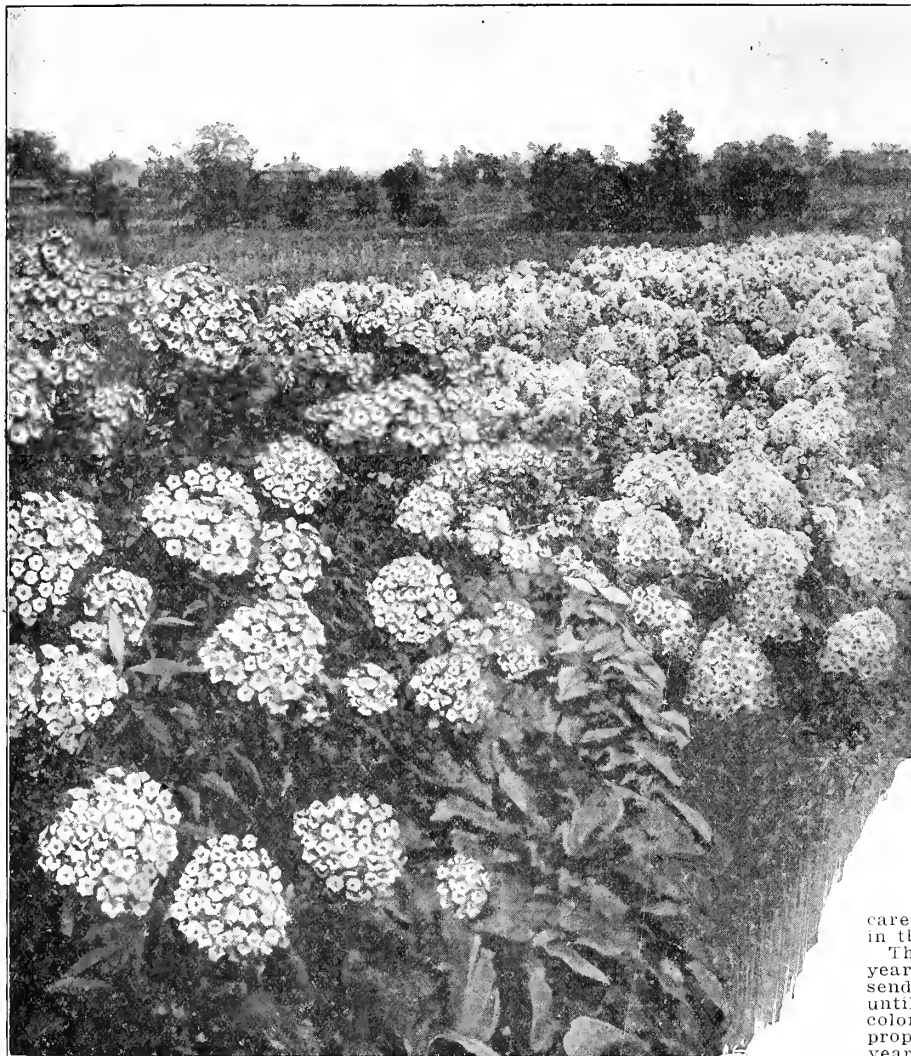

Our Peony Clumps are unusually large and you may expect excellent results from them. Those listed at one price only are good large roots and from three to five growths will result from each the first season.

WAGNER PARK FLOWERS

Perennial Phlox.

An Attractive Planting of Phlox on our Grounds.

- Champs Elysee.** (M) Rich, deep purplish crimson.
- Eclairer.** (D) Flowers are of immense size. Bright violet-purple, with very light markings—almost white—at base of petals, with carmine eye. One of the choicest varieties.
- Etna.** (M) Bright scarlet with crimson eye.
- Gen. Chanzy.** (M) A beautiful scarlet pink, on fine large spikes; one of the latest flowering variety.
- Heroine.** (M) A fine light violet-blue.
- X Isabell Dupuy.** (M) Rose, red center. One of the best pinks, very bright, excellent for backgrounds.
- Jeanne D'Arc.** (M) Absolutely snow-white, medium-sized flowers and truss. A very free-bloomer, and late flowering variety.
- X Jean Liaud.** (M) Extra large flowers, forming large, compact flower heads. Color, rosy pink with bright, crimson star in center. Very handsome.

PRICES ALL VARIETIES on this page except where otherwise noted nice thrifty young stock, 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. Those varieties marked with an X can be supplied in extra heavy clumps, 50 cents each; \$5.00 per dozen.

It is no exaggeration to say that the Perennial Phlox are among the best and most popular garden plants. For producing a grand show of color, they have no equal; they produce a fine effect when grouped with other plants in the hardy border, furnishing brightness after the shrubs are done blooming, and they do much to make the garden gay throughout the season.

The old-fashioned Phlox often had simply small tufts of bloom at the top of a small, almost naked stem. The newer and improved varieties are more compact and do not grow quite so tall. The panicles of bloom are simply immense, often measuring 12 inches in diameter. The blossoms are as large as geraniums.

Another good quality is its long continuance in bloom. It begins to blossom in early summer and continues until late in the fall; sometimes showing a mass of bloom for three months.

Phlox thrive in any ordinarily rich soil, and are not subject to any insect pest. When they are in bloom they should be given a plentiful supply of water. They like sunshine, and a full exposure is desirable for them.

The perfect hardiness is another strong feature in its favor. We have never known of its being winter killed in any section of the country. Like all perennials, a mulching of good stable manure after the ground is frozen, is beneficial to it; this can be

carefully dug in around the plants in the spring.

The plant increases in size every year, and a well-grown clump will send up a large number of stalks until you have a solid mass of color. Plants set in good soil, with proper care, will bloom the first year, but they will not do themselves justice until the second year.

- Cameron.** (D) Large, perfect flowers; flesh pink with large compact flower head, crimson eye.
- X Bridesmaid.** (M) Pure white, with large, crimson center;
- X J. T. Temple.** (D) Deep pink, very fine, very free flowering.
- X Coquelicot.** (M) Fine flowering scarlet with deep crimson eye.
- L. Esperance.** (M) Lavender-pink, large white eye; one of the finest in our collection.
- Montagnard.** (M) Large, round flowers of a pure, deep crimson, the most showy Phlox we have.
- Matador.** (M) Orange scarlet, bright cherry eye.
- X Miss Lingnard.** (M) A grand early white, lilac eye.
- X Peachblow.** (D) Delicate pink, with white markings, deep rose eye. A fine, large flower. The latest flowering and best for edging.
- Pink Beauty.** (M) A very fine pale pink of enormous size.
- X The Pearl.** (M) A good standard white variety.
- X Wm. Robinson.** Rosy salmon, small crimson eye, very fine flowers, 15 cents.

WAGNER PARK FLOWERS

New Phlox of Our Own Introduction.

These grand new varieties originated on our grounds, and are the result of many thousands of seedlings. We consider them a great acquisition to this family of plants, and can recommend them very highly.

American Beauty. (M) Very pleasing rose shade with dark center; flowers are produced in large trusses and long, stiff stems. 25 cents; \$2.50 per dozen, **prepaid**. Large plants 50 cents.

Aurora. (M) Light pink with crimson center, 30 cents; \$2.00 per dozen, **prepaid**. Large plants, 50 cents; \$5.00 per dozen.

Amethyst. (M) Violet rose; a little deeper towards the center. Late flowering which makes it a very valuable variety. Nice, thrifty plants, 15 cents; \$1.50 per dozen, **prepaid**. Large size, 30 cents; \$3.00 per dozen. Heavy clumps, 50 cents.

Liberty. (M) Immense clusters; fine, bright rose with carmine center, distinct from any other variety; desirable for solid beds or in the shrubby border. Nice thrifty plants, 20 cents; \$2.00 per dozen, **prepaid**. Large size, 40 cents.

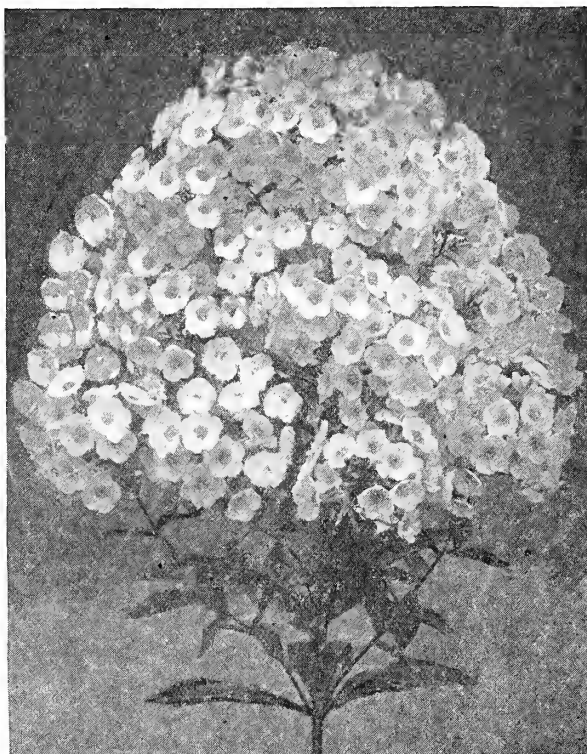

Mrs. Freshard. (M) Deep rose pink, suffused red and carmine, purple center. Nice, thrifty plants, 20 cents; \$2.00 per dozen, **prepaid**. Large size, 40 cents; \$4.00 per dozen. Clumps 75 cents.

President Wilson. (M) A beautiful rosy pink, with crimson center. Nice, thrifty plants, 15 cents; \$1.50 per dozen, **prepaid**. Large size, 35 cents; \$3.50 per dozen. Clumps, 75 cents.

Sunset. (M) Beautiful deep pink, and will without doubt supercede all others of this color; excellent for massing or in solid beds. Nice, thrifty plants, 15 cents; \$1.50 per dozen, **prepaid**. Large size, 30 cents; \$3.00 per dozen.

Wagner Park Everblooming. This beautiful pink, one of the earliest to flower, and if the old flowers are kept cut off, it will bloom more or less the entire season. A grand variety. Nice, thrifty plants, 15 cents; \$1.50 per dozen, **prepaid**. Large size, 25 cents; \$2.50 per dozen; heavy clumps, 50 cents.

President Taft. (M) Rosy pink with large white center. Large trusses and very free flowering. Nice, thrifty plants, 20 cents; \$2.00 per dozen, **prepaid**. Large size, 40 cents; \$4.00 per dozen.

Individual Cluster Head of Phlox

Wagner's Special Phlox Offer No. 50.

This collection consists of a choice lot of plants selected from our lot of seedlings for their superior quality, color, and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, reds, and other beautiful shades. \$1.00 per dozen; sent **prepaid**. Heavy plants, 25 cents; \$2.50 per dozen; \$15.00 per 100. Extra heavy clumps, 50 cents; \$5.00 per dozen.

Phlox Subulata.

(Moss, or Mountain Pink.)

An early spring flowering type, with pretty moss-like evergreen foliage, which, during the flowering season, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves.

Rosea. A very free flowering variety. Color bright rose, with darker center. When in bloom is a solid mass of color. \$1.00 per dozen; \$6.00 per 100, **prepaid**. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Alba. A fine, pure white variety. \$1.00 per dozen; \$6.00 per 100, **prepaid**. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Special Offer. Pyrethrum Hybridum.

See Colored Illustration Rear Cover.

Too much cannot be said in favor of this grand dwarf hardy perennial. No class of plants give a wider range of colors, while the form and substance of the flowers is all that could be wished. There main season of blooming is in June, but if the old flower stems are removed, they will give a fair sprinkling

of flowers in the autumn. The bloom is similar to that of an aster, and ranges in color from pure white and the various shades of pink and red to deep purple. Nice thrifty, well rooted young plants, 10 cents each; large size, 25 cents each; extra heavy clumps 50 cents each.

PRICES

12 thrifty plants, \$1.00, sent prepaid; large size, \$2.00. Heavy clumps, \$5.00.

25 thrifty plants, \$1.75, sent prepaid; large size, \$3.75. Heavy clumps, \$9.00.

100 thrifty plants, \$6.00, sent prepaid; large size, \$14.00. Heavy clumps, \$32.50.

WAGNER PARK FLOWERS

Hardy Plants. (Herbaceous Perennials)

PAPAVER Orientale. (Poppy) Nothing can equal these in gorgeous effect and whether planted singly or in masses, their large flowers of a rich, brilliant color and their freedom of bloom render them conspicuous in any position. Undoubtedly the most showy and effective plants grown. Our stock is carefully selected and you can be assured of having something very fine when purchasing from us.

PARDANTHUS (Blackberry Lily) Sinensis. Lily-like flowers of bright orange during July and August, on 2½ feet high stems, followed in September with seeds which resemble blackberries; will grow and do well in any soil in a sunny location.

PACHYSANDRA Terminalis. (D) May, June. White flowers.

PENTSTEMON. Barbatus Torreyi. June to September. Bright red flowers.

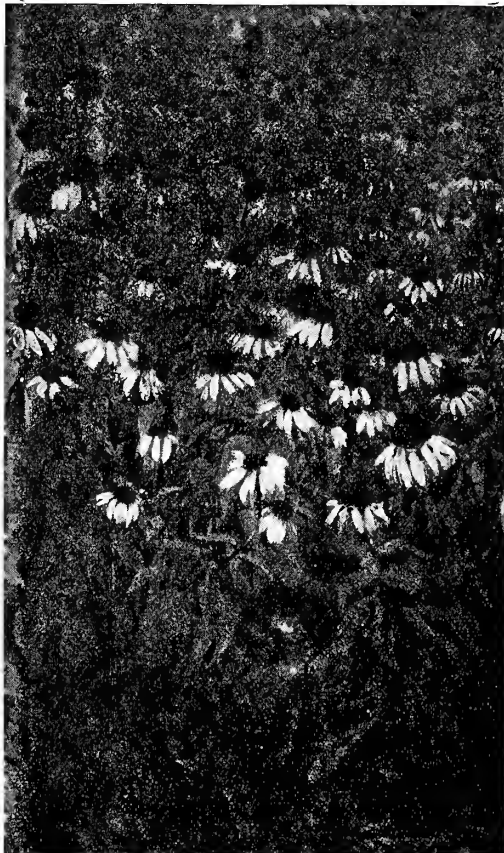

Pubescens. (D) July August. Bright rosy purple flowers.

Smalii. (D) Rosy-carmin flowers in early summer.

PERIWINKLE (Hardy Myrtle) For covering bare ground under trees where grass will not grow, or trailing rock work. It is indispensable. In spring it is covered with blue flowers. Perfectly hardy in all localities.

PHYSOSTEGIA Virginica. (M) An unique and attractive American plant than stands apart from all other hardy plants. For massing or planting with appropriate varieties in the hardy border or with shrubs it is unrivaled. It is perfectly hardy and possesses a constitution equal to that of Golden Glow. Flowers are produced in large, graceful spikes and are a bright, soft pink. Begins to bloom about the first of July and if kept cut, will flower more or less for about three months. Will succeed in most any kind of soil, \$1.25 per dozen; \$8.00 per 100 prepaid. Large plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. Extra heavy clumps, 50 cents each; \$5.00 per dozen.

Speciosa Alba (M) Habit same as above, pure white flowers.

Rudeckia Purpurea

Stokes Aster-Stokesia

POLYGONUM Compactum. (T) Small white flowers.

PLATYCODON Grandiflorum (Japanese Bellflower). (M) June to October. A plant that is closely allied to the Campanula or Canterbury Bell, bearing continuously, cupped star-shaped flowers, over 2 inches in diameter. White and blue.

PRIMULAS (Primrose) Veris (English Cowslip) (D) The hardy primroses are among the most beautiful and interesting of our early spring flowers. Plant them in rich, well-drained soil, in the border or in a sheltered nook in the rockery; if possible, in a half-shady place. This collection embraces a fine range of colors.

Veris Superba. (D) A giant flowered form, color bright canary yellow, golden center. 25c, \$2.50 per dozen. Heavy clumps, 50c, \$5.00 per dozen.

PYRETHRUM Uliginosum. (Giant Daisy) T) (I) July to September. Large white daisy-like flowers. Excellent for the hardy border and cutting.

RHEUM. Emodi. (Ornamental Rhubarb.) Majestic foliage. 25 cents; \$2.50 per dozen.

RUDEBECKIA PURPUREA. (See cut) An entirely distinct variety from all other perennials and thriving in any ordinary soil. They are so simple and easily cultivated that we recommend them to any one having a garden, whether large or small. The foliage being dense and of a good color makes them one of the choicest hardy perennials. The flowers are of a peculiar formation as well as color, which is reddish purple with large, cone-shaped center in brown.

PRICES ALL VARIETIES on this page except where otherwise noted nice thrifty young stock, well rooted. 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25 cents each, \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each, \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Plants. (Herbaceous Perennials.)

RUDBECKIA Newmanni. (M) August to October. Yellow flowers, with deep purple cones.

Golden Glow. (T) August, September. This is one of the most popular hardy plants now grown which is a very strong and robust grower, producing a mass of flowers resembling the Cactus Dahlia. It makes a gorgeous display either planted in clumps or mixed with shrubbery or other hardy plants.

Sub-Tomentosa. A pyramidal, densely-branched plant, two and one-half feet high, which is completely enveloped throughout the summer in a mass of brilliant lemon-yellow flowers with dark purple centers.

SPIREA Aruncus. (M) Flowers white, 25 cents.

Filipendula, fl. pl. (D) Corymbs of double white flowers. 25 cents; \$2.50 per dozen.

Japonica, Alba. (M) June, July. Pure white flowers. 25 cents; \$2.50 per dozen.

Queen Alexandria. (M) June, July. Silvery pink flowers. 25 cents; \$2.50 per dozen.

SEDUM Spectabilis. (See cut.) A very desirable hardy perennial thriving in any good soil and produces most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom. \$1.00 per dozen. \$8.00 per 100, prepaid. Large plants, 20 cents, \$2.00 per dozen; \$12.00 per 100; extra heavy clumps, 50 cents, \$5.00 per dozen.

SOLIDAGO Sempervirens. (Golden Rod) (T) This is the most showy of all species.

STOKESIA, Cyanea. As a single specimen or grouped in the border, it makes for itself a place that is not filled by any other hardy plant. The plants grow from eighteen to twenty-four inches high and bloom from July until late in October. Its beautiful Centaurea-like flowers of a delicate lavender blue color, are four or five inches in diameter and are highly prized for cutting. No picture or description can do justice to its delicate beauty. Of the easiest culture, succeeds in any sunny location.

Cyanea Alba. A pure white-flowering form, identical to the popular blue variety in every way except color.

TANACETUM, Vulgare. (Tansy) (M) Golden-yellow flowers in midsummer.

TRADESCANTIA Virginiana. (D) May to September. Numerous panicles of violet-blue flowers.

Sedum Spectabilis

TRITOMA. A most beautiful and exceedingly ornamental flowering plant, surpassing the finest Cannas and equal to Gladiolus as a cut flower; planted in the shrubbery border with other herbaceous plants they give a superb effect; they prefer a light, rich, sandy soil.

Hybrida Express. (M) June to October. One of the very finest yet introduced. It is a continuous bloomer, producing perfect flowers which are of a brilliant orange-scarlet that does not vary in color at any time. A very early bloom-variety.

Uvaria Grandiflora. (M) July to October. Flowers dark red; a tall, strong grower and very free-flowering. This variety is the hardest in cultivation.

Pfitzerli. (M) July to November. A rich orange-scarlet, producing a grand effect either planted singly in the border or in masses.

VALERIANA. (Garden Heliotrope.) (M) Pinkish-blue flowers.

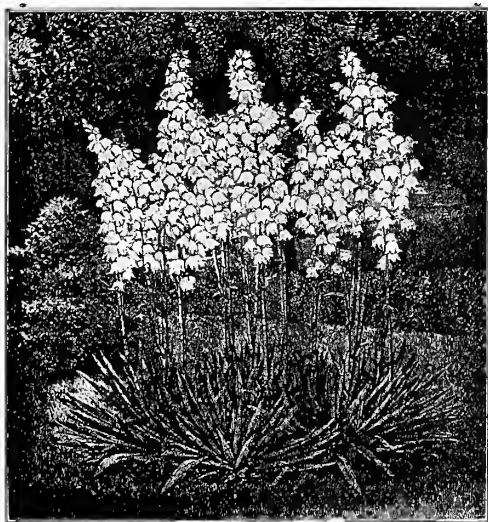

VERONICA, Incana. (D) August, October. Silvery foliage, amethyst-blue flowers.

Maritima. (D) Long spikes of blue flowers from July to September; 2 feet.

Rufestris. (D) Deep green foliage, bright blue flowers.

VIOLET, La France. Single flowers, light purple. 10 cents; \$1.00 per dozen, prepaid; large size, 25 cents.

YUCCA Filamentosa (See cut) (Adam's Needle.) Yuccas are one of the most striking ornaments in plants thriving on rocks, in sand, gravel, or almost anywhere, sufficiently well to produce its picturesque sharp foliage. A good soil or heavy dressing is necessary to bring forth its stems, 6 to 7 feet high, with from 50 to 200 oval, creamy-yellow blossoms, 2 inches long. The foliage is evergreen, making it an attractive plant throughout the year.

Yucca Filamentosa

PRICES ALL VARIETIES on this page except where otherwise noted, nice thrifty young stock, well rooted, 15 cents each; \$1.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large size plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100. In extra heavy clumps, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Ornamental Flowering Shrubs.

A Most Beautiful and Effective Arrangement of Shrubbery Against Foundation of Home

Happily the charm of color is not wholly claimed by the gay gamut of flowers. The very fine collection of evergreen, deciduous, and flowering shrubs at Wagner Park nurseries offers endless opportunity for producing beautiful effects practically the year 'round. A mass of common bush Holly (*Mahonia Aquifolia*) to select a very simple example, will put warmth and cheer into the grayest November day, while the brilliance of tone and the handsome, glossy foliage of a Barberry hedge under December skies will make us forget "the joys of June." We should like to be able to devise for every nature-lover a "shrub-itinerary," so to say, with a special eye to exposure, climate, etc., we do this, indeed, when clients consult us.

The Magnolia, whiter in blossom than the snowy narcissus, and, with certain varieties, almost as daring in appearing "before the swallow dares"; the fern-like grace and elegance of all the Spireae, the delicate Forsythia, Deutzia, Diervilla (Wiegela) the old Japonica with their oriental suggestion and interest, the old-timer Philadelphia or "Syringo"—sweetest, daintiest bush of the Puritan gardens—the spring list is endless. That other distinguished member of the Syringa family, the Lilac, deserves, perhaps, a chapter all by itself. We are specialists in this flower of unfailing, ever-growing popularity. If you are a lilac-lover, if their mauve and fragrance have wrought their charm on you, the scores of rare varieties at Wagner Park would rouse your enthusiasm to a rare pitch.

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. And if there are any plants we could not part with they are the late-flowering shrubs—a fine list, though not a long one—that usher in autumn and linger to make the American "fall" one of the most admired spectacles in nature. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable, and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition. As the height of plants is often no criterion of quality, we give in several instances the diameter, also for comparison and guide.

We bring particular training and experience to the matter of congenial combinations. In fact a Wagner shrub plantation is a real study in artistic values; knowledge and long experience playing an important role in the happy juxtaposition of greens, browns, silvers, golds—the regard for picturesque outline, for simplicity of effect without monotony of sorts, for privacy without loss of views and "vistas." It is in ways like this that Wagner "plants and plans" are made to produce their delightful effects.

Specifically Evergreen Shrubs and Evergreens are treated under the chapter-head, "Evergreen," pages 43 to 50, and to which your attention is directed in connection with shrub and tree planting.

VARIETIES SUITABLE FOR SHADY PLACES. Altheas, Berberis, Caryopteris (Blue Spirea), Cornus, Cydonia, Deutzia, Forsythias, Hydrangeas, Kerrias, Philadelphia, Rhus, Sambucus, Spireas, Symphoricarpos (Snowberry), Syringas (Lilacs), Tamarix, and Viburnum. The above varieties will also thrive in sunny, open situations.

VARIETIES WITH VARIEGATED, HIGHLY COLORED FOLIAGE, BARK, AND BERRIES. The following with variegated and colored foliage: Berberis Purpurea, Corylus Atropurpurea, Kerria Variegata, Forsythia Variegata, Philadelphia Aurea, Sambucus Aurea and Variegata, Spirea Opulifolia Aurea, Weigela Variegata. Among trees, Acer Schwedleri, Reitmachi, Fagus Riversi, Prunus Pissardi and Japanese Maples. The following varieties having berries: Berberis, all varieties, Callicarpa, Cornus Siberica, Cydonia, Euonymus (Strawberry Tree), Eleagnus, Lonicera, Myrica, Rhus all varieties, Rhodotyphus, Ribes, Sambucus, Rosa Rugosa, Symphoricarpos (Snowberry, Red and White), Viburnum (Snowball) Opulus, Lantana, and Dilatatum. The following have highly colored bark: Cornus Siberica, Sanguinea and Stolonifera.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties, which branches should be cut off as soon as the live branches begin to sprout in the spring.

SPECIAL NOTE.—We wish to call attention to the very low prices we quote at the bottom of each page on shrubs, for regular, large, and extra large sizes. Our lowest prices are for nice, thrifty, two-year-old plants, but where best effects and quick results are wanted we always recommend the large three to four year old, or extra large selected size. We also have on hand some specimen plants which vary in price according to size and variety, \$1.00 to \$5.00 each.

ABBREVIATIONS. (Indicating height when matured.) (I) Indicates height from 1 to 3 feet; plant from 1½ to 3 feet apart. (II) Indicates height from 3 to 8 feet; plant from 3 to 5 feet apart. (III) Indicates height from 8 to 12 feet; plant from 5 to 8 feet apart. Closer plantings may be made if heavy massive effects are desired.

WAGNER PARK FLOWERS

Hardy Flowering Shrubs.

ALTHEA. (Hibiscus or Rose of Sharon) (III) Well known to all, these handsome, late, summer blooming shrubs are highly decorative and particularly effective, coming into bloom when few shrubs are in flower. When pruned in the early spring they make a steady growth and flower profusely the next fall. As a hedge plant, they are extremely valuable.

Boule de Feu. Large single violet-red flowers, very showy.

Comte de Hainault. Semi double; pale pink, shading to crimson center; medium grower; fine variety.

Elegantissima Plena. Double; white, shaded with rose.

Lady Stanley. Double blush-white flowers, one of the best.

Leopoldi Plena. Large; double, flesh colored-flowers, shaded with rose; foliage lacinated.

Bicolor Hybridus. Double white; fine, large flower.

Puniceus Plenus. Semi-double dark rose. 50 cents each.

Violacea Purpurea Fl. Pl. Double purple.

Mixed Colors. 20 cents; \$1.00 per dozen, **prepaid**; \$15.00 per 100. Large size, 35 cents; \$3.50 per dozen; \$25.00 per 100. Extra large 50 cents, \$5.00 per dozen.

AMELANCHIER Botryanum (June Berry) (III) Beautiful shrub-like tree producing racemes of pure white flowers.

ANORPHA Canescens. (I) A free flowering shrub, dense pinnate foliage, blue flowers in terminal panicles in June. Useful for shrubberies or rockeries. Prefers a sunny and well-drained position.

Frangrans. (I) A large, spreading bush with pinnate leaves and slender spikes of deep purple flowers, which bloom in June after most spring flowering shrubs are over.

ARALIA Pentaphylla. (III) Upright arching shrub with glossy, waxy foliage. Excellent for the shrubbery border.

ARONIA Floribundi. (II) White flowers. 35 cents; larger, 50 cents.

ARTEMISIA Abrotanum. (III) Beautiful green foliage and creamy-white flowers.

Althea, Lady Stanley

AZALEA. Mollis. (Seedling). (I). Various shades of red, yellow and orange. Flowers resemble those of Rhododendrons. 75 cents. Larger, \$1.00 each.

AZALEA. Evergreen varieties. See page 48.

BUDDLEIA. Varibilis. (Butterfly Bush.) (II) September. Flowers lilac color. Very desirable owing to its lateness in flowering. 50 cents each; \$5.00 per dozen.

BERBERIS Purpurea. (III) May, Foliage dark purple. Young growths in summer, crimson. Golden yellow flowers followed with bright crimson berries.

Thunbergii. (I) May. In autumn it is aglow with scarlet leaves and berries, excellent for hedges.

Vulgaris. (III) May. Yellow flowers in terminal drooping racemes followed with orange-scarlet fruit. One of the most handy shrubs grown.

See page 37 for special prices on Berberis Thunbergii.

CALYCANTHUS. Floridus. (II) Double chocolate colored flowers, very fragrant. A most desirable shrub for general planting.

CARAGNA ARBORESCENS. (III) It is thickly hung with canary yellow, pea-shaped blossoms in late spring.

Planting of Assorted Shrubs Around Foundation with Berberis Thunbergii Hedge Along Driveway

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large three to four year size, 35 cents each, \$3.50 per dozen; \$25.00 per 100. In extra large heavy selected plants for producing immediate effects, 50 cents each, \$5.00 per dozen.

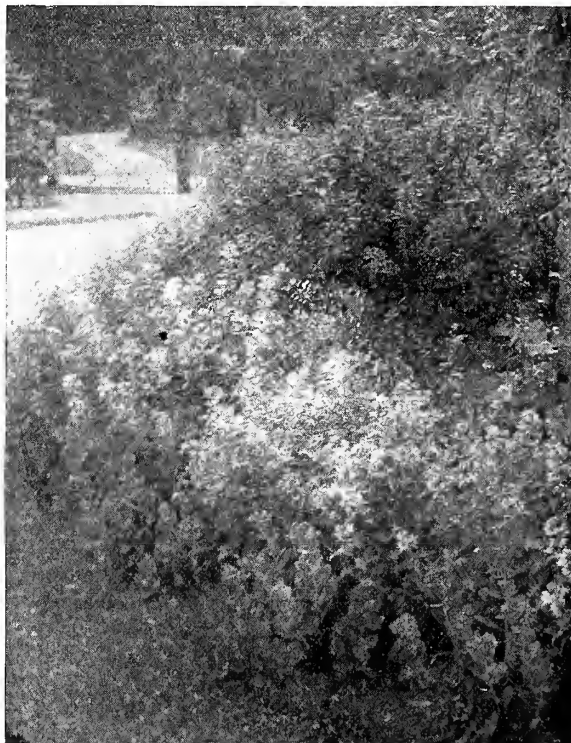

WAGNER PARK FLOWERS

Hardy Flowering Shrubs.

- CARYOPTERIS, Mastacanthus.** (Blue Spirea) (See cut) (I) September. Blue Verbena-like flowers. A very satisfactory shrub, especially desirable for foundation planting.
- CEANOTHUS, Americanus.** (II) June. Pure white flowers, good medium grower.
- CEPHALANTHUS, Occidentalis.** (III) July. Curious balls of blossoms on long stems. Fine for heavy background.
- CHAMAECERASUS.** See Lonicera.
- CHIONANTHUS, Virginica.** See Rhus Virginica.
- CLETHRA, Alnifolia.** (II) Sweet Pepper Bush) July to September. White flowers. 35 cents; extra size, 50 cts.
- COLUTEA Arborescens.** (Bladder Senna) Large shrubs of compact growth, small, light green, acacia-like foliage, yellow or yellowish red pea-blossom shaped flowers in June and July, followed by reddish pods or bladders; hardy and suited to any soil.
- CORCHORUS.** See Kerria.
- CORNUS.** (Dogwood) The name, Dogwood, first brings to mind the White Dogwood (Cornus Florida), with its large, butterfly-like blossoms in May, which is described under Trees. The species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.
- Sanguinea.** (III) A shrub of spreading habit; purplish red branches, flowers greenish white, followed by black berries. Desirable for massing.
- Stolonifera.** (III) Valued for its colored bark Small white flowers.
- Stolonifera Lutea.** (III) A most distinct variety. Bark of branches yellow. 35 cents each.
- Siberica.** (III) This has deep crimson bark and it should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundant clusters of small white blossoms are borne in early summer, followed by white fruit.
- Cornus Florida.** See trees.
- CORONILLA, Emerus.** (II) Large showy yellow flowers, tipped with red.
- CYDONIA Japonica.** (Papyrus) Fire bush (4 to 5 feet.) One of the early spring flowering shrubs, the fiery crimson blossoms creating a grand display. Valuable for hedging.
- Sargentii.** (I) Profuse flowering dwarf shrub. Flowers orange-scarlet, followed by fruit. 35 cents; \$3.50 per dozen. Large size, 50 cents.
- Maulei.** (I) Bright orange scarlet, a gorgeous color. 35 cents; \$3.50 per dozen. Larger, 50 cents.
- Umbellata.** (II) May. Single rose and red flowers, fine for general planting. 35 cents; \$3.50 per dozen. Larger, 50 cents.

Caryopteris, Mastacanthus.

- Japonica Rosea.** (III) May. Semi-double rose-colored flowers. 35 cents; extra large, 50 cents.
- CYTISUS Laburnum.** (Golden Chain) (III) Very large growing shrub. Yellow flowers.

DEUTZIAS. (See cut) The flowers of the Deutzias are tassel-like and clustered into thick wreaths along their drooping branches. These shrubs are hardy, vigorous, adapted to all soils and remarkable for grace, beauty and prodigal bloom. The taller forms are valuable for specimens, low ones for bordering, grouping, or planting near the house. Flowering period, May, June.

Candidissima. (III) Strong growth. Double white flowers.

Crenata. (III) Exquisite flowers of double rosette shape, tinged with soft pink. A strong and vigorous growing sort.

Fortunei. (II) White flowers, quite distinct.

Gracilis. (I) Covered with snow white flowers of much beauty.

Planting of Deutzias.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year size, 35 cents each, \$3.50 per dozen; \$25.00 per 100. In extra large heavy selected plants for producing immediate effects, 50 cents each, \$5.00 per dozen.

Hardy Flowering Shrubs.

DEUTZIA. Gracilis Carminea. (I) Clear, rose-colored flowers; carmine underneath the petals. The best dwarf variety.

Gracilis Rosea. (I) Flowers soft rose in clusters.

Gracilis Venusta. (I) Long spikes of pure white flowers of large size; the flower much resembles that of a small white Azalea.

Lemoncel. (III) Flowers pure white, borne on stout branches, which are of upright growth.

Lemoinei Compacta. (I) Very compact growing variety; white flowers.

Pride of Rochester. (III) The flowers are double, white, tinged outside with pink, and open a week earlier than those of other sorts. One of the best.

Seabra. (III) Flowers white, tinged pink.

Waterti. (I) Flowers delicate pink. A most beautiful variety.

Wellsi. (II) Double white; fine for general planting.

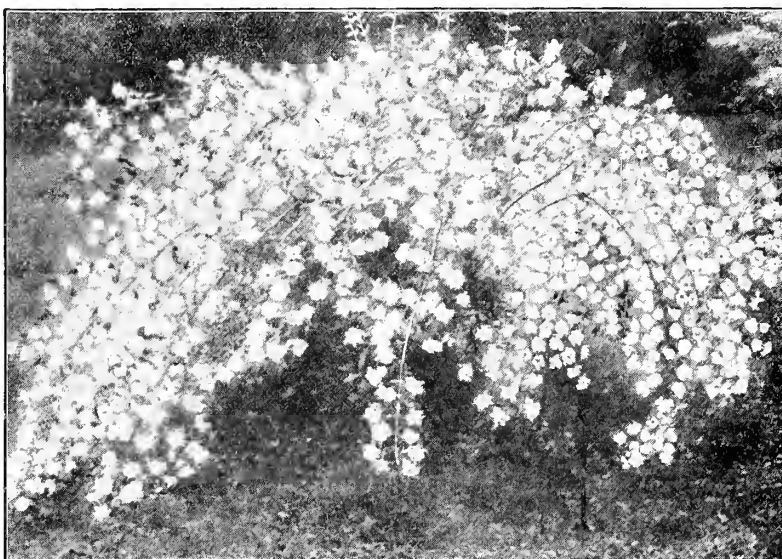

DESMODIUM. Showy shrubs with a mass of graceful sprays of pea-shaped flowers; late-blooming continuing until frost.

Penduliflorum. (II) Rosy purple or reddish flowers. Excellent as single specimens, or for massing in front of shrubberies. Should also be included in beds of herbaceous flowers.

Bicolor. (II) Good medium height shrub producing heavy sprays of pinkish purple flowers.

ELEAGNUS Angustifolia. (Oleaster) (III) A large shrub sometimes of tree form, with long, narrow, silvery green foliage. Flowers yellow followed by yellow fruit.

Longipes. (III) June. Small yellow flowers followed by large oval orange-red fruit, unusually attractive.

Forsythia. Blossoms Appear Before the Foliage

EXCHORDIA Grandiflora. (Pearl Bush) (II) May. Dazzling white flowers. A most beautiful shrub.

FLOWERING CURRANT. See Ribes.

FORSYTHIA. (Golden Bell) The Golden Bells stand in a class by the themselves, and, with the Magnolias are the first showy shrubs. Early in April they are a wealth of brilliant golden yellow. The foliage is entirely healthy and the growth vigorous.

Itermedia. (III) A tall, upright growing form. Good for shrubby border planting. Deep yellow flowers and fragrant.

Fortunei. (Fortune's Forsythia) (III) April. A spreading bush with dark shining foliage, which has a purplish tint in autumn. Deep yellow flowers. The best of the Forsythias.

Fortunei Variegata. (II) April. A very fine variety with deep green leaves, margined with golden yellow.

Suspensa. (II) April. A beautiful weeping form with long, pendulous branches. Golden-yellow flowers.

Virdissima. (III) April. Flowers bright yellow. A fine hardy shrub and one of the earliest to flower in spring.

Sieboldi. (II) Slender pendulous branches, yellow flowers.

HALESIA Tetraptera. (III) May. White, bell-shaped flowers. 50 cents.

HAMAMELIS Virginica. (III) Yellow flowers in fall.

HONEYSUCKLE. See Lonicera, also vines.

HYDRANGEA Grandiflora Alba. (II) One of the most beautiful and satisfactory shrubs in cultivation. Large clusters of white flowers. Nice young plants, 35 cents. Larger, 50 cents. Extra large heavy plants, \$1.00 to \$2.00.

Arborescens. (I) June, July. White panicles of flowers. Our native variety.

Paniculata Grandiflora. (II) July, August. Flowers white changing to pink and borne in immense pyramidal clusters. Will bloom same season planted.

HYPERICUM Aureum (II) Abundant yellow flowers all summer, strong grower.

Moserianum (I) Beautiful golden yellow flowers, with crimson stamens. Dwarf habit.

Eleagnus

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year size, 35 cents each; \$3.50 per dozen; \$25.00 per 100. In extra large heavy selected plants for producing immediate effects, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Flowering Shrubs.

KERRIA Japonica. (II) Handsome green foliage, single yellow flowers.

Japonica Flore Plana. (II) (Double-flowered Globe Flower) Slender green branches and pretty, closely serrated leaves. The double flowers are deep orange yellow and are produced in profusion throughout the summer months.

Japonica Variegata. (See cut) (I) A low-growing variety, very airy and graceful, with dense, light green foliage, beautifully margined with white. Very ornamental, and one of the most valuable dwarf shrubs. Single yellow flowers.

Ligustrum. See Hedge plants page 37.

LONICERA. (Bush Honeysuckle) These are tall shrubs of upright growth, valuable for their profusion of white and pink flowers and their crops of rich red and yellow berries. They are among the most attractive of our early blooming shrubs.

Grandiflora Rosea. (III) Pink blossoms.

Ledebouri. (II) May. Creamy, yellow flowers, very fine.

Morrowi. (II) May. White flowers, dark green foliage, red fruit.

Tatarica. (III) May. Pretty pink flowers in May, and with orange-colored berries in fall.

Tatarica Alba. (III) May. (White Tartarian Honeysuckle) Has white flowers, bright berries.

Virginica Alba. (III) White flowers; for mass planting.

MYRICA, Cerifera. (I) May. Beautiful green foliage, almost evergreen, reddish flowers, followed by waxy-white berries.

PHILADELPHUS Mock Orange. How deliciously fragrant are the spring blossoms of the Mock Orange! To many they bring pleasant thoughts of the coming flowers.

Kerria Japonica Variegata

Avalanche. (II) Very graceful variety, white flowers.

Coronarius. (Sweet Mock Orange) (III) The real old-fashioned form with its pretty, fragrant white blossoms and yellow stamens, a grand variety.

Falconeri. (II) Graceful shrub. White flowers.

Follis Aureis. (Golden Mock Orange) (I) Bright golden leaves.

Grandiflorus. (III) The flowers of this are much larger than the others and very showy.

Lemoinei Erecta. (II) Creamy white, fragrant.

Lemoinei Hybrida. (II) The branches of this variety are drooping and graceful. Flowers white and fragrant.

Mont Blanc. (III) June. White flowers. A beautiful variety.

Nivalis. (II) Pure white flowers; very fine and will give satisfactory results everywhere.

Speciosa. (III) Showy white flowers. A tall grower and one which will give satisfaction wherever planted.

Zeyheri. (II) June. White flowers with slight fragrance. A beautiful variety.

POTENTILLA, Fruiteosa. (I) July. A fine, small leaved shrub of spreading habit; bright, yellow flowers.

PRUNUS Triloba. (Bush Form) (III) A handsome shrub or small tree covered in May with delicate, double pink flowers. 50 cents; larger, 75 cents.

PRUNUS Pissardi. See Trees.

ROBINA Hispida. (Bush Form) (III) Beautiful and attractive bush. Clusters of pea-shaped flowers. 50 cents; larger, 75 cents. Extra large, \$1.00 each.

RHODOTYPHUS, Kerroides. (White Kerria) (II) A handsome shrub with good foliage and snow-white flowers the latter part of May, followed by black berries. A profuse bloomer.

RHAMNUS Cathartica. The well-known hedge plant valued for its extreme hardiness and strong upright growth.

RHUS Cotinus. (See cut) (Smoke Tree or Purple Fringe) This shrub or small tree differs widely from all others. Its beauty consists in the dense masses of mist-like flowers, surrounding the seeds in mid-summer, and apparently enveloping the tree in puffs.

Canadensis. (Sumac) (III) A native shrub topped in autumn with crimson heads of seed.

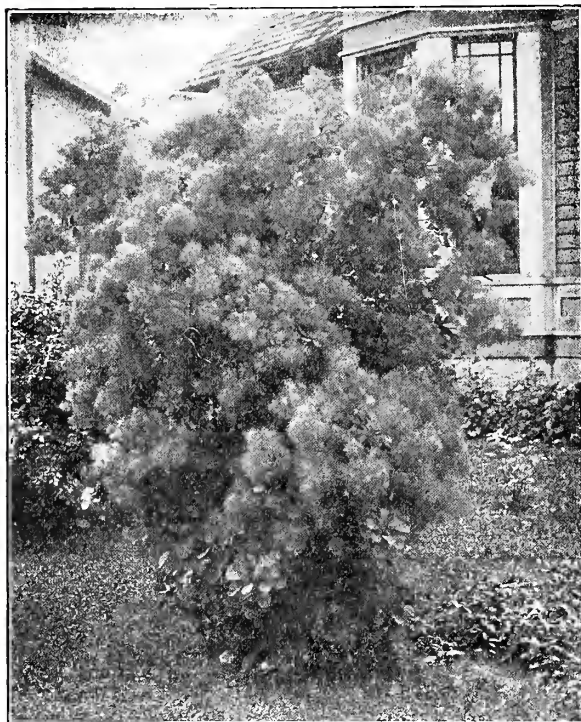

Chionanthus Virginica. (White Fringe Tree) (III) Drooping white flowers.

Copallina. (III) Almost evergreen foliage which changes in fall to crimson.

Glabra. (Smooth Sumac) (III) Leaves color brightly in autumn. Flowers in July, followed by brownish-crimson fruit.

Typhina. (Stag Horn Sumac) (III) Scarlet head of fruit and brilliant foliage.

Typhina Laciniata. (Fern-leaved Sumac) (III) Brilliant foliage. Crimson fruit.

Rhus Cotinus

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each; \$2.50 per dozen. SENT PREPAID.

ALL VARIETIES on this page in large three to four year size 35 cents each; \$3.50 per dozen; \$25.00 per 100. In extra large heavy selected plants for producing immediate effects 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Flowering Shrubs.

RIBES Aureum. (I) Fragrant yellow flowers followed by dark brown fruit.

Gordianum. (II) May. Yellow and crimson flowers.

ROSE OF SHARON. See Atheas.

ROSA RUGOSA Japanese Rose (III) These beautiful roses are fast becoming popular, their bright, glossy foliage which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges or the shrubbery border.

SPIREAS. This is one of the largest groups of flowering shrubs, and it is rarely that a group is planned without including some of its widely differing forms. We have endeavored to select, among the many kinds, the few which most clearly show the different types of beauty, without confusing our customer with an unnecessarily long list of names. The flowering period is more extended than that of any other group of shrubs. Their foliage is attractive at various seasons.

Anthony Waterer. (I) May to September. Heads of crimson flowers.

Bumalda. (I) May to September. Rose-colored flowers.

A Planting of Spirea Van Houttei

Billardi. (II) A strong grower, with dull green foliage and dense panicles of bright pink flowers in July and August, with occasional blooms during the fall. A good one for mass planting.

Callosa Froebeli. (II) Early and very free flowering shrub. Flowers dark, violet red, very fragrant.

Callosa Rosea. (I) A very handsome variety, blossoming in midsummer and autumn; clusters of beautiful rose-colored flowers. Valuable in every way.

Callosa Rubra. (Japanese Variety) (I) A very fine and rare variety bearing bright red flowers.

Arguta. (II) May. Narrow, bright green leaves. Flowers pure white.

Fontenayii Rosea. (II) June and July. Slender, upright branches and pink flowers. Fine for massing.

Fontenayii Alba. (II) A white form of the above.

Marguerite. (I) A beautiful variety with deep rose-colored flowers.

Opulifolia Aurea. (Golden Leaved) (III) Yellow tinted foliage and white flowers.

Prunifolia. (Bridal Wreath) (III) May. White. Double flowers along the leafless branches. 50 cents.

Reevesiana. (II) May. A slightly drooping shrub covered in May with clusters of white flowers almost covering the branches.

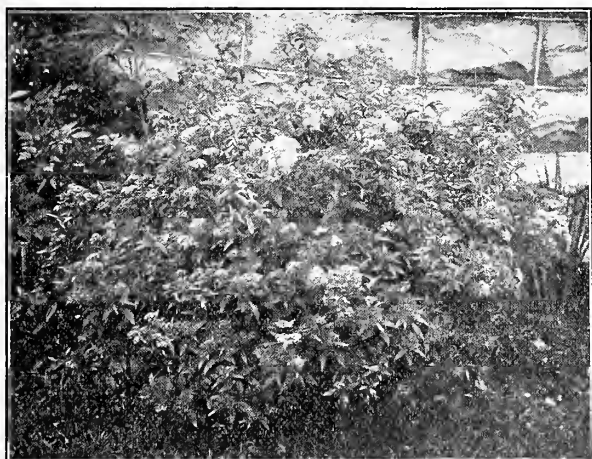

Salicifolia Alba. (II) June to September. Rose colored flowers. Fine.

Semperflorens. (I) Red flowers in corymbs. One of the best dwarf varieties.

Sorbifolia. (II) July. A distinct type, bearing heads of white flowers.

Thunbergii. (I) Fluffy masses of small white flowers. Earliest to flower.

Van Houttei. (II) The most beautiful of the Spireas. We recall no shrub that exceeds this in the graceful, elm-like quality. The graceful branches, weighted down with a wealth of white blossoms, curve till they nearly touch the ground. It comes into bloom just before Decoration Day. If we were limited to one variety, we should select this.

Spirea Callosa Rosea.

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants 25 cents each, \$2.50 per dozen, SENT PREPAID.

ALL VARIETIES on this page in large three to four year old plants, 35 cents each, \$3.50 per dozen, \$25.00 per 100. In extra large heavy selected plants for producing immediate effects, 50 cents each, \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Flowering Shrubs.

"When Lilacs late in the dooryard bloomed".
—Walt Whitman.

SYRINGA Lilac. (III) These old-fashioned shrubs are always popular, and with the present revival of the "old-fashioned garden," no collection is complete without them. No matter how small the garden, every one wants Lilacs, and everywhere in the country, be it near a roadside farm, or in the garden or shrubbery of a fine estate, one finds them adding beauty and sweetness to any surroundings. Our stock is unusually fine.

Alphonse Laval. Large panicles, double blue flowers, shaded violet. 75 cents and \$1.00 each.

Japonica. (Japan Tree Lilac) The only tree form in the group. Exceedingly handsome when in bloom, and valuable for prolonging the Lilac season well into June. The leaves are leathery, large and dark; flower-plumes large and long, white, showy, and carried well above the foliage. Makes a good specimen. 50 cents, 75 cents and \$1.00 each.

Madam Abel Chatney. Large panicles, double white, very fine. \$1.00.

Mme. Lemoine. Double white flowers. A handsome variety. 50 cents, 75 cents and \$1.00 each.

Josikaea. Valuable on account of late blooms. Large purple flowers. 50 cents, 75 cents and \$1.00 each.

Leon Simon. Double bluish wall flower. 75 cents and \$1.00 each.

Insignis Rubra. Buds dark red, opening into rosy purple flowers. One of the best. 75 cents and \$1.00 each.

Sougeana. A new sort that we obtained from France. It has showy, dark red panicles of bloom. 75 cents and \$1.00 each.

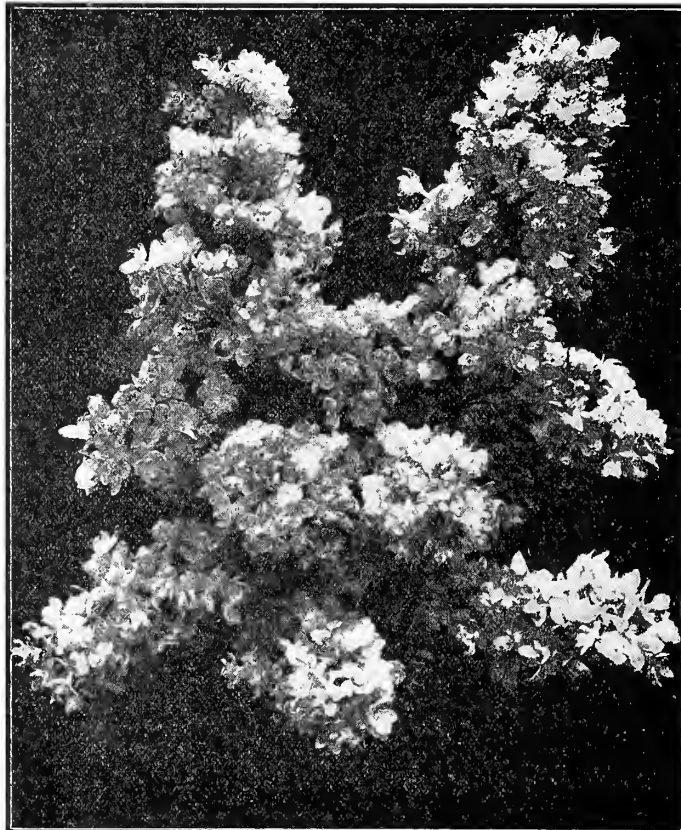

Rubra de Marley. Single, reddish purple. 50 cents and 75 cents each.

Son de Ludwig Spath. Immense trusses of deep purplish red. A distinct and beautiful variety. 50 cents and 75 cents.

Vulgaris. (Old-fashioned Lilac) The familiar species of all fine old gardens, with heart-shaped leaves and dense panicles of lilac flowers in May, still the most fragrant of any. Price below.

Alba. (Old-fashioned White Lilac) Similar to the former, with pure white, very fragrant flowers. Price below.

SYRINGO or MOCK ORANGE. See Philadelphus.

Syringa (Lilac).

SAMBUCUS Canadensis. (White Elder) (III) Attractive flowers followed by clusters of deep purple berries.

Lacinata. (III) Very valuable on account of its deeply cut foliage.

Nigra Aurea. (Golden Elder) (III) Has bright leaves of a clear, golden-yellow.

Nigra. (European Elder) (III) White flowers. Black fruit.

Variegata. (III) Variegated-leaved Elder. Of strong, healthy growth; foliage mottled with yellow and white.

SMOKE TREE. See *Rhus cotinus*.

SNOWBALL. See *Viburnum*.

SNOWBERRY. See *Symphoricarpus*.

STEPHANANDRA Flexuosa. (II) June. Pure white flowers.

STRAWBERRY TREE. See *Euonymus* in trees.

SYMPHORICARPUS RUBRA. (Indian Currant).

Symphoricarpus Vulgaris. (I) A graceful, low-growing shrub. Flowers dark, violet, red, very fragrant, along its arching twigs. The branches take root, where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive.

Racemosus. (II) Milkwhite berries that contrast finely.

Vitex Agnus Castus

PRICES ALL VARIETIES on this page except where otherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large three to four year old plants, 35 cents each, \$3.50 per dozen; \$25.00 per 100. In extra large heavy selected plants for producing immediate effects, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

Hardy Flowering Shrubs.

TAMARIX. Attractive tall-growing shrubs with fine, feathery foliage like that of Junipers. Splendid shrubs for general planting, for sea-shore planting or damp places. Flowers profusely and are usually a delicate pink color.

Africana. (III) June. Pinkish flowers, bluish-green leaves.

Gallica. (III) June. Pinkish flowers, bluish-green leaves.

Hispida Aestivalis. (III) July. Pink flowers. Its neat flowers and blue-green foliage are very ornamental.

Indica. (III) Pink flowers.

Japonica Plumosa. (III) Pink flowers in slender racemes.

Odessana. (II) Pink flowers in panicle racemes. 35 cents; larger, 50 cents.

Tetandra Purpurea. (II) Beautiful pink.

VIBURNUM. (See Cut) An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good, healthy foliage.

Dentatum. (III) Creamy white, flat-topped cluster flowers.

Lantana. (III) White flowers, clusters of bright red fruit, changing to black.

Opulus. (Highbush Cranberry) This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks.

Oxyecus Nanus. (I) An excellent compact growing dwarf shrub. Very desirable for low hedges, perfectly hardy.

Plicatum. (Japanese Snowball) (III) Large balls of flowers white as snow.

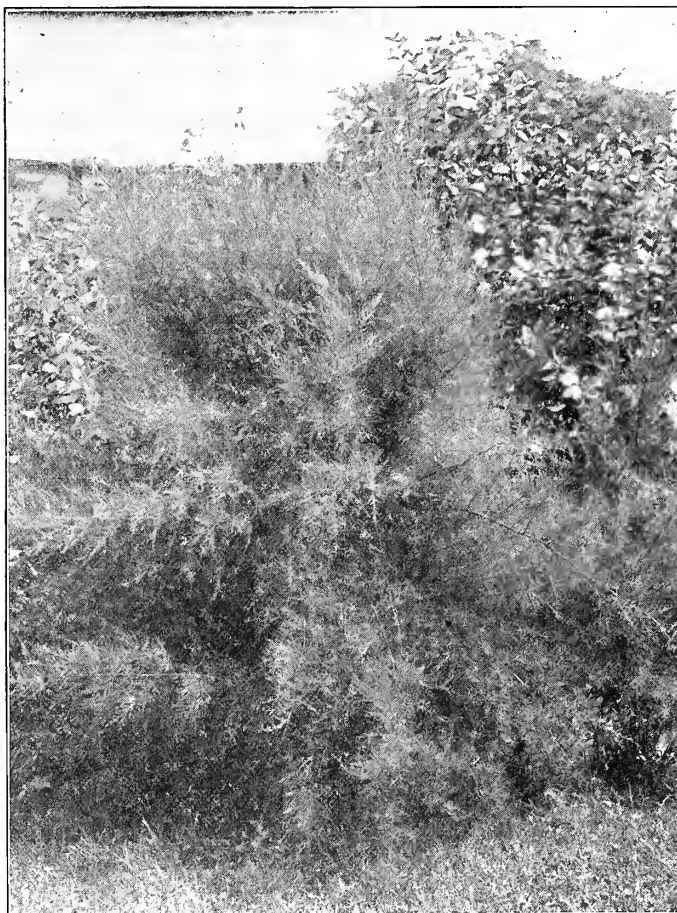

Sterilis. (Common Snowball) (III) Flowers white, borne in clusters.

Tomentosum. (III) White flowers. 25 cents; larger, 35 cents.

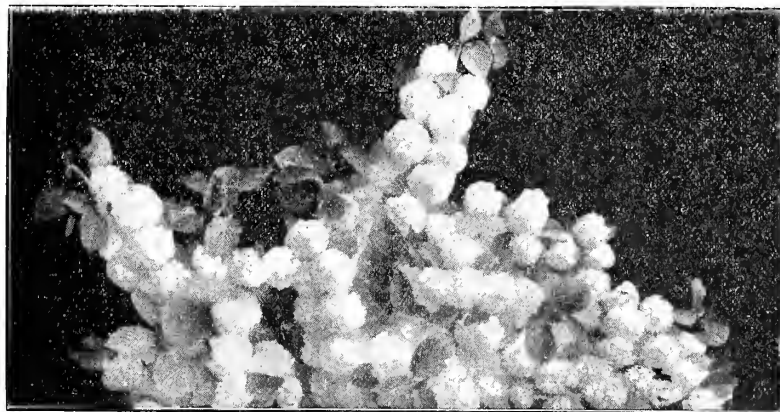

Tree Snowball. This is the well known snowball grown in tree form. We have a nice stock of plants 4 to 5 feet in height with two-year-old heads. These we can recommend as something very choice. Price, \$1.00 each, extra large, \$2.00.

VITEX Agnus-Castus. The dark green foliage is star-shaped and pretty. Flowers in racemes of lavender blue in August and September when few other shrubs are in bloom.

WEIGELIAS. Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage.

Tamarix. Tetandra Purpurea.

Viburnum Snowball

WEIGELIA. Amabilis. (I) May or June. Delicate pink flowers.

Candida. (III) Flowers pure white, borne all through the summer months. One of the most free blooming of all Weigelias.

Eva Rathke. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. 35 cents; larger, 50 cents.

Gustave Mallet. (II) Flowers deep rose, of erect, compact habit.

Hendersoni. (II) An excellent variety with dark red flowers; very fine.

Nana Variegata. (I) May. Pink flowers and variegated green and yellow foliage.

Desbousii. (II) Deep rose flowers in profusion.

Stelznerii. (III) May. Dark red flowers; a very strong grower.

Van Houttei. (II) May. Clear carmine flowers.

PRICES ALL VARIETIES on this page except whereotherwise noted in two (or more) year old well rooted plants, 25 cents each, \$2.50 per dozen. **SENT PREPAID.**

ALL VARIETIES on this page in large three to four year old plants, 35 cents each, \$3.50 per dozen; \$25.00 per 100. In extra large heavy selected plants for producing immediate effects, 50 cents each; \$5.00 per dozen.

WAGNER PARK FLOWERS

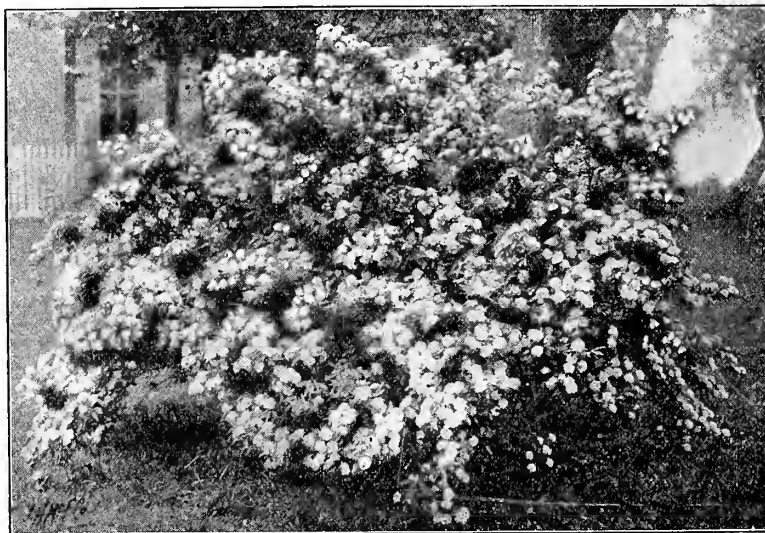

A Page of Beautiful Specimens.

These shrubs and trees have been growing in Wagner Park, adorning the landscape here for a number of years, but needing the space for further development we are this season offering a limited variety of specimens. They are all in excellent condition for transplanting and are of great value.

It has taken several years to grow these into specimens, and could you, who are wanting immediate effects, but see them you would grasp at the opportunity of securing some of these fine heavy plants. One of these developed specimen plants will be as effective as a half dozen small plants; hence, economy to buy them. Order from this list if you want the very largest and choicest stock possible to produce. See other parts of catalog for full description of varieties listed.

Shrubs.

These shrubs are broad, heavy plants, and most of these specimen shrubs are dug with a ball of earth with the roots intact and undisturbed, which are carefully protected and packed, that they arrive in splendid condition.

SPECIMEN SPIREA VAN HOUTTEI—This variety is the most beautiful, most satisfactory of all flowering shrubs. Plant them anywhere. They are sure to please, and will produce satisfactory results.

For General List of Shrubs and Trees in various sizes see other parts of Catalog.

Ornamental Hedge Plants.

Hedges take the place of fences and are much more desirable and attractive for general landscape effect.

Every owner of property, whether a large estate or a small city lot, wishes to have the surroundings of the home look beautiful. In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. How easy this difficulty is solved when we consider the hedge. Nothing is better suited for the purpose and more desirable. A hedge will beautify the plainest kind of grounds and add immeasurably to the original attractiveness of grounds already beautiful. Contrast in your mind the wooden or iron fence with a fence that nature provides. The former is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings.

To make a satisfactory hedge the ground should be well prepared before planting. If the soil is of poor quality, a trench should be dug 15 to 18 inches wide, and 18 inches in depth, filling this in with good, rich soil. This will insure rapid and strong root growth, which will well repay for the time and trouble.

PRUNING AND CARE OF HEDGES. To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out to prune back quite severely to an even height. This will encourage strong bottom growth and makes the foundation of a good hedge.

LIGUSTRUM. (Privet) The most popular and satisfactory of all hedge plants, as the hardy varieties can be planted in the extreme Northern States with perfect safety. With Privet you can have a hedge of any height or shape desired, as they stand shearing well.

Amurensis. (Amoor Privet) Glossy green foliage and hardy in all localities, nice plants, \$1.00 per dozen; \$7.00 per 100. Extra large size, \$2.50 per dozen; \$15.00 per 100.

Media. A very hardy variety, covered with berries during the fall and winter. Nice plants, \$1.00 per dozen; \$7.00 per 100. Larger, \$2.00 per dozen; \$12.00 per 100.

Ovalifolium. (California Privet) The most popular variety, has very fine foliage and is nearly evergreen. Not hardy in the extreme Northern States. Nice plants, \$1.00 per dozen; \$5.00 per 100. Larger plants, \$1.50 per dozen; \$7.50 per 100. Extra heavy plants, \$2.00 per dozen; \$10.00 per 100.

Regelianum. (Regel's Privet) Absolutely hardy, and is sufficiently dense for hedge purposes even without trimming. Nice plants, \$1.50 per dozen; \$10.00 per 100. Large size plants, \$2.50 per dozen; \$18.00 per 100.

Sinensis Nana. A very graceful variety that will give a particularly pleasing effect. Excellent for southern gardens. Takes the place of boxwood. Not quite hardy in extreme Northern States. \$2.00 per dozen; \$12.00 per 100. Extra large, \$3.00 per dozen; \$20.00 per 100.

ALTHEA. (Hibiscus, Rose of Sharon) These desirable shrubs make a most satisfactory hedge plant, particularly where one of tall upright growth is desired. They not only have good green foliage, but produce a profusion of blossoms in late summer and fall. Mixed colors. Nice plants, \$2.00 per dozen; \$15.00 per 100. Larger \$3.50 per dozen; \$25.00 per 100. Extra heavy plants, \$5.00 per dozen; \$35.00 per 100.

BERBERIS Thunbergii. A beautiful low-growing shrub, covered with red berries nearly all winter. Large size, \$2.50 per dozen; \$15.00 per 100. Extra large, \$3.00 per dozen; \$20.00 per 100.

ROSA RUGOSA Japanese Rose. (III) These beautiful roses are fast becoming popular as hedge plants, their bright, glossy foliage, which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges or the shrubby border. \$2.50 per dozen; \$15.00 per 100. Large size, \$3.50 per dozen; \$25.00 per 100. Extra heavy, \$5.00 per dozen; \$35.00 per 100.

RHAMNUS Cathartica. A desirable hedge plant of rather coarse growth. Extensively used on account of its extreme hardness. Nice plants, \$2.00 per dozen; \$12.00 per 100. Larger size, \$3.00 per dozen; \$20.00 per 100. Extra heavy plants, \$4.00 per dozen; \$30.00 per 100.

EVERGREENS

THUYA Arbor Vitae. Nice young plants, \$2.50 per dozen; \$15.00 per 100. Bushy plants, 2 feet high, \$5.00 per dozen; \$35.00 per 100. Heavy, 2½ to 3 feet plants, \$7.50 per dozen; \$50.00 per 100.

PICEA Excelsa. (Norway Spruce) Nice young plants, 15 to 18 inches high, \$2.50 per dozen; \$15.00 per 100. 18 to 24 inches high, \$5.00 per dozen; \$35.00 per 100.

TSUGA Canadensis. (Hemlock Spruce) Nice plants, 18 to 24 inches high, \$7.50 per dozen; \$50.00 per 100.

BUSH BOX. Nice plants, 8 to 10 inches, \$2.50 per dozen; \$18.00 per 100. Heavy plants, 12 to 15 inches, \$5.00 per dozen; \$35.00 per 100. For other sizes, see pages 49 and 50.

For larger size Evergreens, see pages 43 to 47.

THE HEDGE ILLUSTRATED ABOVE
IS BERBERIS THUNBERGII

Special Prices on Berberis Thunbergii for Hedging.

Growing thousands and thousands of these most desirable hedge plants, can offer this season one year old thrifty plants (seedlings) 12 to 15 inches high \$1.00 per dozen; \$5.00 per 100 \$40.00 per 1000.

These plants will produce a most beautiful hedge, but as they are young will of course take some time longer than if the larger sizes offered above are planted. Order now today that you may not be disappointed.

WAGNER PARK FLOWERS

Fruit Department.

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree in full bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below is the very choicest and best for general planting.

APPLES—Early Varieties.

Early Harvest—Medium, pale yellow, tender, juicy.

Yellow Transparent—Earliest and best; white, tender, juicy, sprightly, sub-acid.

Red Astrachan—Large, beautiful, deep crimson; good cooker.

APPLES—Late Varieties.

Ben Davis—Large, handsome, striped, valuable.

Baldwin—Large, bright red, crisp, juicy, rich.

Bismarck—Handsome, yellow, sometimes shaded red; red cheek.

Golden Russet—Medium, dull russet, crisp, juicy.

Northwestern Greening—Hardy, yellow, rich, of good size, extra long keeper.

Rome Beauty—Large, yellow, shaded red; tender, juicy, sub-acid.

Wagner—Good size, deep red in the sun; flesh firm, sub-acid, excellent.

White Pippin—Large, yellow, tender, sub-acid; good grower and keeper.

All varieties, 40 cents; \$4.00 per dozen; larger size, 60 cents; \$6.00 per dozen.

CRAB APPLES

Hyslop—Large, deep crimson; one of the most beautiful of Crabs; very popular.

Transcendent—Immensely productive, bright red, one of the most popular.

All varieties, 35 cents; \$3.50 per dozen; \$25.00 per 100; larger size, 50 cents; \$5.00 per dozen.

PEARS—Early Varieties

Bartlett—Large, buttery, juicy, high-flavored, great bearer; very popular.

Clapp's Favorite—Very large, yellow and dull red, with russet specks, melting, rich.

PEARS—Late Varieties

Flemish Beauty—Large, juicy, rich; one of the hardiest.

Keiffer—Its large size and handsome appearance make it exceedingly profitable for market.

Worden-Seckel—(New.) Very fine and productive.

All varieties, 40 cents; \$4.00 per dozen; larger size, 60 cents; \$6.00 per dozen.

CHERRIES

Baldwin—Large, round, slightly sub-acid, sweet and rich.

Early Richmond—Medium, dark red, melting, juicy, sprightly, rich acid.

English Morello—Fair size, blackish red, rich acid, juicy, good.

Montmorency—Large, red, productive, ten days later than Early Richmond.

May Duke—Large, red, juicy, rich. Very fine.

Napoleon—Large, pale yellow or red; firm, juicy, sweet and productive.

Windor—Fruit large, remarkably firm and of fine quality. A late variety.

All varieties, 40 cents; \$4.00 per dozen; larger size, 60 cents; \$6.00 per dozen.

PLUMS

Diamond—A large, magnificent plum. Dark purple; beautiful bloom.

Lombard—Medium, violet red, juicy, good, hardy and productive.

Abundance—Fruit large, lemon yellow, with heavy bloom; good quality.

Burbank—The best and most profitable for market.

All varieties 50 cents; \$5.00 per dozen; \$35.00 per 100.

PEACHES

Crawford's Early—A magnificent large yellow peach of good quality.

Elberta—Large, yellow, with red cheek; flesh yellow, firm, juicy.

Lemon Free—Lemon shaped and color, large size.

All varieties, 25 cents; \$2.50 per dozen; \$15.00 per 100; larger size, 35 cents; \$3.50 per dozen; \$25.00 per 100.

GRAPES

Concord—The well known standard variety, succeeds wherever grapes will grow.

Early Ohio—Very early, hardy, and productive.

Wilder—Bunch and berry very large and round.

Worden—A splendid grape. Vine vigorous; hardy and productive.

Catawba—Berries large, round; when fully ripe of a dark, copper color.

Diamond—The leading early white grape. White, with rich, yellow tinge.

All varieties, 25 cents; \$2.50 per dozen; \$15.00 per 100.

BLACKBERRIES

Eldorado—Fine, large clusters. Very hardy.

Rathbun—A very fine, large variety.

Both varieties, 10 cents; \$1.00 per dozen; \$5.00 per 100.

RASPBERRIES

Cumberland—The best black.

King—The best red.

Golden Queen—The best white.

All varieties, 10 cents; \$1.00 per dozen; \$3.00 per 100.

DEWBERRIES

Lucretia—The largest and best variety.

10 cents; \$1.00 per dozen; \$4.00 per 100.

CURRENT

Black Champion—Very productive, large bunch and berry, excellent quality.

White Grape—Yellowish white; excellent quality for the table.

Wilder—Fine and very productive.

All varieties, 15 cents; \$1.50 per dozen; \$10.00 per 100.

GOOSEBERRIES

Downing—Large, handsome, pale green and of splendid quality.

15 cents; \$1.50 per dozen; \$10.00 per 100.

STRAWBERRIES

Senator Dunlap—The best grower and free bearing.

50 cents per dozen; \$3.00 per 100.

FOUR CHOICE HARDY VEGETABLES

The supplying of seed, etc., for the vegetable garden we leave to the specialist in that line. But being advocates of hardy plants as well as recognizing the decorative value in the fine foliage of the Asparagus and Rhubarb which follows the family supply of these choice vegetables during the early month, we recommend giving place in every yard to these few vegetables. They require no care nor attention whatever after once established.

RHUBARB Linnaeus (or Pie Plant)—Large, early, tender and fine. The very best of all. 15 cents; \$1.50 per dozen.

Hobdays Giant. Extraordinary large and of excellent flavor. 25 cents; \$2.50 per dozen.

ASPARAGUS, Conover's Colossal. A standard variety of large size, tender and excellent quality. Good, strong roots, 25 cents per dozen; \$1.50 per 100.

Mammoth White. Strong, vigorous growth, producing very large, white shoots. 25 cents per dozen; \$1.50 per 100.

WAGNER PARK FLOWERS

Shade and Ornamental Trees.

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way.

Our complete list of shade and ornamental trees comprises nearly three hundred varieties, but have taken extra precaution in the list here, selecting only such kinds as possess distinctive and decorative merit, all of which are suitable for lawn, park, or avenue planting.

Trees for Special Positions.

We classify these that our customers may select trees especially suited to their position and needs. Those varieties not classified may be used in general planting, hardy borders, etc. All varieties we list possess some distinction and merit.

VARIETIES FOR LAWN SPECIMENS.

Acer Platanoids, Dasycarpum, Wieri Laciniata, Pseudo Platanus, Reitenbachi, Schwedleri and Negundo; Esculus Hippocastanum and Rubicunda; Betula Alba; Cornus Florida; Catalpa Speciosa; Fagus Sylvatica, Purpurea; Riversi; Liquidambar; Liriodendron; Platanus Orientalis; Occidentalis; Salisburia; Tilia Europea Americana and Ulmus Americana.

VARIETIES FOR STREET AND AVENUE PLANTING.

Acer Platanoides, Dasycarpum, Pseudo Platanus, Schwedleri and Negundo; Catalpa Speciosa; Larix Europea; Liquidambar; Platanus Orientalis and Occidentalis; Populus Deltoidea; Quercus Palustris; Tilia Americana and European; Ulmus Americana.

VARIETIES FOR SMOKY, CONGESTED CITY STREETS, which demand a sturdy, robust tree. Acer Platanoides; Ailanthus; Catalpa Speciosa; Gymnocladus; Populus Carolina; Platanus Occidentalis and Orientalis; Salisburia; Ulmus Americana.

VARIETIES PRODUCING FLOWERS. Nothing is more attractive than a group of flowering trees. See description and color on the following pages. Esculus; Aralia; Cercis; Cerasus; Crataegus; Cornus; Catalpa Speciosa; Koeleruteria; Liriodendron; Magnolias; Persica; Pyrus; Prunus Trilboia; Robina; Sophora; Sorbus Aucuparia.

Have your grounds ready to plant upon arrival of trees if possible. If, however, impossible to do this, unpack and heel in, that is, dig a trench and cover the roots with fine soil, pressing it down firmly that there are no air spaces to the roots, and if soil is very dry, give a watering. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition do not unpack, but put in a cool place, free from frost, until perfectly thawed, when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set out, you can spread out the roots, always avoiding as much as possible twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly.

SPECIAL NOTE.—In addition to the regular sizes listed, we have a lot of extra choice specimens which price varies according to variety and size, \$5.00 to \$25.00 each.

Acer (Maple). One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter.

ACER Dasycarpum. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 ft., 75 cents; 8 to 10 ft., \$1.00; 10 to 12 ft., \$1.50; heavy specimens, \$2.00 to \$5.00 each.

Negundo. (Ash-leaved Maple or Box Elder) A handsome tree. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; heavy specimens, \$2.00 to \$2.50.

Platanoides. (Norway Maple) Deep green leaves. One of the best. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00; heavy specimens, \$2.50 to \$5.00.

Pseudo Platanus. (Sycamore-leaved Maple) Foliage deep green on upper surface and purplish red underneath. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

Reitenbachi. A beautiful and striking variety because of its rich, changing foliage; decidedly purple. 6 to 8 ft., \$1.00 to \$1.50.

Rubrum. (Red or Scarlet Maple) Foliage bright scarlet in autumn. 6 to 8 ft., \$1.00 to \$1.50.

Saccharum. (Sugar Maple) Used for shade on lawn or park plantings. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

Schwedleri. (Purple-leaved Maple) Leaves bright purplish crimson which changes to purplish green. 6 to 8 ft., \$1.50 to \$2.00.

Wieri Laciniatum. (Wier's Cut-leaved Maple) A very beautiful specimen tree, with delicately cut leaves and distinct, half-drooping habit. The leader grows rapidly upright, the slender lateral branches curve gracefully downward. Of noble proportions when undisturbed, yet patient under considerable pruning. Nice trees, 50 cents; 6 to 8 ft., 75 cents; 8 to 10 ft., \$1.00; 10 to 12 ft., \$1.25 to \$1.50; heavy specimens, \$2.00 to \$5.00 each.

WAGNER PARK FLOWERS

Shade and Ornamental Trees.

AECULUS Hippocastanum. (Horse Chestnut) Double white flowered. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

Rubicunda. Red flowered. One of the finest trees. 8 to 10 ft., \$2.50; larger, 10 to 12 ft., \$2.00 to \$4.00.

AILANTHUS. (Tree of Heaven) An extremely rapid grower with palm-like leaves. Thrives in city lots, exposed to gas and smoke, and in soils where most other trees perish. 10 ft. \$1.00; 12 ft., \$1.50 to \$2.00. Heavy specimens, \$2.50 to \$4.00.

ALNUS Glutinosa. (European or Common Alder) Foliage roundish, wedge-shaped, wavy. Remarkably quick in growth. 6 to 8 ft., 75 cents; 8 to 10 ft., \$1.00 to \$1.25; 10 to 12 ft., \$1.50 to \$2.50.

INCANA. Gray-colored Alder) 6 to 8 ft., \$1.00.

ARALIA Spinosa. (Hercules' Club) A showy native, with broad, handsomely cut leaves and huge clusters of small white flowers in July. Its winter effect is unique and handsome. 4 to 6 ft., 75 cents; 6 to 8 ft., \$1.00 to \$1.50.

Mandchuricus. Tropical like foliage. 4 to 6 ft., 75 cents; 6 to 8 ft., \$1.00 to \$1.50.

BETULA Alba. (See Cut) (European White Birch) 35 to 40 feet. Of rapid growth, attractive foliage and beautiful silvery-white bark. Droops just a little. 6 to 8 ft., 75 cents to \$1.00; 8 to 10 ft., \$1.25 to \$2.00. Heavy specimens, \$2.50 to \$3.00.

Alba Lacinata Pendula. (Cut-leaved Weeping Birch) A pyramidal tree with pendulous branches and deeply cut foliage. 5 to 6 ft., \$1.00 to \$1.50; 6 to 8 ft., \$2.00 to \$2.50.

Youngii. Forms beautiful pendulous heads. A weeping tree 5 to 6 ft., \$1.00 each; 7 to 8 ft., \$1.50 to \$2.00.

Pyramidalis. Columnar habit. Similar to the Lombardy Poplar. 6 to 8 ft., \$1.00 to \$1.50.

CATALPA Bungei. (Umbrella Tree) A small species, forming a tree clothed with a dense mass of large, heart-shaped leaves; flourishes in all soils. It is grafted on a stem 5 to 8 feet high. It makes a handsome standard tree, very dense, symmetrical head. 1 to 2 year heads, \$1.50 to \$2.00. Specimens, \$3.00 to \$5.00.

Bungei Dwarf. Stems from 1 to 2 feet with large 3 to 5 year heads, \$2.50 to \$5.00 each. Excellent where a dwarf tree for formal effects is desired.

Speciosa. (See Cut) One of the most rapid growers. Large panicles of white flowers; very ornamental. 75 cents; large size, \$1.00 to \$2.00. Extra heavy, \$2.50 to \$3.00.

CERASUS, Padus. (European Cherry) Pure white flowers followed by black fruit. 6 to 8 ft., 75 cents to \$1.00; 8 to 10 ft., \$1.50 to \$2.00. Heavy specimens, \$2.50 to \$4.00.

Rosea Pendula. (Weeping Cherry) Japanese variety. Rose-pink flowers, 2 year heads, \$1.50; 3 to 4 year heads, \$2.00 to \$3.50.

Sinensis Flore Plena. (Chinese double-flowered Cherry) An excellent sort, with large, double-white flowers. 2 year heads, \$1.50 to \$2.00.

CERCIS. (Judas Tree) (Red Bud)

Reddish-purple flowers. 4 ft., 50 cents; 5 to 6 ft., 75 cents to \$1.00.

CORNUS, Florida. (White Dogwood) Deep crimson autumnal colored leaves. 3 to 4 ft., \$1.00; 5 to 6 ft., \$1.50 to \$2.00.

Rubra. Flower deep pink. 2 to 3 ft., \$1.50; 3 to 4 ft., \$2.00.

CRATEGUS Coccinea, Fl. Pl. (Paul's Double Scarlet.) Fine double crimson flowers. 4 ft., 75 cents; 5 to 6 ft., \$1.00 to \$1.50.

Oxyantha, Alba Flore pleno. (Double White Hawthorn) When in bloom, a mass of clustered double, rose-like white blossoms. This is the famous May Thorn of English gardens; spreading branches and stout spines. Very handsome. 4 ft., 50 cents to 75 cents; 5 to 6 ft., \$1.00 to \$1.25; 7 to 8 ft., \$1.50 to \$2.00.

CYPRESS. Deciduous, see Taxodium.

EUONYMUS Europaeus. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 4 to 5 ft., 75 cents; 6 to 8 ft., \$1.00 to \$1.50.

FAGUS. (Beech) **Asplenifolia Heterophylla.** (Fern-leaved Beech). Leaves deeply divided. 3 ft., \$1.50; 4 to 6 ft., \$2.00 to \$3.00.

Purpurea Pendula. (Weeping Purple Beech) Beautiful purple foliage. 3 to 4 ft., \$1.50; 5 ft., \$2.00 to \$2.50.

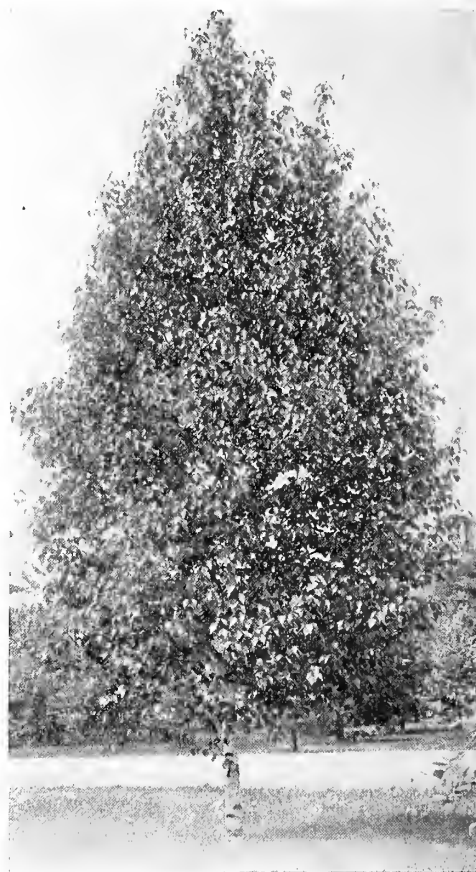

Riversi. (River's Purple Beech) Leaves very dark purple. Nice trees, 3 to 4 ft., 75 cents to \$1.00; 5 to 6 ft., \$1.50 to \$2.00; 7 to 8 ft., \$2.50 to \$3.00. Heavy specimens, \$4.00 to \$5.00.

Sylvatica. (European Beech) A compact, long-lived tree having dense, dark green foliage. 6 to 8 ft., \$2.00 to \$3.00.

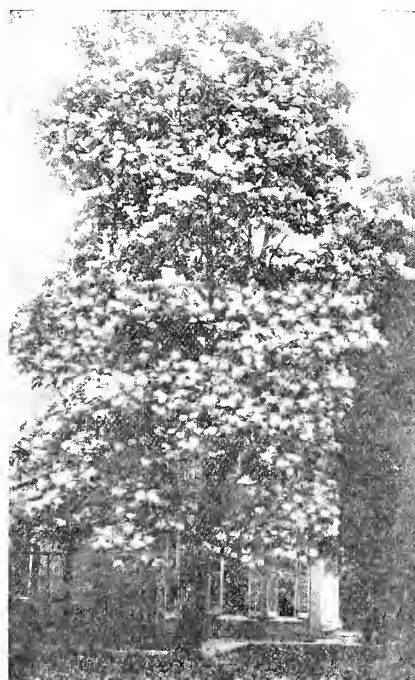

SPECIAL NOTE—All our *Fagus* except the small sizes are dug with a ball of earth leaving the roots intact and undisturbed.

FRAXINUS Excelsior. A lofty tree with handsome foliage, 6 to 8 ft., \$1.00. \$1.00.

Americana. A rapid growing long lived tree of fine proportions and a very desirable lawn tree. 6 to 8 ft. 75c to \$1.00; 8 to 10 ft. \$1.25 to \$1.50.

Betula Alba (White Birch)

Catalpa Speciosa

Shade and Ornamental Trees.

GLEDITSCHIA. Tricanthos. (Honey Locust) A large, vigorous tree, with wide-spreading branches, feathery fern-like leaves, and a stout armament of thorns. Makes a fine defensive hedge. Bears long, pendent seed-pods, slightly twisted, with contents of a sweetish, flavor. 6 to 7 ft., 75 cents to \$1.00.

GYMNOCLADUS. Canadensis. (Kentucky Coffee Tree) Feathery foliage. 6 to 8 ft., \$1.00 to \$1.25; 8 to 10 ft., \$1.50 to \$2.00.

HYDRANGEA TREE. We have a very fine stock of this popular shrub grown in tree form. These make very beautiful little trees for the lawn. 75 cents; larger size, \$1.00.

JUGLANS. Sieboldiana. (Japanese Walnut) Perfectly hardy, very ornamental. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.

KOELREUTERIA. Paniculata. (Japanese Varnish Tree) Small attractive tree, covered with yellow flowers. 6 to 8 ft. \$1.50 to \$2.00.

LARIX. Europea. (Larch) A conifer with deciduous needle-like foliage. 3 to 4 ft., 50 cents to 75 cents; 5 to 7 ft., \$1.00 to \$1.25; 8 to 10 ft., \$1.50 to \$2.00; heavy specimens, \$2.50 to \$3.50.

LIQUIDAMBAR. (Sweet Gum) Glossy green foliage changing to bright red. (Shipped with ball of earth) 6 to 8 ft., \$2.00 to \$2.50.

LIRIODENDRON. (Tulip Tree) Foliage dark green; creamy yellow flowers. 6 to 8 ft., \$1.00 to \$1.50.

MAGNOLIA. Acuminata. Cucumber Tree. Fruit cones, cucumber shape, turning crimson. 4 to 6 ft., \$1.00 to \$1.50.

Alexandrina. Purplish rose and white. 3 to 4 ft., \$1.50 to \$2.00; 4 to 5 ft., \$2.50 to \$3.00; heavy specimens, 6 to 8 ft., \$5.00 to \$7.50.

Lenni. Color, dark rose, center pearly white. 3 to 4 ft., \$2.50 to \$3.00.

Parviflora. Japanese variety, blooms in summer, white cup-shaped flowers. 2 to 2½ ft., \$3.50.

Soulangeana. Flowers large white tinged purple. 3 to 4 ft., \$2.00 to \$2.50; 4 to 5 ft., \$3.00 to \$4.00; heavy specimen trees, 6 to 8 ft., \$5.00 to \$7.50.

Speciosa. White tinged pink. 3 to 4 ft., \$2.00 to \$3.00.

Stellata. Semi-double white star-like flowers. 2½ to 3 ft., \$2.00 to \$2.50; 4 to 5 ft., \$3.00 to \$5.00.

MORUS Alba Tartarica. (Russian Mulberry) A very hardy and low growing type. 6 to 8 ft. \$1.00; 8 to 10 ft. \$1.50; to \$2.00.

Pendula. (Weeping Mulberry) Umbrella shaped head, long drooping branches. 2 year heads, \$1.50; 3 year heads, \$2.00 to \$2.50.

PAULOWNIA Imperialis. (Empress Tree) Tropical foliage. In the north plant where protected. \$1.00; larger, \$1.50.

PERSICA. Rose Plena. (Flowering Peach) Beautiful double pink flowers. 4 to 5 ft., \$1.00; 6 to 8 ft., \$1.50 to \$2.00.

PLATANUS. Orientalis. (Orientalis Plane) (Sycamore) One of the oldest and best trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery, clear-cut leaves that turn yellow in fall. 6 to 8 ft., \$1.00 to \$1.25; 8 to 10 ft., \$1.50 to \$2.00.

Platanus Sycamore

PLATANUS Occidentalis. (American Plane) Broad-spreading, round-topped, massive, and picturesque. Very effective in winter when its branches show almost as white as birch, and its mottled trunk of gray, green and brown is revealed. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00 to \$2.50. to \$3.50; 15 to 18 ft., \$4.00 to \$6.00.

POPULUS. Alba Boileana. Similar to the well-known Lombardy. Its leaves are glossy green, above silvery beneath. Large, heavy trees 12 to 14 ft., \$2.00 to \$3.50; 15 to 18 ft., \$4.00 to \$6.00.

Monilifera. (Carolina Poplar) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance to places where other trees appear starved. Showy and cherry from the constant movement of its glossy, silver-lined leaves, yet always casting a dense, cool shade. Large heavy trees, 12 to 15 ft., \$1.50 to \$2.00; 20 to 24 ft., \$5.00 to \$7.50.

Nigra, or Italica. (P. fastigiata) (Lombardy, or Italian Poplar) Of obelisk form, growing rapidly to a tall spire. Forms striking lawn groups, and is much used for tall screens. Always makes a striking feature in any landscape. Large heavy trees, 12 to 15 ft., \$2.00 to \$3.50; 15 to 18 ft., \$4.00 to \$6.00.

PRUNUS Pissardi. (Purple-leaved Plum.) A distinct and handsome little tree, rarely over 20 feet high, covered with a mass of small, white, single flowers in spring, later with showy, reddish purple leaves that deepen in color to the end of the season. Valuable for ornamental hedges or planting in quantity for contrast. It is perfectly hardy, and is a unique and beautiful ornament to the lawn at all times of the year. One of the most valuable of the flowering trees. 4 to 5 ft., 75 cents to \$1.00; 6 to 8 ft., \$1.50; 8 to 10 ft., \$2.00 to \$2.50; heavy specimens, \$3.00 to \$5.00.

PTELIA Trifoliata. (Hop Tree) (D) A round-headed loosely-branched tree with numerous clusters of light green fruit-pods. Prefers a shaded position and moist soil. 4 to 5 ft., 75 cents; 6 to 8 ft., \$1.00 to \$1.50.

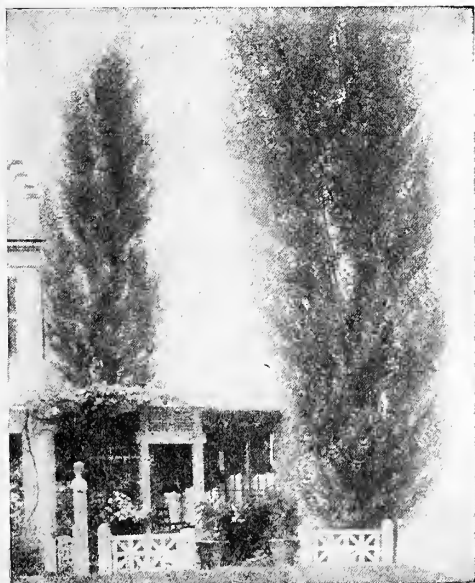

Trifoliata Aurea. (Golden Hop Tree) Showy golden yellow foliage, retaining its color all summer. \$1.00; larger, \$1.50.

PYRUS Augustifolia. (Bechtel's Flowering Crab) Double rose-like flowers of a delicate pink color. 4 to 5 ft., \$1.00 to \$1.50; 6 to 8 ft., \$2.00 to \$3.00.

Floribunda. (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. 4 ft. \$1.00; 5 to 6 ft. \$1.50 to \$2.00.

Floribunda Purpurea. A new type similar to the above other than foliage which is rich amber red, very beautiful. 4 to 5 ft. \$1.50; 5 to 6 ft. \$2.00.

Parkmani. (Parkman's Double-flowering Crab) An elegant Japanese variety with long-stemmed, semi-double flowers of deep rose color. 4 ft. \$1.00; 5 to 6 ft. \$1.50 to \$2.00.

Populus Nigra (Lombardy Poplar)

Shade and Ornamental Trees.

- QUERCUS Coccinea.** (Scarlet Oak) Foliage purplish crimson in autumn. 6 to 8 ft., \$1.50 to \$2.00.
- Palustris.** (Pin Oak) The most beautiful of all oaks. 6 to 8 ft., \$1.50 to \$2.00.
- Robur.** (English Oak) Massive spreading stature. 6 to 8 ft., \$1.00 to \$1.50.
- Rubra.** (Red Oak) Foliage changes to bronze red in autumn. 6 to 8 ft., \$1.50 to \$2.00.
- ROBINIA Hispida.** A small tree with clusters of pea-shaped flowers. Color, rose pink. 2 year heads, \$1.50 to \$2.00. Can also supply these in bush form, 50 cents to 75 cents each.
- Pseudacacia.** (Black Locust) A familiar tree of rapid growth, that thrives in any place. The pinnate foliage is light and airy. In June the tree is fragrant with panicles of white flowers, and very ornamental. Its growth is rapid. 6 to 8 ft., 50 cents to 75 cents; 8 to 10 ft., \$1.00; 10 to 12 ft., \$1.50 to \$2.00.
- SALISBURIA Adiantifolia.** (Ginkgo or Maiden Hair Tree) Fern-like foliage, resembling Maiden Hair Fern. 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50.
- SALIX.** (Willows) This species of trees do best planted in low, moist soils, along the banks of streams or ponds, and where low branching trees are desirable. We offer the following varieties in bushy plants branched from the ground. We can supply most varieties in standard or tree form if desired.
- Dolobrosa.** Foliage glaucous underneath. 10 to 12 ft., \$1.00 to \$1.50.
- Elegantissima.** Similar to Babylonica, but more upright. 10 to 12 ft., \$1.00 to \$1.50.
- Lutea.** Clean golden bark, light green foliage. 8 to 10 ft., 75 cents to \$1.00; 10 to 12 ft., \$1.50 to \$2.00.
- Pentandra.** (Laurel-leaved Willow) Dark green, glossy leaves. 6 to 8 ft., 75 cents to \$1.00; 8 to 10 ft., \$1.50 to \$2.00.
- Purpurea Pendula.** (New American Willow) A graceful variety with slender, drooping branches and silvery gray leaves. 4 year heads, \$2.00 to \$2.50.
- Vitellina Aurea.** Highly effective, with its golden bark. 6 to 8 ft., 75 cents to \$1.00; 8 to 10 ft., \$1.50 to \$2.00.
- SORBUS Acuparia.** (European Mountain Ash) Orange-colored berries mid-summer till frost. 6 to 8 ft., 75 cents to \$1.00; 8 to 10 ft., \$1.50 to \$2.00.
- Acuparia Pendula.** (Weeping Mountain Ash) Slender, drooping branches and bright red berries. 2 year heads, \$1.50 to \$2.00.
- SOPHORA, Japonica.** (Japan Pagoda Tree) Small, shining leaves. Clusters snowy-white flowers. 3 to 4 ft., 75 cents to \$1.00; 5 to 6 ft., \$1.50 to \$2.00.
- Japouica Pendula.** (Weeping Sophora) Long, drooping branches, 6 ft., good heads, \$1.50 to \$2.00.

Special Note—All our Taxodium are dug with a ball of earth leaving the roots intact and undisturbed.

Taxodium Distichum

- TAXODIUM.** (Deciduous Cypress) **Distichum.** The famous Southern or Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape, with light and fleecy foliage of delicate green. 4 to 5 ft., \$1.50 to \$2.00; 6 to 7 ft., \$2.50 to 5.00.
- Distichum Pendula.** (Weeping Cypress) Gracefully drooping branches. 4 to 5 ft., \$2.50 to \$3.00; 6 ft., \$4.00 to \$5.00.
- TILIA.** (Linden) **Americana.** Splendid form, large stature. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.
- European.** A little more compact than the American species. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50 to \$2.00.
- ULMUS Americana.** (Elm) No finer tree grown. 6 to 8 ft., 75 cents; 8 to 10 ft., \$1.00 to \$1.25; 10 to 12 ft., \$1.50 to \$2.00.
- Campestris.** (English Elm) Very desirable for lawn or landscape. 8 ft., \$1.00; 10 to 12 ft., \$1.50 to \$2.00.
- Scabra Pendula.** (Camperdown Weeping Elm) A picturesque form. Fine 2 to 3 year heads, \$2.00 to \$3.00.

JAPANESE MAPLES

The most beautiful of small trees, being of bush form and very graceful. Their delicately cut leaves and vivid coloring make them general favorites. They ought to be planted in the foreground of taller trees and shrubbery.

- Palmatum.** Bright green, dense foliage. Nice plants, \$1.00; larger, \$1.50 to \$2.00; specimens, \$2.50 to \$5.00 each.
- Palmatum Atropurpureum.** (Blood-red) Very showy during the entire summer. Nice plants, \$1.00 each; larger, \$1.50 to \$2.00; fine specimens, \$2.50 to \$5.00 each.
- Palmatum Dissectum.** (Cut-leaved) Leaves divided and of a rich green. 75 cents; larger, \$1.00 to \$2.00 specimens, \$2.50 to \$3.50.
- Palmatum Dissectum Purpureum.** (Cut-leaved Purple Maple) Beautiful, slender, and gracefully drooping branches. Reddish in color and very attractive, \$1.00; larger, \$1.50 to \$2.00; fine specimens, \$3.00 to \$5.00 each.

A Group Planting of Japanese Maples.

WAGNER PARK FLOWERS

Hardy Ornamental Evergreens.

[Conifers.]

PINES, SPRUCE, HEMLOCK, ARBOR VITAE, more than two hundred varieties of evergreens and conifers, vie with thousands of deciduous trees and shrubs in their display of beauty at Wagner Park Arboretum, the home of the finest collection of arboreal treasures in the country. It is frequently a surprise to visitors to see the great assortment of evergreens and the fine specimens we have. The illustrations shows a section of Evergreen in our Arboretum.

Special Note.

Our Soil is Especially Adapted to Digging Our Plants With a Ball of Earth, leaving the Roots Undisturbed.
Thus Assuring Successful Transplanting at almost any season of the year.

The Illustration Here Shows How Carefully the Roots are Preserved, Assuring Successful Transplanting.

From out the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected trees, bushes, and shrubbery that will furnish the desired background for any home, park, or public ground. The prices are altogether moderate.

For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the gradations of shade between the dark greens of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants that will answer all the utilitarian purposes of windbreaks, border planting, shade production, and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn, and terrace adornment.

For an evergreen group surrounding a house the plants that submit to severe clipping have made themselves perhaps the favorite—Retinosporas, Juniperus, Thuyas, for example. Symmetrical conifers delight the architects by their effective "horizontalism," Nature's expressions of the builder's principle.

Evergreen hedges are becoming more and more features of the well laid out home. The smallest place is improved by them. For gardens, vegetable and flower, they are an invaluable attraction.

The varieties of color, of tone, more accurately to be found among a characteristic evergreen selection, permit of no less harmonious and striking pictures than do flowers. From the wonderful blue of the Colorado Spruce, Picea Pungens, and Gosteriana, to the brilliant "spring green" of the Common Red Cedar, Virginiana, or certain varieties of the Juniper in which appear odd variegations of silvery white, there are endless possibilities for color harmonies. We have devoted particular study to the happy blending of evergreens with reference to color and shape and we place our experience and knowledge at the disposal of our patrons.

Wagner Park Evergreens have been several times transplanted. They are shipped to you in ball, with an abundance of roots, carefully burlapped. Spring and early fall are the best times to plant, though Wagner Evergreens planted in the midsummer and winter months have done splendidly.

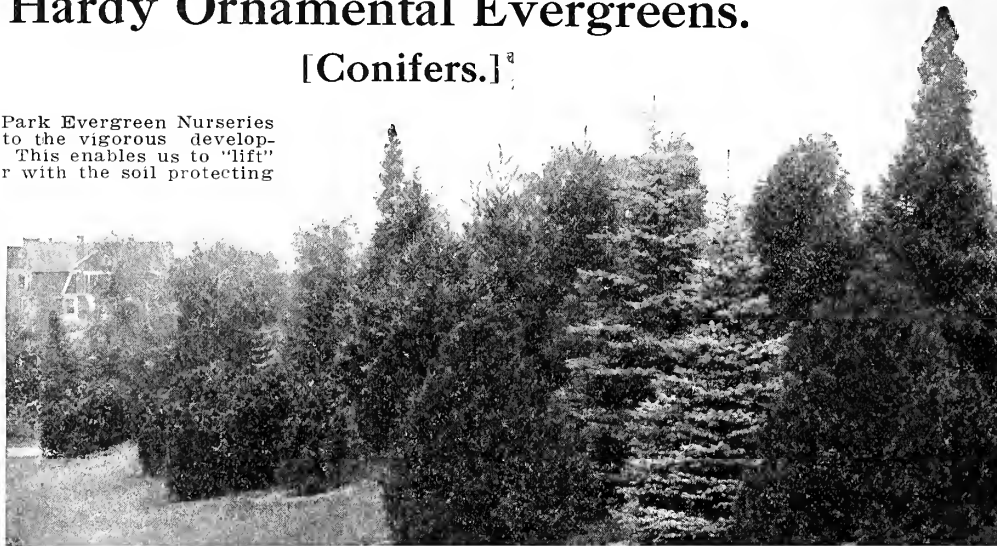

WAGNER PARK FLOWERS

Hardy Ornamental Evergreens.

[Conifers.]

The soil at Wagner Park Evergreen Nurseries is admirably adapted to the vigorous development of fibrous roots. This enables us to "lift" each plant "in ball," or with the soil protecting its roots intact. Wagner Park Evergreens, if intelligently planted in their new location, and properly sprayed and root-soaked during the hot months, grow almost as if they had never moved.

Quality is represented by the bushiness of the plant, and this is only accomplished where frequently transplanted and properly handled. Transplanting is what produces fibrous roots, but good feeding is necessary to impart health, vigor, and give a rich color to the foliage.

Such an arrangement and planting of Evergreens show their individual charms most effectively. Note the contrast of the "Kosters Blue Spruce" against the green.

ABIES. Balsamea. (Balsam Fir) An ornamental native of our forests, that is very hardy; has dark green needles of pleasant fragrance; grows rapidly when young and does well in moist soils. Nice plants, 2 to 3 feet, \$1.50; specimens, 3 to 4 feet, \$2.00 to \$2.50 each; 5 to 6 feet, \$4.00 to \$5.00; 7 to 8 feet, \$6.00 to \$8.00.

Balsamea Argentea. A silver foliaged variety. Nice plants, 4 ft., \$3.00; 5 to 7 ft., \$4.00 to \$5.00.

Concolor. (Colorado Silver Fir) 30 to to 40 feet. A beautiful and graceful evergreen with soft, silvery green foliage. Very symmetrical in form. Nice plants, \$1.00 to \$1.50; 2 to 2½ feet, \$2.50; 3 to 4 feet, \$4.00 to \$5.00; 5 to 7 feet, \$6.00 to \$10.00.

Canadensis. (Hemlock Spruce) See Tsuga, page 52.

Douglasi. (Double Spruce) See Pseudotsuga, page 51.

Fraseri. (Double Balsam Fir) Similar in appearance and habit to Balsamea, but richer and more lasting. Large plants, 3 to 4 feet, \$3.00; 5 to 7 feet, \$4.00 to \$6.00.

Subalpina. Resembles Blue Spruce but more soft and flexible foliage. Nice plants, \$2. Larger, \$3.

Umbilicata. Very similar to Nordmanni, but much handsomer. Large plants, 3 to 4 feet, \$3.50 to \$4.50.

Veitchii. Leaves dark green above and silvery white beneath. Nice plants, \$2.00; specimens, 3 feet, \$3.00; 4 feet, \$5.00 each.

Nordmanniana. (Nordman's Fir) This massive Fir, from the Crimean Mountains, is of symmetrical form, vigorous and quite hardy. Its foliage is massive, dark green shining above and slightly glaucous below, rendering it a very handsome tree throughout the year, considered here and in Europe as one of the finest of the the Firs. Nice plants, 2 feet, \$2.00; specimens, 3 feet, \$4.50; 4 feet, \$6.00; 6 to 7 feet, \$10.00 to \$15.00; 8 to 10 feet, \$16.00 to \$22.00.

Nobilis Glauca. (Noble Silver Fir) A beautiful conifer whose foliage is a silvery blue. It is particularly handsome in the spring. Large plants, 3 feet, \$3.50; large specimens, 4 feet, \$5.00 to \$6.00.

Pectinata. (European Silver Fir) This is a most popular evergreen. The needles are soft and much admired. Specimens, 3 feet, \$2.50; 4 feet, \$3.00 to \$3.50 each.

ARBORVITAE. See Thuya.

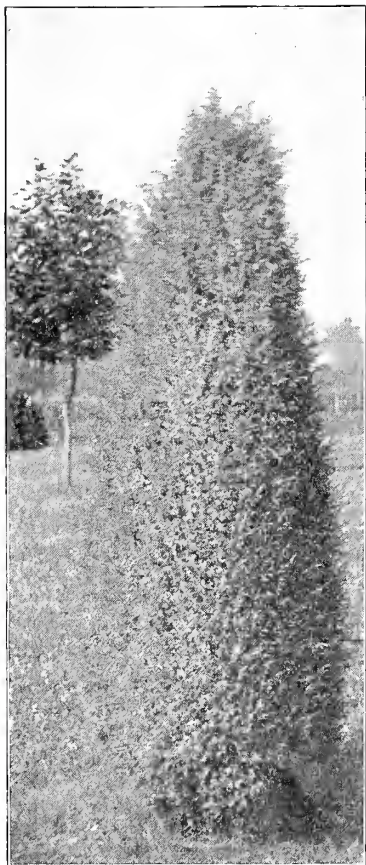

BLUE SPRUCE. See Picea Pungens, Glauca, and Kosteriana.

CRYPTOMERIA. (Japonica Lobbi Compacta) A new and most distinct variety. Nice plants, \$1.00; 2 to 3 feet, \$1.50 to \$2.00; 3 to 4 feet, \$3.00 to \$4.00.

CUPRESSUS. (Cypress) **Lawsoniana.** (Triumph of Boskoop) A splendid addition to the conifers or evergreen. Nice plants, 75 cents to \$1.00; 4 to 5 feet, \$3.00 to \$5.00; 5 to 6 feet, \$6.00 to \$7.50; 6 to 7 feet, \$8.00 to \$10.00.

FIR. See Abies.

HEMLOCK. See Tsuga.

Juniperus—Juniper.

Hardy Ornamental Evergreens. (Conifers.)

JUNIPERUS Canadensis. (Canadian Juniper) Foliage bright green.

Nice plants, \$1.00; larger, \$1.50; 2 to 3 ft., \$2.00 to \$2.50; 4 ft., \$4.00.

Aurea Candensis. (Golden Canadian Juniper) Foliage bright yellow.

Nice plants, \$1.50; larger, \$2.00. 1½ to 2 ft. \$3.00; 2 to 2½ ft., \$4.00 to \$5.00.

Aurea Chinensis. (Golden Chinese Juniper) Foliage bright golden color. Nice plants, \$1.50; 2 to 3 ft., \$2.50 to \$3.00.

Cannarti. Pyramidal compact habit, silvery foliage. Nice plants, \$1.00; 2 to 3 ft., \$1.50 to \$2.00; 3 ft., \$3.00; 4 to 5 ft., \$4.00 to \$5.00.

Chinensis Argentea Variegata. Beautiful variegated variety. Nice plants, 1½ ft., \$1.00; 2 ft., \$1.50 to \$2.00.

Chinensis Masculina. Upright growth, good foliage. Nice plants, 1½ to 2 ft., \$1.50; 3 to 4 ft., \$3.00 to \$4.00.

Elegantissima. Like the type in habit, but the tips of the young branches are golden yellow. A valuable tree for planting in groups of dark-foliaged trees for contrast. Nice plants, \$1.00; larger, \$1.50; 2 to 3 ft., \$2.50 to \$3.50; 3 to 4 ft., \$4.00 to \$5.00.

Globosa. Globe shaped variety. 10 to 12 inches, \$1.00; 1½ ft., \$2.00 to \$3.00; 2 ft., \$4.00 to \$5.00.

Glauca. (Blue Virginia Cedar) Throughout the year the leaves are a rich silvery blue. Very handsome and effective. Nice plants, \$1.00 to \$1.50; 3 ft., \$3.00; 4 ft., \$5.00; 5 to 6 ft., \$7.00 to \$10.00.

Japonica Aurea. A bright golden form suitable for rockeries. Nice plants, \$1.50; 1½ to 2 feet. \$2.00 to \$2.50.

Nana Aurea. Low spreading, golden foliage. Nice plants, \$1.25 to \$2; larger, \$2.50 to \$3.00.

Neoboriensis. Rich glaucous foliage. Nice plants, 1½ to 2 feet, \$1.25 to \$2.00.

Pfitzeriana. Very graceful and one of the hardiest varieties. 1 to 1½ feet, \$1.50 to \$2.00; 2 to 3 ft., \$2.50 to \$3.00; 3 to 4 ft., heavy \$4 to \$5.

Sabina. (Savia Juniper.) A thickly branched, low, spreading tree, that rarely reaches 10 feet in height; variable, sometimes procumbent. It is very hardy and thrives in the poorest soils; can be trained into any shape. The handsome foliage, of deep dark green, makes it a favorite for many uses, especially for rock work. Nice plants, 75 cents to \$1.00; 2 to 3 feet, \$1.50 to \$2.00; 3 to 4 feet, \$2.50; to \$4.00.

Stricta. (New) A very hardy variety, intense blue foliage. Nice compact plants, \$1.50 to \$2.00 each.

Sabina Fastigiata. Erect columnar habit. 2 to 3 feet, \$1.50 to \$2.00; 4 to 5 feet, \$3.00 to \$5.00; 6 ft. specimens, \$7.50 to \$9.00.

Picea Excelsa—Norway Spruce.

Recurva Squamata. Desirable low-growing evergreen. Nice plants, \$1.50; larger, \$2.00; 1½ to 2 feet, \$3.00 to \$5.00; 3 to 4 feet, \$6 to 8.

Schotti. Rich, green foliage. 1½ to 2 feet, \$1.00 to \$2.00; 2 to 3 feet, \$2.50 to \$3.50; 4 to 5 feet, \$5.00 to \$6.00.

JUNIPERUS. Tamariscifolia. Foliage bluish green. Nice plants, \$1.50; 2 feet, \$3.00 to \$4.00.

Virginiana. (Red Cedar.) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soils or situations where other trees will not grow. Nice plants, 50 cents; larger, 75 cents to \$1.00. Specimens, 3 to 4 feet, \$1.50 to \$2.00; 5 to 6 feet, \$3.00 to \$5.00; 7 to 8 feet, \$7 to \$9.

PICEA Pungens Glauca Kosteriana. (Koster's Blue Spruce.) This is the most beautiful of the evergreen family. The rich, silvery blue coloring of the foliage is a rare bestowal of Nature and one she has saved for these grand trees. It will withstand the coldest climate, is a vigorous grower and will do well in any locality. For color effects nothing equals this beautiful variety. Nice plants, \$1.00 to \$2.00; 2 feet, \$3.50; 3 feet, \$5.00; 4 feet, \$7.00 to \$9.00; 5 feet, \$10.00 to \$12.00; 6 to 8 feet, \$15.00 to \$20.00. 9 to 10 ft. \$25.00 to \$35.00 each.

Picea Pungens Glauca Kosteriana— Many of such specimens may be seen in our Nursery.

Hardy Ornamental Evergreens.

[Conifers.]

Kosteriana. Pendula. (Koster's Weeping Blue Spruce) This splendid new evergreen is undoubtedly one of the finest novelties ever sent out. Rich, blue foliage. A tree of great distinction and rarity. 3 feet, \$5.00; 4 to 5 feet, \$10.00 to \$15.00; 6 feet, \$18.00 to \$20.00.

Pungens Glauca. (Colorado Spruce) The original form of the new famous Colorado Blue Spruce. The foliage of this tree is quite blue. It is a strong, hardy grower in any soil. Nice plants, \$1.25; 2 feet, \$2.00; 3 feet, \$4.00, 4 feet, \$5.00.

PICEA Alba. (White Spruce) One of the very best conifers, especially for cold climates. Compact, upright growing long-lived, retaining its branches to the ground, aromatic drought-resisting; varies in color from light green to glaucous blue. Nice plants, 75 cents 2 to 3 feet, \$2.00 to \$2.50;; 3 to 4 feet, \$3.50 to \$4.00; 4 to 5 feet, \$5.00 to \$7.00.

Alcockiana. Foliage light blue beneath and dark green above. 2 to 3 feet, \$2.00; 3 to 4 feet, \$3.00 to \$4.00 each; 5 to 6 feet \$5.00 to \$7.50.

Engelmanna Glauca. Resembles the familiar Blue Spruce. Nice plants, \$1.00; 2 feet \$2.00; 3 feet, \$3.00; 4 to 5 feet, \$5.00 to \$6.00 each.

Excelsa. (Norway Spruce) (See cut) This, our common spruce, embraces more desirable features than any of the others. It is rapid growing, does well in most soils and withstands the bleak and cold winds of winter. Hedge size, 25 cents to 50 cents; larger, 1½ to 2 feet, 75 cents. Specimens, 2½ to 3 feet, \$1.00; 3 to 4 feet, \$2.00; 4 to 5 feet, \$2.50 to \$3.00; 5 to 6 feet, \$5.00 to \$7.00.

Aurea. (Golden Norway Spruce) Not so high as Excelsa, but is desirable on account of its yellow foliage, making a lively contrast to the darker sorts. Specimens, 4 to 5 feet, \$5.00 to \$7.00.

Excelsa Compacta. Dense and compact. 2 feet, \$2.00; 3 feet, \$3.00 to \$4.00; Specimens, 6 to 7 feet, \$7.50.

Excelsa Dumosa. A dwarf form. Nice plants, \$1.00; Specimens, 2 to 3 feet, \$3.50 to \$4.00.

Excelsa Elegantissima. A very fine variety. Specimens, 5 to 6 feet, \$6.00 to \$8.00.

Excelsa Inversa. (Weeping Norway Spruce) A very remarkable form. 4 to 5 feet, \$5.00 to \$6.00; 5 to 6 feet, \$8.00 to \$10.00; 6 to 7 feet, \$12.00 to \$15.00.

Excelsa Maxwellii. A dense, spherical, regular growing variety. Nice plants, \$2; 2 feet, \$3.00 each; 3 to 4 feet, \$4.00 to \$5.00.

Weeping Spruce.
See *Picea Excelsa Inversa*

Excelsa Pyramidalis. A spire-like form with very erect branches. 2 to 3 feet, \$1.50; specimens, 4 feet, \$2.50; 5 to 6 feet, \$4.00 to \$6.00.

Orientalis. Its habit is symmetrical and compact. Nice plants, \$1.00; 2 feet, \$2.00; 3 feet, \$3.00; 3½ to 4 feet, \$4.00 to \$5.00.

Polita. Light green foliage. Nice plants, \$2.00; specimens, 3 feet, \$4.00 each; 4 to 6 feet, \$5.00 to \$7.00.

PINUS Austriaca. (Austrian Pine) A tall, massive tree with spreading branches heavily plumed with long stiff, dark green needles. A useful species along the coast, and grows equally well inland. Popular for groupings or as specimens. Nice plants, \$1.50; 3 feet, \$2.00; 4 to 5 feet, \$3.50; 5 to 7 feet, \$5.00 to \$7.00; 8 to 10 feet, \$8.00 to \$12.00.

Banksiana. (Jack Pine) Strong grower and hardy. Nice plants, 50 cents; 2 to 2½ feet, 75 cents; 3 to 4 feet, \$1.00 to \$2.00.

Mughus. (Mugho Pine) This unique alpine species forms a dark, dome-shaped bush, broader than its height, and sometimes almost prostrate. Suitable for lawn specimens or evergreen groups, terraces, rockeries, and seaside plantings. Nice plants, \$1.00; large, \$1.50; 2 to 3 feet, \$2.00 to \$4.00; 3 to 4 feet, \$5.00 to \$7.00; 5 to 6 feet by 5 feet broad, \$7.50 to \$9.00; 6 to 7 feet by 6 feet broad, \$10.00 to \$12.00.

Parviflora Glauca. A new, very distinct form with glaucous foliage. 4 to 5 feet, \$4.00 to \$6.00.

Strobus. (White Pine) A grand old favorite that grows quickly and makes a most useful and beautiful ornamental tree. It withstands hardships, endures sandy soils and barren places. Poor specimen group or mass planting it is extensively used as well as for shade and shelter-belts. The needles are soft and bluish green. 2 feet, \$1.00; 3 feet, \$1.50; 4 feet, \$2.50; 5 feet, \$3.00 to \$4.00; 6 to 8 feet, \$5.00 to \$7.00; 8 to 10 feet, \$7.50 to \$10.00.

Sylvestris. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth make it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass plantings, screens, shelter-belts, and seashore uses. Nice plants, 75 cents; 2 feet, \$1.00; 3 feet, \$1.50; 4 to 5 feet, \$2.50 to \$3.50; 6 to 8 feet, \$5.00 to \$7.00; 8 to 10 feet, \$10.00 to \$12.00.

PSEUDOTSUGA. Douglasii. (Douglas' Spruce) It is similar to the spruce and is a very desirable and beautiful tree for either collective or individual planting. It is a western tree of erect habit and growth. Hardy in the coldest places. Nice plants, \$1.00; specimens, 2 to 3 feet, \$2.00; 3½ to 4 feet, \$3.00.

Pinus (Pine).

Hardy Ornamental Evergreens.

[Conifers.]

RETINOSPORA. Filifera. (Thread-Branches Retinospora) Of pyramidal outline with drooping, deep green foliage. Nice plants, \$1.00 to \$1.50; 2 to 3 feet, \$2.00 to \$2.50 each; 4 to 5 feet, \$3.50 to \$5.00 each; 5 to 6 feet, \$7.50 to \$10.00.

Filifera Aurea. Golden form of the above. Nice plants, \$1.50 to \$2.00.

Plumosa Aurea. (Golden Japan Cypress) One of the few really golden evergreens. The color of the young growth contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. Nice plants, \$1.00; 2 to 3 feet, \$1.50 to \$2.00; 3 to 4 feet, \$3.00 to \$5.00; 5 to 6 feet, \$7.50 to \$10.00.

Pisifera. Of more open growth than the Obtusas, growing sometimes to a larger tree, 50 to 60 feet high, with erect branches, pendulous at the tips; foliage feathery, light green, glaucous beneath. Nice plants, \$1.25; 2 to 3 feet, \$2; 4 to 5 feet, \$3.50; 5 to 6 feet, \$5 to \$8; 6 to 7 ft., \$10.00 to \$12.00.

Pisifera Aurea. Much like the type in general characteristics, but with bright yellow foliage. When planted in combination with the green varieties, is valuable for its contrasting foliage. 2 to 3 feet, \$2.25; 4 to 5 feet, \$3.00 to \$5.00.

SPRUCE. See Picea, also Abies.

THUYA. Occidentalis. (American Arborvitae) A strong, vigorous grower in almost any soil, and perfectly hardy. Its upright, slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges. Hedge size, 25c; \$2.50 per dozen; \$15.00 per 100; 1½ ft., 50c; 2 ft., 75c to \$1.00; 3 ft., \$1.50; 4 to 5 ft., \$2.00 to \$3.00; 6 to 7 ft., \$5 to \$7.50.

Ellwangeriana. (Tom Thumb) In many respects it is similar to the Retinospora, and seems to be the connecting link between Arbor Vitae and that family. Nice plants, 75c to \$1.00; 1½ ft., heavy, \$1.50 to \$2.00.

YEW. See Taxus.

COLLECTION OF EVERGREENS

Anyone wanting to make a planting of assorted evergreens, we offer below some desirable collections for general planting. All of these plants are in good, thrifty condition and will give entire satisfaction.

We offer one dozen (12) nice, thrifty plants in assorted varieties for \$6.00. Twenty-five (25) for \$12.00. Fifty (50) for \$22.00. One hundred (100) for \$40.00. Owing to the low prices, selection must be left to us.

THUYA. Globosa. (Globe Arbor Vitae) A low, compact form with bright green foliage. Nice plants, 75 cents; larger, \$1.00; 15 to 18 in., \$1.50 to \$2.00; 20 to 24 in., \$3.00 to \$5.00 each.

Lutea. A variety well known; having yellow foliage on its terminal spikes. Nice plants, \$1.00; larger, \$1.50; specimens, 2 to 3 ft., \$1.75 to \$2.00; 3 to 4 ft., \$3.00 to \$5.00.

Nana Compacta. (Compact Arbor Vitae) Dwarf, dense, little evergreen, having light green foliage and neat attractive habit. Nice plants, 75 cents; larger, \$1.00 to \$1.50.

THUYA. Orientalis. Biota. (Chinese Arbor Vitae) Bushy and upright in growth and very attractive foliage arranged in flat, vertical leaves. 4 to 5 ft., \$2.00 to \$3.00; 5 to 6 ft., \$4.00 to \$6.00.

Pyramidalis. (Pyramidal Arbor Vitae.) Its compact, slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. \$2.00 to \$3.00; 5 to 6 ft., \$5.00 to \$7.50.

Rosenthalii. Dark green, dense foliage, compact grower. Nice plants, \$1.00 to \$1.50. Specimens, 2 to 3 feet, \$2.50 to \$3.00.

Siberica. (Siberian Arbor Vitae) Globular shape, handsome and hardy. Nice plants, 75c to \$1.00; larger, \$1.50 to \$2.50.

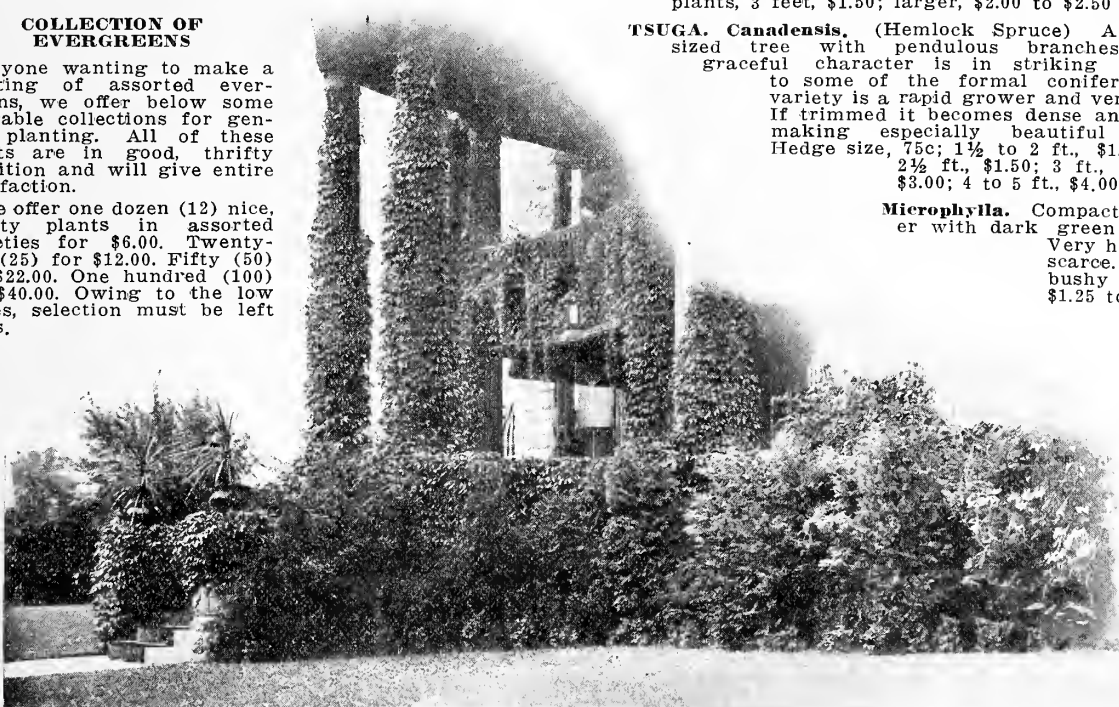

TAXUS. Cuspidata. A Japanese variety of dense, bushy habit and dark green foliage; a very fine and hardy variety. Nice plants, \$1.00 to \$1.50; larger, \$2.00 to \$2.50.

THUYOPSIS. Borealis Glauca. Pyramidal in habit; glaucous foliage. 2 to 3 feet, \$1.50; 4 feet, \$2.50; 5 to 6 feet, \$3.00 to \$5.00.

Standishi. A pyramidal grower; foliage a little glaucous beneath and light green above. Nice plants, 3 feet, \$1.50; larger, \$2.00 to \$2.50 each.

TSUGA. Canadensis. (Hemlock Spruce) A medium sized tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This variety is a rapid grower and very hardy. If trimmed it becomes dense and bushy, making especially beautiful hedges. Hedge size, 75c; 1½ to 2 ft., \$1.00; 2 to 2½ ft., \$1.50; 3 ft., \$2.00 to \$3.00; 4 to 5 ft., \$4.00 to \$7.00.

Microphylla. Compact grower with dark green foliage. Very hardy and scarce. Nice bushy plants, \$1.25 to \$1.50.

Think of the homes complete in architectural beauty and elegantly furnished but standing alone and barren, without a planting to pin them to the ground and give them the sweet charm of a home.

Hardy Evergreen Shrubs.

These "Broad-leaved Evergreens" are being used more and more each year because they are so desirable and effective in all landscape work. Their heavy leaf masses meet the demand for fresh green foliage to enliven and cheer the bare aspect of deciduous trees and shrubs in winter. But best of all is the magnificent display that most of them make when in bloom, especially the Rhododendrons and Kalmias. Another desirable quality most of them have is such a fondness for shady places that they meet a large demand in beautifying these spots which are usually thought so difficult to adorn. As a rule they transplant easily, are quite hardy, give immediate results, and are altogether very satisfactory things to use.

AZALEA. Amonea. A bushy evergreen with small green leaves that deepen to a lustrous coppery color in winter. During May the whole plant is clothed with a mass of brilliant claret-colored flowers that hold their beauty three or four weeks. Nice plants, \$1.50; larger, \$2.00 to \$2.50.

Hinamayo. (New) Flowers bright pink. \$1.50 each; larger, \$2.00.

Rinodogiri. (New) A grand type producing bright red flowers. Very showy. \$1.50; larger, \$2.00 each.

AZALEA. Deciduous. See Shrubs.

BERBERIS. Illicifolia. (Holy-leaved Barberry) Holly-like, dark, lustrous green leaves with orange-yellow flowers. 25 cents each; \$2.50 per dozen. Larger 35 cents, \$3.50 per dozen. Specimens, 50 cents each.

COTONEASTER. Simonsi. An attractive variety with spreading branches and deep green foliage, clusters of white flowers followed by bright, red berries. Very showy. Extra large specimens only. 75 cents and \$1.00 each.

EUONYMUS. Radicans. See Evergreen Vines.

KALMIA. Latifolia. (Mountain Laurel) One of the grandest of our native evergreen shrubs. Flowers are wheel-shaped and set in close corymbs on the ends of the stems, pure white to pink, and appear in May or June in such profusion as to almost smother the foliage. extra large, \$1.50 each.

MAHONIA. Aquilifolia. The richness of the glossy leaves gives this Mahonia great popularity for ornamental planting. Excellent for edging plantings of Rhododendrons or other evergreens. Yellow flowers followed by blue berries for winter decoration. Its upper leaves are bronzed to red in the winter. It is perfectly hardy in all localities, which makes it superior to any others for general planting. Nice plants, 35 cents; \$3.50 per dozen. Larger, 50 cents; \$5.00 per dozen. Extra large, 75 cents, \$1.00 and \$1.50 each.

Japonica. (Japanese Mahonia) A variety next to the holly in beauty and foliage. Leaves broad, yellow flowers followed by dark purple berries. This variety should be planted in a protected location, especially

Effective planting of assorted Rhododendrons.

ly in the extreme Northern States. Large specimen plants only \$1.50 to \$2.00 each.

RHODODENDRONS. The Rhododendron is the noblest of our evergreen shrubs. Their large, showy flowers are not equaled by any other shrub. They are a native of the Allegheny and Carolina mountains, where they are seen growing in such profusion that they have become world-famed.

CATAWBIENSE. This is our native variety, producing clusters of bright pink flowers. Not so free to bloom as Grandiflorum, but harder in extreme north. We offer only large, heavy, bushy plants. Price \$3.00, \$4.00, \$5.00 and \$7.50 each.

CATAWBIENSE GRANDIFLORUM. (See illustration showing how freely they bloom.) A very compact grower with dark green, glossy foliage. The flowers are a rosy-lilac color and produced in large clusters and in the greatest profusion during late May or early June. Price for nice plants full of flowering buds, \$1.00 each; \$11.00 per dozen; large size, \$1.25 each; \$13.50 per dozen. Heavy specimens, \$1.50, \$2.00, and \$2.50 each.

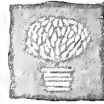

MAXIMUM. A taller growing variety than Catawbiense and the leaves are somewhat larger. This variety will withstand more exposure than any of the others and is the latest to bloom. Blossoms are white, tinged pink. While it does not bloom so freely as the Catawbiense Grandiflorum, it is the variety to plant in the extreme Northern States. We offer only extra heavy specimen plants, which will be sent with ball of earth on roots that transplanting may be successful and certain. We cannot assure blossoms for this season, however, with this class of plants the foliage is the important feature, which remains green the entire year. Plants 3 feet spread and 4 to 5 feet high, \$5.00 each. Larger specimens, \$7.50 to \$10.00 each.

Group Planting of Rhododendron Catawbiense Grandiflorum.
Photograph taken same season planted, showing their wealth of bloom.

WAGNER PARK FLOWERS

Trained Specimen Trees.

Box Trees.

No evergreen has ever attained the popularity of these beautiful little trees. Much of this is because of their distinctive character from any other evergreen. Their suitability to so many places as decorative plants, and the small amount of care they require to grow them, make them very desirable for the home grounds. They are long-lived, hardy, and will stand frost and cold; but in the extreme north they need protection over winter or moved indoors. They are useful for grouping, planting against house foundations, for formal or colonial gardens, terraces, and porches.

Our stock of these plants is very complete in these various sizes, and are all nice specimens. They are all well supplied with large balls of fibrous roots, which when shipped are wrapped in burlap, guaranteeing their safe arrival to any point in the United States or Canada. When planted in a mission plant box or colonial kettle they are carefully crated to protect them from injury.

Boxwood.

Pyramidal Form

These are all trimmed pyramid shape and are excellent for entrances, halls, piazzas, or anywhere on the lawn.

Each		Pair		Each		Pair		Each		Pair

WAGNER PARK FLOWERS

Trained Specimen Trees.

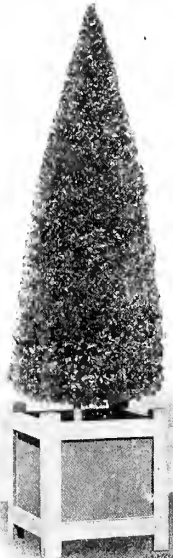

To meet the increasing demand for trained specimen trees for verandas, entrances, courts and formal gardens, we always have on hand a large stock of these trees in the different varieties, shapes and sizes. For decorative purposes these stately evergreen trees cannot be excelled. Nothing can approach them as effective plants for decorating entrances, halls, or piazzas. For Italian gardens or inclosed court, they are largely used, and always in keeping with such surroundings.

Box Trees Planted In Our Plant Boxes.

Dignify the entrance to your home with a pair of Box Trees at your door.

For the convenience of those wanting to purchase box trees already planted, we here offer some of the leading sizes planted in our Plant Boxes: each per pr.

Nice Bush Box, 12 in. high, planted in Wagner Plant Boxes	\$1.25	\$2.00

Pyramid Box Tree,
Planted in Morris Plant
Box.

We use heartwood Cypress exclusively, of which wood can be said, "Cypress is indeed the wood eternal." It lasts forever. Cypress does not shrink or swell like most woods, takes paint perfectly, and defies decay.

All our boxes are finished in Flemish green, which harmonizes well with all surroundings. In formal gardens it is sometimes desirable to have them painted white, and if wanted in white we charge 15 cents extra for all sizes except boxes larger than 18x18 and window boxes larger than 36 inches for which our charge is 25 cents extra. Measurements of all boxes are outside and inside dimensions.

Veranda and Window Boxes.

See cut of box filled with plants. These are designed after our very popular and well-known Mission Plant Boxes, and with the variety of sizes we offer, can be arranged to suit any size space. All are twelve inches wide and twelve inches high, outside measurements. Fixtures for fastening to building are sent with each box.

Outside	Inside	Outside	Inside
Box 24 in. 20½ in...	\$2.75	Box 36 in. 32½ in...	\$4.00
Box 30 in. 26½ in...	3.25	Box 48 in. 44½ in...	5.00
Box 60 in. long outside, 57½ in. inside,		\$6.00	

Lawn Seats. (See Cut.)

Our lawn Seats are very handsome in design, and our efforts directed to turning out seats that are thoroughly well-made and durable. No matter how small or how large the space—in the flower garden, on the veranda, on the lawn, or elsewhere—a lawn seat will be found useful. Plain in design, but neat and durable. Finished in white, the most desirable color.

PRICE OF LAWN SEATS

	Each	Pair
Made like cut, 4 ft. long, 14 in. wide...	\$ 8.00	\$15.00
Made like cut, 5 ft. long, 16 in. wide...	12.00	23.00

Material used in seats is selected heartwood cypress.

Veranda or Window Box
Filled with Evergreens and Blooming Plants.

We Furnish Sun Dials.

"Amidst ye flowers I tell ye hours."

The columns of our Sun Dials are given several coats of the best white paint and are carefully wrapped and packed to prevent damage in shipping. Full instructions for setting up are also given. Prices: plain column with good bronze dial, \$15.00; fluted column with high grade bronze dial, \$23.50. Columns 10 inches in diameter and 42 inches high, including cap and base.

Pergolas.

The possibilities of the Pergola are not limited to areas of considerable extent, (large estates, parks, and public grounds) but may be used for the beautifying of the more limited spaces, even on the small city lot, as it gives character and completeness to any lawn or garden, whether large or small.

Prices given here are for 10-inch and 12-inch columns. Measurements are from center to center of columns. Standard width is eight feet. We list the most desirable sizes, but can supply Pergolas for any location or setting.

Size of Pergola	10-in. Column	12-inch Column
Pergola 8 feet long.....	\$ 37.00	\$ 43.00
" 16 " "	60.00	69.00
" 24 " "	80.00	92.00
" 32 " "	102.00	117.00
" 40 " "	124.00	142.00
" 48 " "	144.00	165.00

Wagner Lawn Seat

Instructions for setting up the Pergola accompany each order, so that any one handy with hammer and nails can erect same in a very short time. Columns are set eight feet apart from center to center.

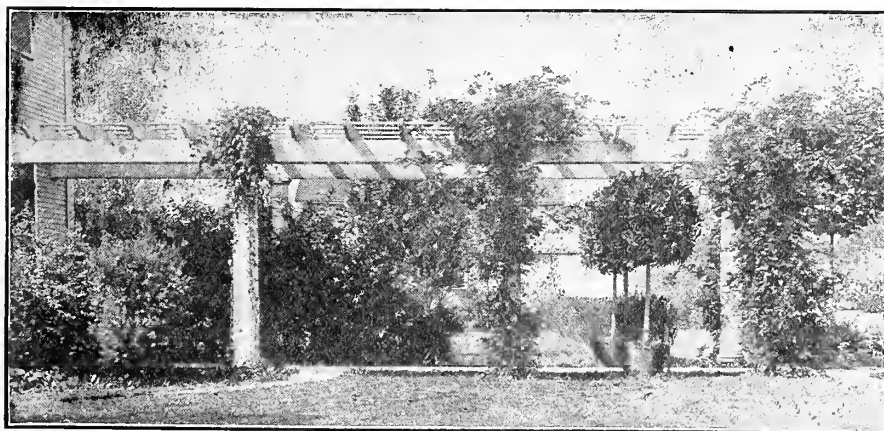

The prices given above include the material for Pergolas complete, also rods for fastening the columns to concrete base. All wood materials are of best grade and given one coat of lead and oil, ready to set in place.

Hardy Climbing Vines.

Hardy vines practically take care of themselves after once established and are much more desirable and less trouble than annual or tendre varieties.

Without climbing vines many beautiful homes would present a sad and unprotected picture during our hot summers. In addition to their attractiveness they also give the home that exclusiveness that cannot be had any other way.

AKEBIA. Quinata. A beautiful, hardy Japanese vine, with unique foliage and chocolate-purple flowers of delightful fragrance in large clusters. The foliage is never attacked by insects. 25 cents each, prepaid. Large size, 50 cents; \$5.00 per dozen. (over)

A Wagner Pergola on a City Lot, very effective when covered with Vines.

WAGNER PARK FLOWERS

Hardy Climbing Vines. [Continued.]

AMPELOPSIS Veitchii. (Boston Ivy) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. Note in illustration how it clings to the stone wall. Will also cling to wood or brick. 15 cents per dozen, **prepaid.** Larger plants, 25 cents; \$2.50 per dozen; \$15.00 per 100. Extra large, 35 cents; \$3.50 per dozen.

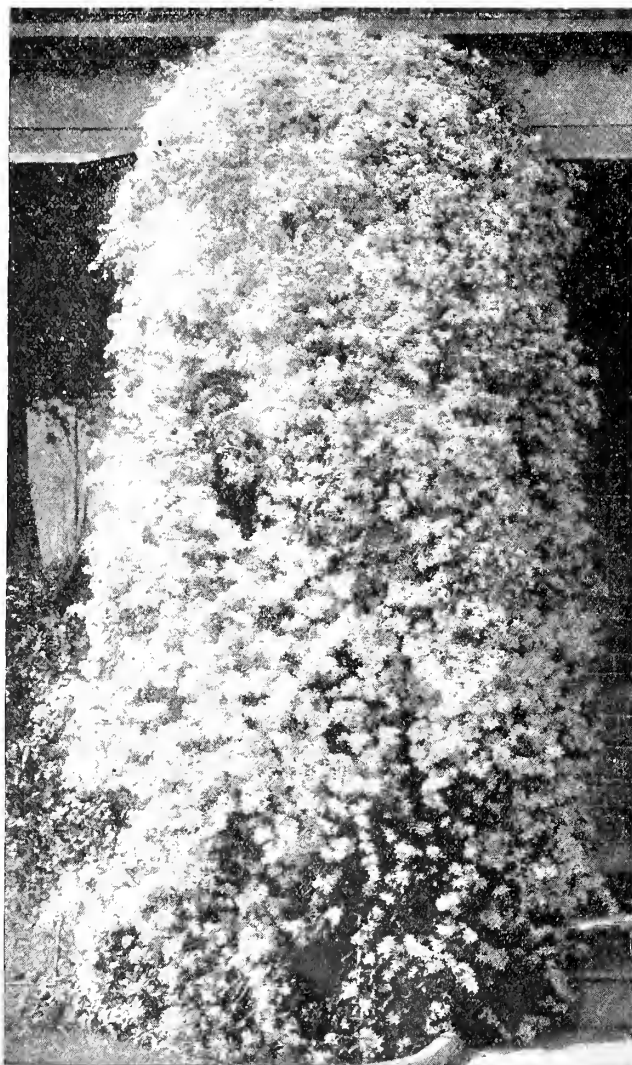

ARISTOLOCHIA Siphio. (Dutchman's Pipe Vine) Singular brownish-colored flowers, resembling in shape and very large. Excellent for pergolas and verandas. Large plants only 50 cents; \$5.00 per dozen. Extra large, 75 cents each.

BIGNONIA Grandiflora. (Trumpet Creeper) For covering unsightly places, stumps, rockwork, it will be found very useful. Flowers orange-red color. Large plants, 25 cents; \$2.50 per dozen. Extra large, 35 cents and 50 cents.

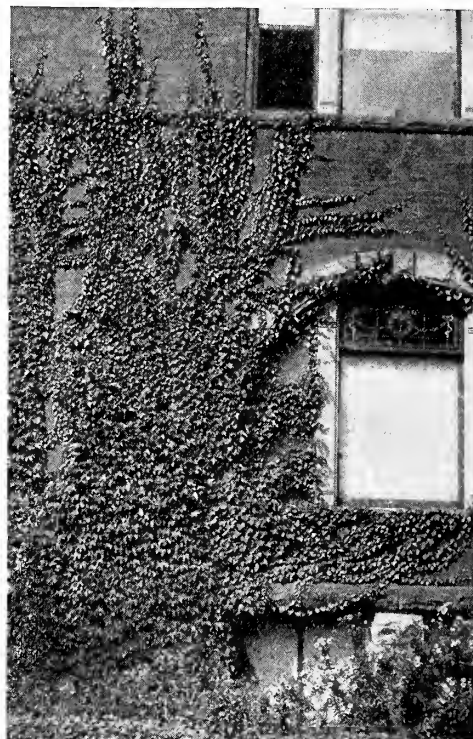

CELASTRUS Scandens. (Bitter Sweet) Yellow flowers during June, which are followed with bright orange fruit. Large plants, 25 cents; \$2.50 per dozen. Larger, 35 cents and 50 cents.

CLEMATIS Paniculata. (See cut.) One of the finest and most popular vines and may be used wherever a vine is needed. Glossy green foliage and a mass of fragrant flowers in August and September. 25 cents; \$2.50 per dozen, **prepaid.** Larger size, 35 cents each. Extra heavy, 50 cents.

Virginiana. (American White Clematis) Small white flowers. Large size, 25 cents; \$2.50 per dozen, **prepaid.** Extra large, 35 cents.

A Most Popular Vine—Clematis Paniculata

AMPELOPSIS VEITCHII

CLEMATIS. Large Flowered. Nothing can be more satisfactory than vigorous plants of these showy climbers, which are adapted to any situation, either on verandas, trellis, or as individual specimen pillar plants in the garden.

Jackmani Superba. Flowers intense violet purple. 35c

Ville de Lyon. Bright carmine flowers. 50 cents.

Integrifolia Durandi. Semi-climbing habit and producing showy indigo blue flowers. 50 cents.

Lawsoniana. Finest light blue variety in cultivation. 50c.

M. Koster. Color, distinct, light red. 40 cents.

Dutchess of Edinburgh. Double pure white, 50 cents.

Mad. le Coultre. A fine, large, single white. 50 cents.

SPECIAL OFFER—CLEMATIS—One red, one white, one purple, for \$1.00.

LONICERA. Brachypoda Aurea Reticulata. (Japan Golden-leaved Honeysuckle) Of vigorous growth, forming radiant festoons and masses with its clear, golden leaves. Valuable for covering banks, bare places, etc. Flowers creamy white. Large plants, 25 cents; \$2.50 per dozen, **prepaid.** Extra large, 35 cents; \$3.50 per dozen.

Halliana. (Hall's Japan Honeysuckle) White and creamy yellow flowers. Nice young plants, 20 cents; \$2.00 per dozen, **prepaid.** Large size, 50 cents; \$5.00 per dozen.

LYCIUM. (Matrimony Vine) Numberless bright red berries in the fall. 20 cents; \$2.00 per dozen. Larger 35c; \$3.50 per dozen. Extra heavy, 50 cents.

PERIPLOCA. (Silk Vine) Purple-brown auxiliary clusters of flowers. 35 cents; extra large, 50 cents.

WAGNER PARK FLOWERS

Hardy Climbing Vines. (Continued.)

VITUS Aestivilis. Strong, tall-climbing vine with large foliage and small black berries. 25 cents; larger, 35 cents.

WISTARIA. Chinensis. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. Nice plants, 20 cents; \$2.00 per dozen **prepaid**. Larger size, 30 cents; \$3.00 per dozen. Extra heavy, 50 cents each.

Alba. Of similar habit to *Chinensis*, with white flowers. Larger plants, 35 cents; \$3.50 per dozen. Extra large, 50 cents.

Multijuga. Tree form. Purple flowers. \$2.00 to \$3.00 each.

Evergreen Vines.

EUONYMUS. Hardy and well adapted for covering walls, rocks or trunks of trees. Also suitable for edging beds, as it can be kept closely clipped the same as box edging.

Radicans. Beautiful bright green foliage. Nice young plants, 15 cents; \$1.50 per dozen, **prepaid**. Large size, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Radicans Variegata. (Variegated Creeping Euonymus) A splendid evergreen creeping plant with pretty, small foliage, beautifully variegated deep green and white. Rather slow-growing but useful for covering low stone walls or stumps, or as an edging plant, for which purpose it can be kept closely clipped in same manner as box edging. Nice young plants, 15 cents each, \$1.50 per dozen; \$10.00 per 100, **prepaid**. Large size, 25 cents; \$2.50 per dozen; \$15.00 per 100.

ENGLISH IVY. Dark, glossy green leaves and clings firmly to stone or brick walls. Thrives best in a shady position and is hardy in nearly all localities. Nice young plants, 15 cents; \$1.50 per dozen, **prepaid**. Larger size 25 cents; \$2.50 per dozen.

HARDY CLIMBING SWEET PEAS. This is one of the most desirable hardy climbing plants attractive both in flower, and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. Fine two-year-old plants in assorted colors, white, pink, and red, 6 for 75 cents; 12 for \$1.00, **prepaid**. Larger size, 25 cents; \$2.00 per dozen.

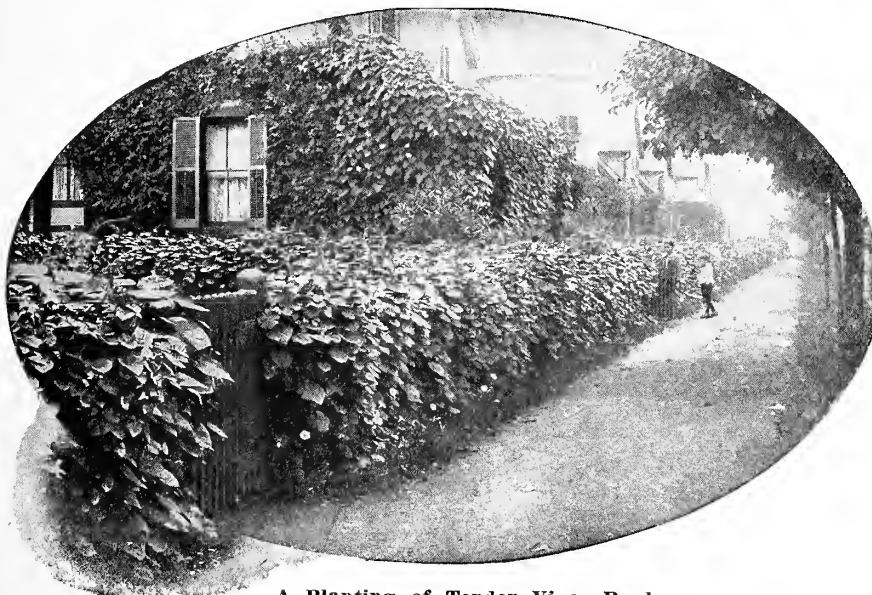

Pink Beauty. A beautiful variety producing bright rosy pink flowers. Nice large roots, 25 cents; \$2.50 per dozen.

Tender Climbing Vines.

This class of vines are most rapid growing and should be planted where quick effects are desired. They, however, being tender, die in the fall, but are offered at such low prices, the replanting each season is not expensive.

Wistaria Chinensis

A Planting of Tender Vines Produces Such Results in But a Short Time.

COBEA SCANDENS. One of the most rapid growing climbing plants in cultivation; grows from 15 to 25 feet high and bears beautiful, deep, blue, bell-shaped flowers. For covering porches, trellis, or arbors it has no equal and should be more generally planted. 15c each; \$1.00 per dozen, **prepaid**.

IPOMEA. (Moon Flowers) One of the most popular summer vines. The foliage is graceful and serviceable, and the vine a rapid climber, attaining a length of 40 feet in a season. The flowers are borne abundantly throughout a long season, opening at sundown, emitting a rich, Jessamine odor at night, and closing about noon next day.

Ipomea Grandiflora (White Moon-flower) Satiny white flowers, five to six inches in diameter. 20c; \$2.00 per dozen, **prepaid**.

VINCA VARIEGATA. Elegant low-growing trailing vine; bright glossy green leaves, widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes, and rockeries. 10c each; 75c per dozen. Large size, 15c; \$1.50 per dozen, **prepaid**. Extra heavy, 25c; \$2.50 per dozen.

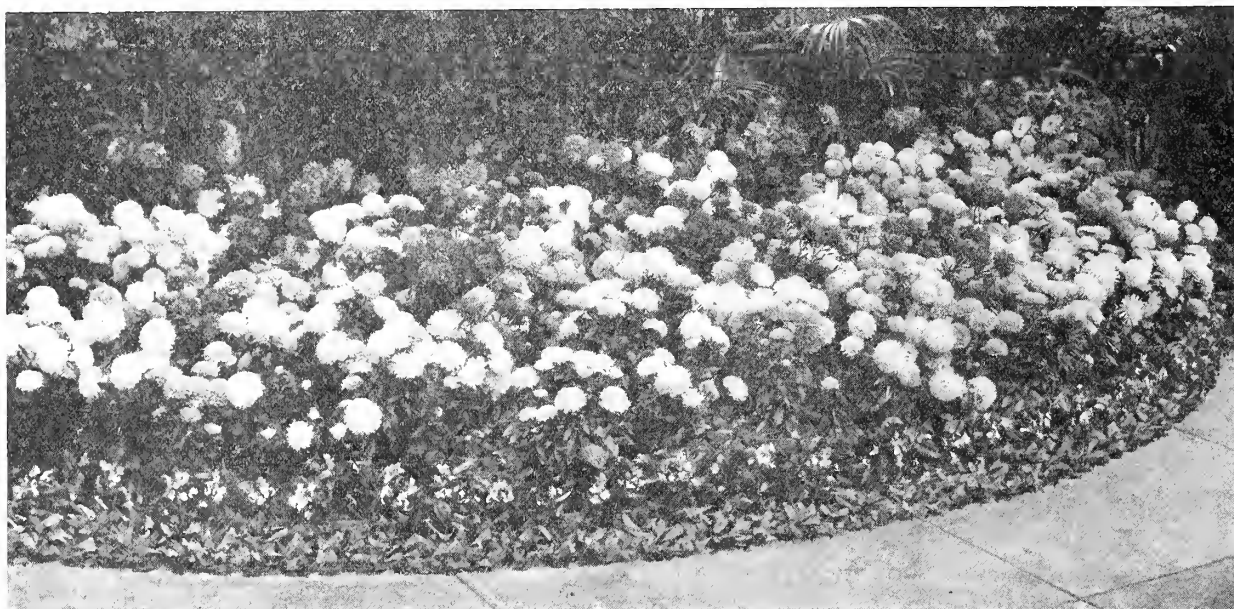

WAGNER PARK FLOWERS

Flower Seed Department.

Our list of flower seeds will be found to contain only varieties of real merit. We want our seeds to give satisfaction and prefer not to have a very extended list rather than to cause disappointment in any of the varieties offered. Many times varieties are listed which are of no value whatever to the amateur and unless one has every facility for propagation disappointment is sure to follow.

The ground should be dug and raked fine on the surface sowing the seeds evenly and thinly, either in lines or beds, covering not over four times their size and firming the soil over them. Should they come up too quickly, as most of them are likely to do, thin out so that the plants will stand from 4 to 12 inches apart according to the variety, or transplant to the permanent place. Water carefully as needed. To omit a single watering, or too frequent, indiscriminate watering, usually leads to failure.

NOTE—All Hardy Perennials are marked with "P" preceding name. These come up every spring with new and stronger growth.

An Attractive and Effective Arrangement of Asters

Asters.

One of the most popular and useful of all our annuals. For early flowers the seed may be sown in the house or greenhouse in March or April, and transplanted in the open ground in May or sow the seed in the bed thinly early in May and transplant.

QUEEN OF THE MARKET ASTERS. An early flowering Aster, coming into flower in July, of branching habit; flowers on long stems.

WAGNER PARK FLOWERS

Nasturtiums

Marigolds.

The old favorite free-flowering annuals of easy culture are well adapted for large beds, mixed borders or for pot culture. They succeed in light soil, with full exposure to the sun.

Gold Striped. (French Variety.) Double, deep brownish-red, striped golden-yellow; $\frac{1}{4}$ oz., 25 cents; per pkt. 10c.

Legion d'Honneur. (French Variety.) A single-flowering Marigold, flowers golden-yellow, marked with a large spot of crimson velvet. $\frac{1}{4}$ oz., 20 cents; per pkt. 5c.

Orange Prince. (African Variety.) Double flowers, rich deep golden-orange color; $\frac{1}{4}$ oz., 50 cents; per pkt. 15 cents.

Pride of the Garden. (African Variety.) Immense flowers, densely double. Color golden-yellow. $\frac{1}{4}$ oz., 40 cents, per pkt., 10 cents.

Nasturtiums.

For ease of culture, duration of bloom, brilliancy of coloring, nothing excels Nasturtiums. They need only moderately good soil, well-drained, sunny position. A few weeks from the time they are sown until hard frost there is an endless profusion of their gorgeous blossoms.

TALL, OR CLIMBING VARIETIES (*Tropaeolum Majus*)

Elegant and luxuriant climbers for veranda, trellises, etc. May be used to cover unsightly railings and to trail over rough ground with fine effect. The seedpods can be gathered while green and tender for pickling; 6 to 10 feet.

Crimson. Rich and velvety.

Rose. A lovely shade of ruby rose.

Schulzi. Rich, deep scarlet.

Prince Henry. Cream, spotted and tipped red.

Prices. All varieties 5 cents per pkt.; 15 cents per oz.; 40 cents per $\frac{1}{4}$ lb.

Finest Mixed. Tall or climbing varieties. Per pkt., 5 cents; oz., 15 cents; $\frac{1}{2}$ lb., 30 cents; lb., \$1.00.

TOM THUMB, DWARF OR BEDDING VARIETIES

Empress of India. Fiery crimson, dark foliage.

Golden King. Rich golden yellow.

King of Tom Thumbs. Dark scarlet, dark leaves.

Pearl. Creamy white.

Rose. Soft carmine rose.

Finest Mixed. Tom Thumb varieties.

Prices. All above varieties per pkt., 5 cts.; oz., 15 cts.; $\frac{1}{4}$ lb., 30 cts.; lb., \$1.

Dwarf Ivy-leaved. Makes pretty, compact plants, excellent for beds, borders boxes, etc. **Mixed colors.** Per pkt., 10 cts.; oz., 20 cts.; $\frac{1}{4}$ lb., 60c.

Dianthus, or Pinks.

The Dianthus family in all its varieties is a popular garden flower. Pinks are especially of exceptional value for cutting and fragrance; they have few rivals. Seeds may be sown out-of-doors as soon as all danger of frost is past. The biennial varieties usually survive the winter with a little protection, but the Plumarius varieties are perfectly hardy.

	per pkt.

Bright Yellow, per pkt.....10c

Pure White, per pkt.....10c

Orange Scarlet, per pkt.....10c

A Planting of Single Petunias at Base of Pergola

POPPIES

Annual Poppies should be sown as early in the spring as possible where they are to remain. Sow very thinly, barely cover the seed, press down firmly, and they will come up in a few days. It is well to make sowings at intervals to keep up a succession of bloom.

SINGLE ANNUAL POPPIES

Select Shirley. This is an extra fine strain. They are single and occasionally semi-double, and range in color from the purest white through the delicate shades of pale pink, rose and carmine to the deepest crimson and blood-red.

50 cents; per pkt.....10c

Dainty Lady. Immense flowers of a rosy mauve, with a large dark metallic blotch at the base of each petal $\frac{1}{4}$ oz., 25 cts; per pkt.....10c

English Scarlet. The scarlet field Poppy. Oz., 40 cents; per pkt.....5c

The Bride. A beautiful, large, pure white. Per oz., 25 cents; per pkt.....5c

DOUBLE ANNUAL POPPIES.

They make a gorgeous showing during their flowering period, and are largely used for beds and borders.

White Swan. Immense double flowers, beautifully fringed and of purest white. Per oz., 25 cents; per pkt. 5c

Cardinal. A splendid dwarf variety bearing large-globular, fringed flowers of an intense cardinal red. Per oz., 30 cts; per pkt.....5c

Shell-pink. Color, a soft sea-shell or chamois pink. Very dainty. Per oz., 25 cents; per pkt.....5c

Sweet Peas.

There are hundreds of both Orchid-flowered and Standard varieties of Sweet Peas, many of which are practically identical and still others which lack either size, purity of color, vigor or some other characteristic which all first class sorts should have. It would be an easy matter for us to greatly extend our list; but we think it best to confine our offers to such sorts as are really first-class, and every variety we offer is entitled to a place in the front rank of Sweet Peas.

(Spencer Varieties)

The old-fashioned or standard varieties are now quite over-shadowed by this wonderful type, which are quite distinct, having large, round open flowers of extraordinary size, usually measuring two inches across, with wavy standards and wide-spreading wings, a very large percentage bearing four of these immense blossoms to the stem, which is long and strong, making them of exceptional value for cutting. All of the sorts offered below have been thoroughly tested and are easy to grow.

Apple Blossom. Rose and blush-pink.

Blanche Ferry. Color pink and white, immense wavy flowers.

Countess Spencer. A lovely soft rosy-pink, shading deeper at edges.

Florence Morse. Delicate blush with pink margin; a charmingly beautiful flower.

Flora Norton. Clear azure-blue.

Gladys Unwin. Charming pale rose-pink.

King Edward. Bright crimson-scarlet.

Prince of Wales. A brilliant rosy-red.

Queen Alexandra. Color a rich bright scarlet.

White Spencer. A pure wavy white of enormous size, long, strong stems.

Single Mixed. Annual sorts. Oz., 20 cents per pkt., 5c.

Price. Any of the above varieties 10 cts. per pkt.; 25 cts. per oz.; 75 cts. per ¼ lb.

SELECT STANDARD SWEET PEAS.

The following are the very choicest standard sorts—varieties that stand at the head of their respective color.

Dorothy Eckford. Magnificent pure white.

Janet Scott. A grand, deep rich pink.

King Edward VII. The finest crimson-scarlet.

Lovely. Soft shell-pink; a lovely shade.

Lord Nelson. The richest deep navy-blue.

Prima Donna. A magnificent pure pink.

Prince of Wales. The finest bright rose.

Price. Any of the above, 5 cents per pkt.; 15 cents per oz.; 50 cts. per ¼ lb.

SPECIAL MIXTURES OF SWEET PEAS.

For such as prefer to grow the various colors separate we have prepared the following mixtures out of the finest named standard sorts:

Pink Shades. Light to deep pink.

Red Shades. Bright rose to dark scarlet.

Lavender and Blue Shades. Lavender to heliotrope.

"Peerless" Mixture. This mixture contains nothing but fine, large-flowering varieties. Pkt., 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.; lb., \$1.00.

Price. Any of above varieties 10 cts. per oz.; 25 cts. per ¼ lb.; 75 cts. per lb.

STOCKS (Gilliflower)

The Stock is one of the most popular annuals, either for bedding or pot culture; for brilliancy and diversity of color, fragrance, profusion and duration of bloom it is unsurpassed.

White. Per pkt., 10 cents.

Blue. Per pkt., 10 cents.

Dreer's Mammoth Mixed. $\frac{1}{4}$ oz., 50 cents; per pkt., 10 cents.

P. YUCCA. Filamentosa. Creamy-white flowers. Per pkt., 15 cents.

Zinnias. (Youth and Old Age)

The Zinnia is one of the most brilliant, showy and satisfactory of annuals, and has long been a general favorite. They come into flower early in the summer and keep on blooming until hard frost.

IMPROVED LARGE FLOWERING DWARF

This we consider the best Zinnia for general use, forming bushy, compact plants not over 2 feet high, and bearing large perfect double flowers.

Flesh-pink. Delicate shade, per $\frac{1}{4}$ oz., 25 cents; per pkt., 5 cents.

Dark Scarlet. Very rich, per $\frac{1}{4}$ oz., 25 cents; per pkt., 5 cents.

White. Pure white, per $\frac{1}{4}$ oz., 25 cents; per pkt., 5 cents.

GIANT DOUBLE ZINNIAS

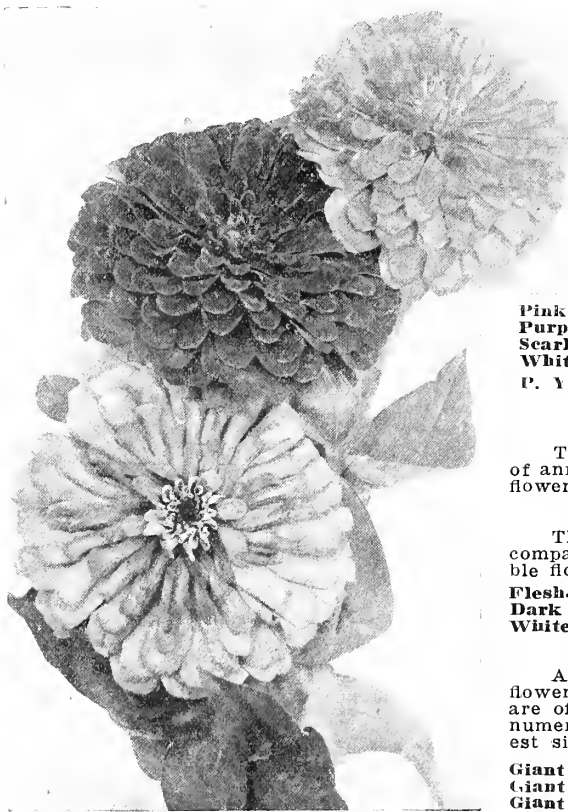

A special strain of this grand old favorite free and continuous flowering annual, which produces flowers of colossal size. Plants are of extremely robust habit, and bearing on long, strong stems numerous semi-globular, mostly very double flowers, all of the largest size, making them of great value in large beds, borders, etc.

Giant Scarlet. Per pkt., 15 cents.

Giant Flesh Color. Per pkt., 15 cents.

Giant Crimson. Per pkt., 15 cents.

Giant Mixed. All colors. Per $\frac{1}{4}$ oz., 40 cents, per pkt., 15 cents.

Zinnias.

Chrysanthemums.

Large Flowered.

Our collection of these large-flowered Chrysanthemums comprises only the choicest varieties; those which we know will produce satisfactory results. They are all perfectly hardy for outdoor planting in the Southern States, while in the North they will require protection. See our list of pompon varieties under the section of Hardy Plants.

CHIEFTAIN. An unusual shade of pink, fine form and good grower.

CHAS. RAZER. A beautiful pure white of pine shape, large flowers, and very full bloomer.

DR. ENGUEHARD. Bright rose-pink; one of the very best of the entire list.

GLORY OF THE PACIFIC. The best early pink. Magnificent flower petals, faintly reflexed. Showy clear pink color. Dwarf but vigorous habit of growth. Blooms early.

IVORY. Unexcelled for pot culture or outdoor growing, exquisite form and finish. It is especially noticeable for its globular form.

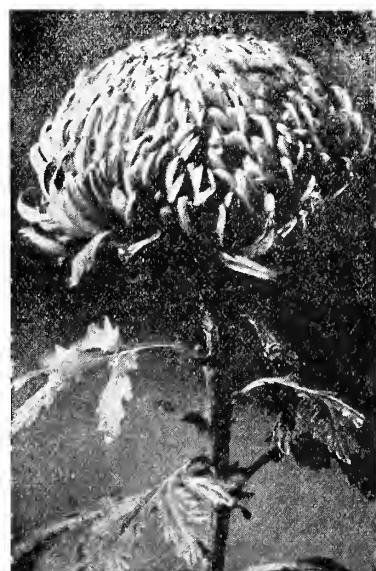

MAJOR BONAFFON. Soft, clear yellow, full in the center. In perfect form and finish, habit dwarf, keeping qualities excellent. It was awarded a Medal, with the highest recommendation from the judges.

PINK IVORY. Most popular Chrysanthemum. It is identical with Ivory in every respect, except color, which is a beautiful shell pink.

YELLOW IVORY. A variety of great substance of medium size and free bloomer.

PACIFIC SUPREME. Most satisfactory variety. Flowers are a beautiful pink color and full bloom.

Prices Any above varieties Chrysanthemums in good, thrifty stock, 15c; \$1.50 per dozen, PREPAID. \$8.00 per 100.

Ivory Chrysanthemum.

Special Chrysanthemum Offer.

12 Nice thrifty plants in 4 varieties, our selection of varieties, for \$1.00 prepaid.

Carnations.

Everblooming Carnations.

The following list embraces the best of the standard and well-tried varieties. Good results will be obtained from these planted out of doors, especially so in the Southern States, where they are hardy, while in the North they require protection. See list of Hardy Pinks, under Hardy Plant section.

BEACON. Dazzling scarlet; very large and full flower.

HARLOWARDEN. The best standard crimson on the market.

MRS. C. W. WARD. Deep pink of fine form and full bloomer.

PHILADELPHIA. Deep, glowing rose pink, an always acceptable shade.

VICTORY. Brilliant red; extra large flowers, and particularly free to bloom.

WHITE PERFECTION. Clear, brilliant white; fine form and very large.

WHITE WONDER. A truly wonderful white flower of immense size.

Price Any above varieties, 10 cents; \$1.00 per dozen, PREPAID. \$6.00 per 100.

Special Carnation Offer.

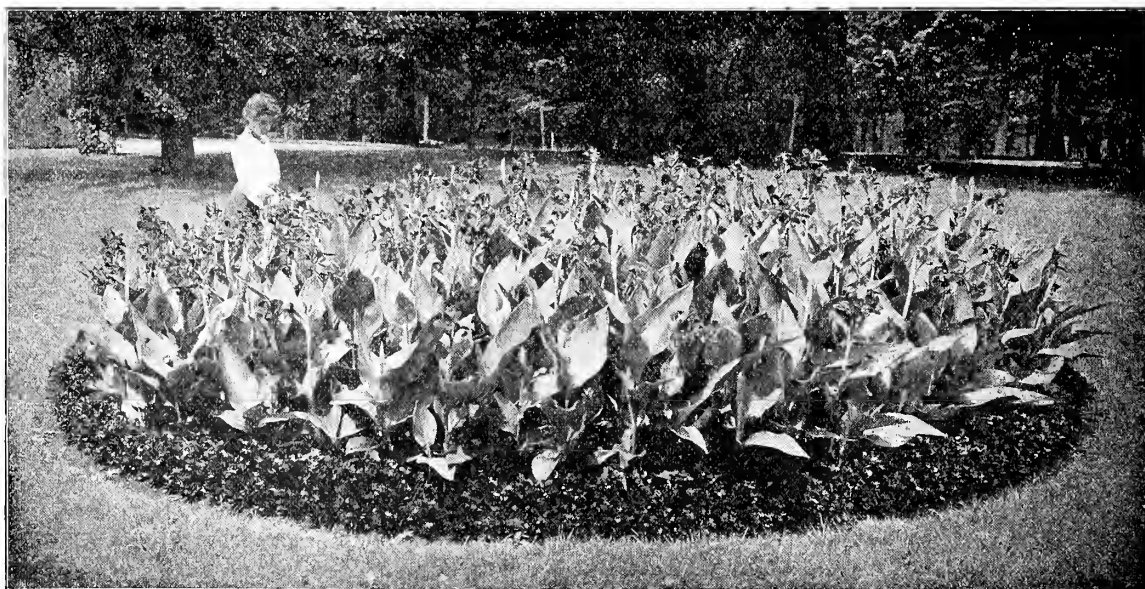

12 thrifty plants in 3 varieties, our selection, 75 cents, PREPAID.

WAGNER PARK FLOWERS

Wagner Park Lily-Cannas. The Finest Grown.

Visitors are invariably enthused at the beauty and size of Wagner Park Cannas with their wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. This effectiveness is not confined to only a few weeks' display, but being exuberant in growth, a bed of Cannas soon becomes attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after June, But the earlier planted, the better the results. The take up the clumps after the first killing frost, leaving where frost will not penetrate. Do not allow the roots to taken that they are not too moist to allow mildewing. In moist, or can be planted in the open ground as soon as all danger of frost is over. They may be planted as late as most practical way to care for the roots over winter is to some earth adhere to the roots. Place them in a dry cellar become too dry or the tubers will wither, but care should be spring the bulbs can be started in sand in the house, if kept danger of frost is over.

A Canna Bed Like This for \$5.00

Size of Bed 10 feet in Diameter

This Collection Consists of 37 Choice Cannas—7 Pennsylvania for Center; 12 David Harum for Second Circle; 18 Loveliness for Outside Row, and 35 Bright Red Coleus for Edging.

The Entire Collection A FLORAL FEAST OF LILY-CANNAS, 72 Plants for Only \$5.00

David Harum. Medium height; dark bronze foliage. Strong grower and one of the freest blooming Cannas. Flowers of large size with well-rounded petals. Color is a bright vermillion-scarlet, dotted with crimson spots. 15 cents; \$1.50 per dozen.

Duke of Marlborough. Medium height; fine metallic-green foliage. Flowers, deep crimson-maroon. 15 cents \$1.50 per dozen.

Gladiolora. Medium grower. Remarkable on account of the unusual shape of its flowers, which look like a large Gladiolus; color crimson, changing to carmine rose, with an irregular edge of gold; 25 cents; \$2.50 per dozen.

Hungaria. Medium grower. The ideal pink bedder, flowers large, in good trusses. 25 cents; \$2.50 per dozen.

King Humbert. Medium height; bright orange-scarlet streaked with crimson. The foliage is bronze with brownish-green stripes, large, thick, and leathery; finest foliage of all Cannas. 20 cents; \$2.00 per dozen. immense spikes of massive orange flowers. 20 cents; \$2.00 per dozen.

Loveliness. Dwarf grower. The color is bright ruby-carmine. The blooms are borne erect, and the individual flowers are of immense size; green foliage. 25 cents \$2.50 per dozen.

Mme. Crozy. Dwarf grower. The popular golden-edged bright scarlet; green foliage. 15 cents; \$1.50 per dozen

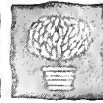

Pennsylvania. Very tall; one of the best; the flowers are produced remarkably free in many branched panicles, and are of an intense vermillion scarlet, overlaid with an orange-scarlet sheen; foliage, ich green. 15 cents; \$1.50 per dozen.

Pillar of Fire. A giant in height; color is bright crimson scarlet; medium-sized flowers. 25 cents; \$2.50 per doz.

Queen Charlotte. Dwarf grower. Rich crimson-scarlet with wide gold border on every petal; a profuse bloomer; broad green leaves. 20 cents; \$2.00 per dozen.

Venus. Medium grower. The flowers are of fair size, of a soft, rosy pink, with a pretty mottled border of creamy yellow. Green foliage. 20 cents; \$2.00 per dozen.

Wyoming. Medium grower. Brozy-purple foliage, with immense spikes of massive orange flower, 20c; \$2.00 per dozen.

Dahlias.

SHOW, DECORATIVE, CACTUS, POMPON, AND SINGLE VARIETIES.

Within the last few years a wonderful revival of interest in the Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to any one wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early, however, they can be planted very late with good results.

ARABELLA. (Show Dahlia) A profuse flowering variety Color, pale primrose, tipped and shaded old rose and lavender. 15 cents; \$1.50 per dozen.

BLACK BEAUTY. (Decorative) In flowers, as well as anything else, the curious always attracts our attention. Black Beauty is distinct in that it is the darkest Dahlia we have ever seen. 10 cents; \$1.00 per dozen.

CLIFFORD W. BRUTON. (Decorative Dahlia) The best yellow; of immense size, perfect form, and of the finest canary yellow. A tall, vigorous grower and extremely free bloomer. Should be in every collection. 15 cents; \$1.50 per dozen.

COUNTESS OF LONSDALE. The freest-flowering Cactus Dahlia in the collection, and perfect in form. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine pink. The finest variety in the entire list. 25 cents; \$2.00 per dozen.

CUBAN GIANT. (Show) An immense ball of bright maroon, free and early.

EARL OF PEMBROKE. (Cactus Dahlia) Bright plum, deeper and more velvety toward the center. 15 cents; \$1.50.

ECLIPSE. (Show Dahlia) A standard fancy Dahlia; color brilliant scarlet. This variety is too well known to describe its good qualities. 15 cents; \$1.50 per dozen.

GRAND DUKE ALEXIS. (Decorative Dahlia) The color is white, tinged delicate pink. 20 cents; \$2.00 per doz.

J. H. JACKSON. (Cactus) Brilliant dark crimson maroon. 25 cents; \$2.50 per dozen.

MARY D. HALLECK. (Show Dahlia) Color, a beautiful, golden yellow. Produced on long stems. 25 cents; \$2.50 per dozen.

Show Dahlia—Snowflake.

A. D. LIVONI. (Show Dahlia) This is the loveliest of all. Color, a very light silvery pink, petals beautifully quilled. We consider this one of the very best varieties. 25 cents; \$2.50 per dozen.

JOHN H. ROACH. (Cactus Dahlia) A fine, light yellow. 15 cents; \$1.50 per dozen.

PENELOPE. White flaked lavender. This is the most beautiful and chaste; of perfect form, always full to the center; a profuse bloomer on long stems. One of the best for cutting. The full, fine form of the flower attracts attention. 15 cents; \$1.50 per dozen.

PURPLE QUEEN. (Show Dahlia) This is one of the best varieties of its color. It is a robust grower and the flowers are pure purple, produced on long, stiff stems, making it a very valuable variety. 15 cents; \$1.50 per dozen.

ROBERT BLOOMFIELD (Cactus) Fine large white, 25 cents; \$2.50 per dozen.

SNOWFLAKE. (Show Dahlia) This superior variety is a very early and profuse bloomer. The flowers are snow white, of perfect form, and full to the center. As a cut flower it is ideal, while for grouping or as a specimen plant it is one of the very best. 20 cents; \$2.00 per dozen.

SNOWCLAD. (Pompon Dahlia) Flowers snowy white, perfect in form. A dwarf grower; very early, covered with a mass of blooms the whole season. Its dwarf, compact habit and freedom of bloom combine to make it one of the very best for bedding purposes. 10 cents; \$1.00 per dozen.

TANGO. This is the Dahlia for the million. It is a most remarkable variety—blooming in the greatest profusion, and under most all conditions, from the beginning to the end of the season. The color is "Tango Shade." The blending of color is so pleasing, and flowers so perfectly and freely, every one seeing them is perfectly delighted. The flowers are excellent for cutting and very lasting. Get your order in early. Price 25 cents each; 5 for \$1.00; \$2.00 per dozen.

TWENTIETH CENTURY. (Single Dahlia) The most exquisite Dahlia ever introduced. No orchid could be more delicate in color or yet richer in shading. It is purest white at the tips and gradually shading toward the center of the petal to delicate blush rose, and finally bursting into a flame of brilliant violet-crimson. Not variegated, but a wonderful blending of colors. 20 cents; \$2.00 per dozen.

Tango—The Dahlia for the Million

WAGNER PARK FLOWERS

Wagner's Superb Gladioli.

Gladiolus constitute one of the finest features of the flower garden during the summer and autumn months for a diversity of color and general effect, either in masses or planted in clumps for border decoration. They are also of easy culture and will thrive in any ordinary deeply dug garden soil to which is added a liberal supply of well decayed manure. A succession of bloom may be had from July to October by planting at intervals from April to June. Plant six inches apart in beds or double row and three inches deep.

In the fall, before frost, the bulbs should be taken up, gradually dry them, and after cleaning them, put into a paper bag and place out of the reach of frost, for planting again the following spring.

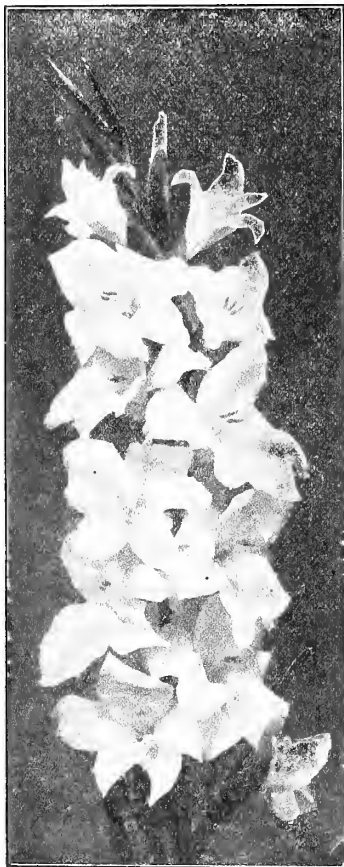

America. One of the greatest favorites and most popular Gladioli. Of most vigorous growth with luxuriant foliage. The spikes are 2 to 3 feet long producing a great mass of enormous wide expanded flowers, the color an exquisite shade of delicate flesh pink. One of the most valuable for cutting. Admirable under artificial light. 10 cents; 75 cents per dozen; \$5.00 per 100.

Augusta. Pure white in color, with blue anthers. It produces long, straight spikes, often with several branches. 10 cents; 60 cents per dozen; \$4.00 per 100.

Brenchleyensis. Vermillion-scarlet; very desirable owing to its brilliant color. It is one of the finest for the garden and for mass planting. One of the oldest and most popular. 10 cents; 75 cents per dozen; \$3.50 per 100.

May. White ground penciled with crimson; fine for cutting. 10 cents each; 75 cents per dozen; \$4.00 per 100.

Mrs. Beecher. Beautiful deep rosy-crimson. Large well opened flowers with pure white throat freely marked and spotted. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Gladiolus America

Mrs. Francis King. Large scarlet flowers of graceful form, borne on a spike that is tall and straight. It is one of the most popular varieties. Excellent for cutting. 10 cents each; 75 cents per dozen; \$5 per 100.

Priniceps. Rich crimson, deeper shading at throat, and large, white blotches on lower petals. Magnificent flowers for size and beauty. 10 cents each; \$1.00 per dozen; \$7.00 per 100.

Panama. A new seedling of America which resembles the parent variety in every way except that it is much deeper pink. A grand variety which evokes words of praise wherever exhibited. Spike very long with flowers large and well arranged. 15 cents; \$1.50 per dozen; \$10.00 per 100.

First Prize White. A lovely and useful white variety. 10 cents each; \$1.00 per dozen; \$7.00 per 100.

First Prize Pink. One of the finest varieties for cutting or bedding ever sent out; color a beautiful soft flesh pink; orchid-like in its coloring and texture; growth and habit perfect. 10 cents each; \$1.00 per dozen; \$7.00 per 100.

First Prize Red. The best and most effective scarlet for massing. 15 cents each; 75 cents per dozen; \$5.00 per 100.

FIRST PRIZE COLLECTION. This strain affords an unusually fine range of colors. All large flowering kinds. One of the finest mixtures possible to make. 10 cents each; 50 cents per dozen; \$3.50 per 100.

SPECIAL NOTE.—Gladiolus sent prepaid at single rate prices.

CALADIUMS.

One of the most effective plants in cultivation for planting out upon the lawn; growing 5 feet high, with handsome leaves often 3 feet long and 20 inches wide. It will grow in any good soil and is of easiest culture. Can be stored in sand in any warm place during winter. 10 cents; large size, 25 cents. Extra large selected, 50 cents each.

CALLA LILIES.

These will always be favorites because of their easy culture, waxy white flowers, and healthy green foliage. 15 cents. Extra strong, 25 cents.

Superb Gladiolus

WAGNER PARK FLOWERS

Wagner's Superb Hydrangeas.

It is difficult to imagine a more lovely floral object than these superb Hydrangeas. They are unquestionably the best and most showy of all plants either for bedding or pot culture. It is impossible to impress upon anyone the wondrous beauty of them, even the smallest plants bear immense trusses of bloom that are simply amazing. They are of easy culture and sure to succeed with only ordinary care. These Hydrangeas are very vigorous, healthy and rapid growers, and are practically a summer and winter flowering plant, requiring only a short rest between seasons, and can be used as a fine specimen pot plant for the veranda or some other conspicuous place during summer and after a short rest in the cellar can be placed in window garden where they will be queen of the winter flowers. These Hydrangeas are hardy in the South and throughout the Middle States with some protection during winter months and here they will flower profusely from June to October. In our Northern States they will give better results when used as pot plants. The plants succeed best in a shady place than where it is exposed to full sun on which account they are valuable for house culture. The plants require a liberal supply of water during their season of growth and flowering.

Can You Marvel at the Beauty and Effectiveness of such an Arrangement of Hydrangeas.

THE FOLLOWING ARE THE MOST SELECT FRENCH VARIETIES.

AVALANCHE. A splendid large white, which has made a reputation for itself during past seasons, an easy variety to grow and will force early; remarkably free flowering. **AMME. E. MOUILLERE.** This has always been the favorite white variety. Very free flowering, of good size and form. Awarded silver medal at the National Flower Show.

BOUQUET ROSE. Large trusses of well-formed flowers, rosy-amber turning to bright pink; has proven a special favorite in the flower shows this season.

Prices above Three French Varieties, from 4 inch pots 30 cents, \$3.00 per dozen; from 5 inch pots, 50 cents, \$5.00 per dozen; from 6 inch pots, 75 cents, \$8.00 per dozen. Extra fine Specimens in pots or tubs, \$1.50, \$3.00 each.

Hydrangeas.

Otaksa. (See Cut) These Hydrangeas are exceedingly showy and effective, particularly when grown as large specimens in the open ground or in tubs for the decoration of lawns in the summer time. They are exceedingly ornamental, producing splendid effects, the plants being covered with a solid mass of their large, showy heads of bloom, which remain beautiful for months. They can be wintered in any cool cellar with little or no trouble, and the plants increase in beauty from year to year. While they are principally grown in pots or tubs, they can also be planted in open ground. They are hardy except in the Northern States where they must be taken indoors over winter. This variety may be successfully grown indoors same as the French sorts listed above. Prices, Nice, young plants from 4 inch pots, 25 cents; \$2.50 per dozen from 5 inch, 50 cents, \$5.00 per dozen; from 6 inch, 75 cents, \$8.00 per dozen. Extra Specimens in pots or tubs, \$1.50, \$2.50 and \$3.00 each.

Dear Sirs:—

I received the plants and must congratulate myself to know and see they are so nice, especially that of the thriftiness. We have a few plants but these make a home 101 per cent. better.

Very Respectfully,

D. L. W.

Specimen Hydrangea Otaksa in Open Ground.

WAGNER PARK FLOWERS

Choice Bedding Plants--Geraniums.

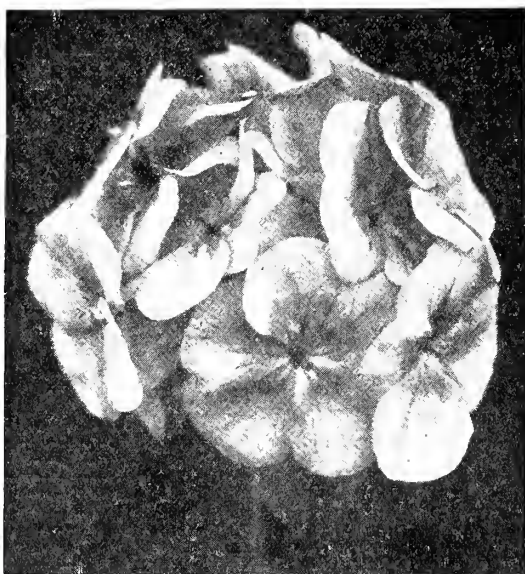

An Attractive Arrangement and Planting of Geraniums.

Geraniums are the best known and most extensively grown of all bedding plants. Much of this is because of their easy culture, freedom of bloom and showy clusters of flowers.

The following collection of Geraniums has been carefully selected as the very best for summer blooming. All have been thoroughly tested by us and we can recommend every one sure to give satisfaction and a wealth of beautiful blossoms this season.

Bruant. An old favorite, and still one of the best and most brilliant scarlet varieties. Blooms in large sized trusses and is in bloom continually, while the plant is vigorous and strong in growth. 10 cents; \$1.00 per dozen, **prepaid**. Larger size, 15 cents; \$1.50 per dozen.

Geranium, Bruant.

Jean Vind. Color, a beautiful shade of bright pink, which does not fade in the hottest weather. Extra strong growth and large foliage. 15 cents, \$1.50 per dozen, **prepaid**. Larger size, 20 cents, \$2.00 per dozen.

La Favorite. Trusses very large and of the purest snowy white even when grown in the open ground. 10 cents; \$1.00 per dozen, **prepaid**. Larger size, 15 cents; \$1.50 per dozen.

Mrs. E. G. Hill. Flowers are large and perfect in form, bright salmon, with a light shading at center. One of the freest bloomers, continually covered with large trusses of its beautiful, single flowers. 15 cents; \$1.50 per dozen, **prepaid**. Large size, 20 cents; \$2.00 per dozen.

S. A. Nutt. Rich, dark crimson. The flowers are of the most perfect shape and large size. The trusses are massive and produced in great number. Close, compact habit. 10 cents; \$1.00 per dozen, **prepaid**. Large size, 15 cents; \$1.50 per dozen.

Special Offer.

One each of the above Five Varieties, 50 cents
PREPAID. In larger size, 75 cents.

Geranium--Ivy-Leaved.

A most distinct and desirable class suitable for hanging-baskets or pot growing. Can also be trained over a trellis or used for covering banks or wall. Very free to bloom and sure to give satisfaction. We offer two best varieties.

Mme. Thiebaut. A lovely shade of clear rosy pink, upper petals delicately but distinctly feathered deep crimson-maroon. Immense trusses, 10c, \$1.00 per dozen. Larger size, 15c, \$1.50 per dozen.

Scarlet Crouse. Magnificent shade of carmine. A most showy variety, 10c, \$1.00 per dozen. Larger size 15c, \$1.50 per dozen.

Bedding Plants. General List.

ABUTILONS

Desirable free-flowering plants for the winter garden or for bedding in summer.

Savitzl. Foliage green and white; extensively used for bedding. 10 cents, \$1.00 per dozen.

ACALYPHIA

Macafeana. Bronze and crimson foliage. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

ANTIRRHINUM (Snapdragon)

Popular plants for bedding and of special value for cutting. The stock we offer has been grown from a select strain. Offered in quantity at \$6.00 per 100.

Daphne. Soft rose-pink. 10 cents, \$1.00 per dozen.

Golden Queen. Rich, pure yellow. 10 cts., \$1.00 per doz.

Firebrand. Rich, deep red, fine. 10 cts., \$1.00 per doz.

Mont Blanc. Pure white, flowers. 10 cts., \$1.00 per doz.

AGERATUM (Floss Flower)

One of the best of bedding plants; always in bloom. 10 cents; \$1.00 per dozen.

Imperial Dwarf Blue. Clear blue; 8 inches. \$1.00 per dozen.

ALTERNANTHERA

Bright foliaged plants of dwarf habit, much used for carpet bedding. We offer in quantity \$6.00 per 100.

Aurea Nana. Bright yellow foliage. 10 cts., \$1.00 doz.

Jewel. A new large-leaved bright crimson. 10 cts., \$1.00 per dozen.

BEGONIA.

This class is entirely distinct from the tuberous-root sorts, and are among the freest-flowering ornamental leaved pot plants for house or conservatory decoration, flowering continuously summer and winter.

Metallica. Lustrous bronze-green foliage; veins depressed and dark red, rosy white flowers. 20 cents, \$2.00 per dozen.

Rubra. (Coral Begonia) Flowers scarlet-rose. Glossy and wax-like. 15 cents, \$1.50 per dozen.

Efordia. Bright rosy carmine. 10 cents, \$1.00 per doz.

Luminosa. Brilliant fiery dark scarlet; very bright. 10 cents, \$1.00 per dozen.

VERBENAS.

TUBEROUS-ROOTED BEGONIAS.

"Few plants are better adapted to the summer decoration of the window garden, the veranda and the conservatory than the Tuberous Begonia. It is a constant and prolific bloomer, wonderfully rich and varied in coloring, and so easy to grow.

Single, Mixed. 10 cts. each; 75 cts. per doz.; \$5.00 per 100.

Double, Mixed. 15 cts. each; \$1.50 per doz.

COLEUS

Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds.

Brilliant Red. 10 cents; 75 cents per dozen; \$4.00 per 100.

100. Larger. 15 cents; \$1.00 per dozen; \$6.00 per 100.

Golden Bedder. Fine yellow, clear and distinct. 10 cts., 75 cts. per doz.; \$4.00 per 100. Larger size, 15 cts., \$1.00 per doz.; \$6.00 per 100.

DRACAENAS

Godseffiana. Entirely different from all other Dracaenas; of free-branching habit, forming compact, graceful specimens. Its foliage is of strong leathery texture; rich dark green color; densely marked with irregular spots of creamy-white. 25 cents each. Larger, 35 cents.

FUCHSIAS.

Well-known favorites for planting out in partially shaded positions during the summer or for early spring-flowering in the window or greenhouse

Black Prince. Bright, waxy carmine sepals and pink corolla. 10 cents, \$1.00 per dozen.

Speciosa. Pale-red tube and sepals, dark red corolla. 10 cents, \$1.00 per dozen.

HELIOTROPES

Heliotropes are great favorites, principally on account of their delicious fragrance; they grow freely under glass, and may be planted in the open border during the summer.

Chieftain. Lilac, color very large truss. 10 cts., \$1.00 per dozen.

HIBISCUS SINENSIS (Chinese Hibiscus).

Well-known tender shrubs which may be either grown in a pot or tub, or planted out during the summer.

Peachblow. Large double flowers of a soft pink with deeper center. 15 cts., \$1.50 per dozen.

PETUNIAS.

DOUBLE FRINGED. These splendid double Petunias are among our most beautiful and satisfactory flowers for Summer bedding; they thrive and bloom the whole season, even the hottest weather, and are equally fine for flower bed and for pot culture. We send strong, well-rooted plants, sure to bloom, and offer four separate colors. **White, Pink, Crimson and Purple.** 15 cents each; \$1.50 per dozen, prepaid.

SINGLE MIXED. These are fine plants grown from the best strain of selected seed, sure to produce flowers of the largest size and most brilliant and distinct colors, unsurpassed in beauty. Price, 10 cents each; 75 cents per dozen, prepaid.

PENNISSETUM

Tender ornamental grasses and valuable additions to the list of bedding plants, and as a border to a bed of Cannas or Caladiums, they stand in a class by themselves.

Rueppelianum (Purple Fountain Grass). Grows about 3 feet high, producing long, graceful green foliage and cylindrical purplish plumes. 10 cents each; \$1.00 per dozen; \$6.00 per 100.

SALIVA.

Bonfire. (Scarlet Sage) This is one of the finest of the Scarlet Sages. Its erect spikes of brilliant scarlet flowers stand clear above the dark-green foliage and completely cover the plants. 10 cents; \$1.00 per dozen; larger, 15 cents; \$1.50 per dozen, prepaid.

Splendens. One of the most gorgeous of annuals, blooming throughout the summer and fall. The plants are completely covered with showy sprays of bright scarlet flowers. 10 cents; \$1.00 per dozen, Larger size, 15 cents; \$1.50 per doz

VIOLAS, OR TUFTED PANSIES.

The flowers of the Tufted Pansies are large and they bloom so freely that they are superior to other plants for edging. This collection contains all the varied and brilliant colorings, and are of the best grade. 10 cents each; 75 cents per dozen, prepaid. Larger, 15 cents; \$1.00 per dozen; \$8.00 per 100.

VERBENA, MAMMOTH FLOWERED

This choice strain has large flowers of very brilliant colors and large, distinct eyes. The plants are vigorous growing and free flowering. Mixed colors. 10 cents each; 75 cents per dozen, prepaid. Larger, 15 cents, \$1.50 per dozen; \$10.00 per 100.

WAGNER PARK FLOWERS

Desirable Pot Plants for House and Veranda.

The same evolution has taken place in flowers for the house and veranda as in furniture and other things to complete the decorations of the living room of today. The window full of blooming plants, fuschia, petunia, and a dozen others with their blossoms of brilliant hues is now seldom seen. Palms, ferns, and other plants with decorative foliage now have the preference. They are not only more attractive, but require less care and thrive where the others will not.

The bold, majestic, yet graceful foliage lends a grandeur and magnificence that cannot be obtained by any other class of plants

Fine, Graceful Palms.

KENTIA BELMOREANA

(See center plant of large illustration, above)

The hardiest, and while of slow growth, they withstand the dry atmosphere of the house better than any other variety. Fine rich green foliage and very graceful.

Fine healthy growing plants, from 4 inch pots, 15 inches high, 50c each.

Fine healthy growing plants, from 5 inch pots, 20 to 24 inches high, \$1.00 each.

Large heavy bushy plants, from 6 inch pots, 24 to 28 inches high, \$1.50 each.

Extra heavy specimen plants, from 6 inch plots, 28 to 30 inches high, \$2.25 each.

ARECA LUTESCENS

Most graceful and beautiful in cultivation. Bright green foliage, golden yellow stems.

Nice thrifty plants from 3 inch pots, 12 to 15 inches high, 35c each.

Large healthy growing plants, from 5 inch pots, 18 to 20 inches high, 75c each.

Fine specimen plants, from 6 inch pots, 24 to 26 inches high, \$1.25 each.

Extra heavy specimen plants, from 6 inch pots, 28 to 30 inches high, \$2.00 each.

PHOENIX CANARIENSIS

One of the finest vase plants, particularly for outdoor decoration. It is of very robust habit and easily grown; very effective and particularly ornamental for decorating court yards, verandas, etc. Large size plants, \$2.00 to \$2.50 each.

ARECA VERSCHAFFELTHI

A splendid palm with finely divided pinnae of a light green color with yellowish midrib. Nice, large plants, \$1.00 each. Larger, \$1.50 each.

ASPARAGUS

Plumosus Nanus. (See cut) A beautiful plant with bright green, gracefully arched foliage. An excellent pot plant. Nice plants 10 cents; larger, 15 cents. Heavy, bushy plants, 25 cents, prepaid.

ASPARAGUS Sprengeri. Especially useful to grow as a pot plant for decorative purposes or for planting in ferneries or suspended baskets. It grows freely the whole year round; as it withstands dry atmosphere it makes an excellent house plant. Nice plants, 10 cents; larger size, 15 cents. Heavy bushy plants, 25 cents, prepaid.

Two each of the Asparagus in nice, large, thrifty plants, 50 cents. Of the heavy, bushy plants, 85 cents, prepaid.

Desirable Pot Plants for the House and Veranda.

Carax.

JAPONICA VARIEGATA. An ornamental Japanese grass which is extremely useful as a house plant; of easy growth, withstanding the dry atmosphere of the heated rooms. Excellent for the fern dish. Nice plants, 15 cents; \$1.50 per dozen, **prepaid**. Large size, 25 cents each, **prepaid**.

Beautiful, Graceful Ferns.

Nothing can equal these beautiful decorative plants for gracefulness and beauty of foliage. We do not list all varieties, but offer only those that have proven to give entire satisfaction and worthy of culture.

BOSTON FERN. (*Nephrolepis Bostinensis*) One of the most popular of all decorative plants. The leaves are long and slender, drooping gracefully, making very elegant specimen plants. We know of no better all-around decorative plant for all purposes. Nice young plants, 15 cents; large plants, 25 cents, **prepaid**. Specimens, 50 cents, 75 cents and \$1.00 each.

OSTRICH PLUME FERN. (*Nephrolepis Piersoni*) This is by far the most important and remarkable new fern that has ever been sent out. Feathery, plume-like fronds, which are very broad, resemble the graceful ostrich plume. Nice young plants, 15 cents; larger, 25 cents, **prepaid**. Specimens, 50 cents, 75 cents, and \$1.00 each.

Whitmani Fern. The most valuable fern of this type, having very handsome, broad, plume-like fronds. Nice young plants, 15 cents; larger, 25 cents, **prepaid**. Specimen plants, 50 cents, 75 cents, and \$1.00 each.

Partial View, Bench of Ferns in One of Our Conservatories.

- - SPECIAL - - House Plant Offers.

Special Fern Offer 50c. Prepaid.

An Attractive Planting of Hardy Flowers as Larkspur, Phlox, Iris, etc.

Assortment No. 10.

Special Offer \$2.00

A Grandmother's Garden Collection.

"Give me the good, old, week-day blossoms
I used to see so long ago,
With hearty sweetness in their bosoms
Ready and glad to bud and blow."

We supply the following choice varieties in this collection, and if planted in good, ordinary soil, will produce good results even the first year. The plants are all hardy and will increase in beauty and year after year.

Tall Varieties—

- 1 Hollyhock.
- 1 Valeriana (Garden Heliotrope)
- 1 Phlox
- 1 Delphinium (Larkspur)
- 1 Helianthus Maximilliana
- 1 Rubdeckia (Golden Glow)

Medium Height Varieties—

- 1 Japan Iris
- 1 Aster Tartarica
- 1 Aquilegia (Columbine)
- 1 Iris Siberica
- 1 Physostegia
- 1 Tritoma (Fire Plant)
- 1 Chrysanthemum

Dwarf Varieties—

- 1 Sedum
- 1 Hardy Pink
- 1 Violet
- 1 German Iris
- 1 Gaillardia (Blanket Flower)
- 1 Shasta Daisy
- 1 Heremocallis (Day Lily)

\$5.00 for the twenty plants listed above, all distinct varieties. In extra heavy clumps for producing immediate effects, \$5.00. **By express as these clumps are too heavy for mail.**

This assortment is appropriate for border beds; also for formal gardens. In planting, set the tall varieties in the rear of the bed. In round beds, use tall varieties for the center.

WAGNER PARK FLOWERS

Collection of Plants for Verandas, Foundations, Borders, Etc.

Inexpensive collection of shrubs suitable for veranda and foundation planting. Beautiful effects even with our \$2.50 collection.

For the convenience of those who do not have the knowledge, or have not the time to study the catalogue and select plants that will give good and effective results, we have arranged the following assortments, which are suitable for planting against veranda and house foundations or for general grouping. With these various assortments you will find some to meet your particular needs and give the same results as illustrated on this page. Nothing makes the home more beautiful and suggests cheerfulness, peace, and rest than a mass of shrubbery planted about the house, bordering the fences or screening out objectionable views. We use in these assortments only desirable varieties, such that we know will give satisfaction. Prices of assortments are extremely low and selection of varieties must be left to us.

The illustration shows how easy it is to have attractive surroundings at the entrance to your home by simply planting a row or two of shrubs at the foundation of the veranda or house. Notice the picturesqueness and character these add to the appearance of the house and how much more attractive they are than if the same space would be planted with tender flowers which would be an annual expense and trouble to plant every year.

Assortment No. V-A—Nice thrifty Hardy Shrubs, \$2.50.
Extra large plants for immediate effects, \$5.00.

Assortment No. V-B—20 Nice thrifty Hardy Shrubs, \$4.50.
Extra large plants for immediate effect, \$9.00.

Assortment No. V-C—25 Nice thrifty Hardy Shrubs, \$5.25.
Extra large plants for immediate effect, \$10.00.

Assortment No. V-D—50 Nice thrifty Hardy Shrubs, \$10.00.
Extra large plants for immediate effect, \$20.00.

Assortment No. V-E—100 Nice thrifty Hardy Shrubs, \$18.00.
Extra large plants for immediate effect, \$35.00.

Some Special Assortments for Formal Flower Gardens.

We here offer a few very desirable assortments for those having a suitable piece of ground and desire a formal flower garden. Much of the charm of your planting

will come from the fact that you have arranged the plants yourself and which should make it all the more interesting.

Shows How Attractive Grounds May Be Made by Artistic Arrangement and Proper Planting. Results of Wagner Service and Nursery Stock.

Assortment No. F 1, for space 20x30 feet, consisting of 100 nice, thrifty Hardy Plants, \$12.00; in extra large, heavy plants, \$25.00.

Assortment No. F2, for space 30x50 feet, consisting of 300 nice, thrifty Hardy Plants, \$35.00; in extra large, heavy plants, \$70.00.

Assortment No. F3, for space 40x60 feet, consisting of 500 nice, thrifty Hardy Plants, \$50.00; in extra large, heavy plants, \$100.00.

If you find that the above assortments do not meet your requirements, we shall be glad to furnish designs for more elaborate plantings. Correspondence solicited from parties desiring such work.

Proportionate quantities of tall, medium, and dwarf varieties are selected in filling orders for the above collections, and all plants are labeled so any one with judgment can satisfactorily arrange them.

WAGNER PARK FLOWERS

Wagner's Hardy Borders are Perennial Pleasures.

Wagner Hardy Borders are made up of the handsomest and hardiest of Perennials and Herbaceous Plants already arranged for setting out with a view to securing the finest effect in the space at command and the longest period of harmonious bloom.

An Attractive Planting of Hardy Perennial Flowers.

ASSORTMENTS

- No. B-10—For circular bed 6 feet in diameter consisting of 20 nice, thrifty Phlox plants in two varieties, \$2.50; in extra large plants, \$4.00.
- No. B-14—For circular bed 6 feet in diameter consisting of 18 Peonies in three varieties, \$3.50; in extra large plants, \$6.00.
- No. B-15—For circular bed 10 feet in diameter consisting of 30 Peonies in four varieties, \$5.50; in extra large plants, \$10.00.
- No. B-16—20 nice, thrifty plants, Wagner Park Daisies, \$3.00; in extra large plants, \$5.00.
- No. B-17—20 nice plants, German Iris, \$2.00; in extra large plants, \$3.50.
- No. B-18—15 nice, thrifty Eulalias in three varieties, \$2.00; in extra large plants, \$4.50.

We always ship proportionate quantities of tall, medium, and dwarf varieties in filling orders for these collections and label the plants so any one can properly arrange them that the most artistic effects are obtained.

Varieties in every Wagner Border are labeled, numbered and packed in proper order for planting. You can make a perfect picture of your place with one of these artistic color schemes. And REMEMBER!—once established, a Wagner Hardy Border needs little care for years.

These collections are suitable for borders along fences, screens, boundary lines, walks, and formal gardens.

Assortment No. B-1—For bed 4x10 feet, consisting of 15 thrifty Hardy plants, \$2.25; extra large plants, \$3.75.

Assortment No. B-2—For bed 4x20 feet, consisting of 30 thrifty Hardy plants, \$4.50; extra large plants, \$7.50.

Assortment No. B-3—For bed 5x10 feet, consisting of 20 thrifty Hardy plants, \$3.00; extra large plants, \$5.00.

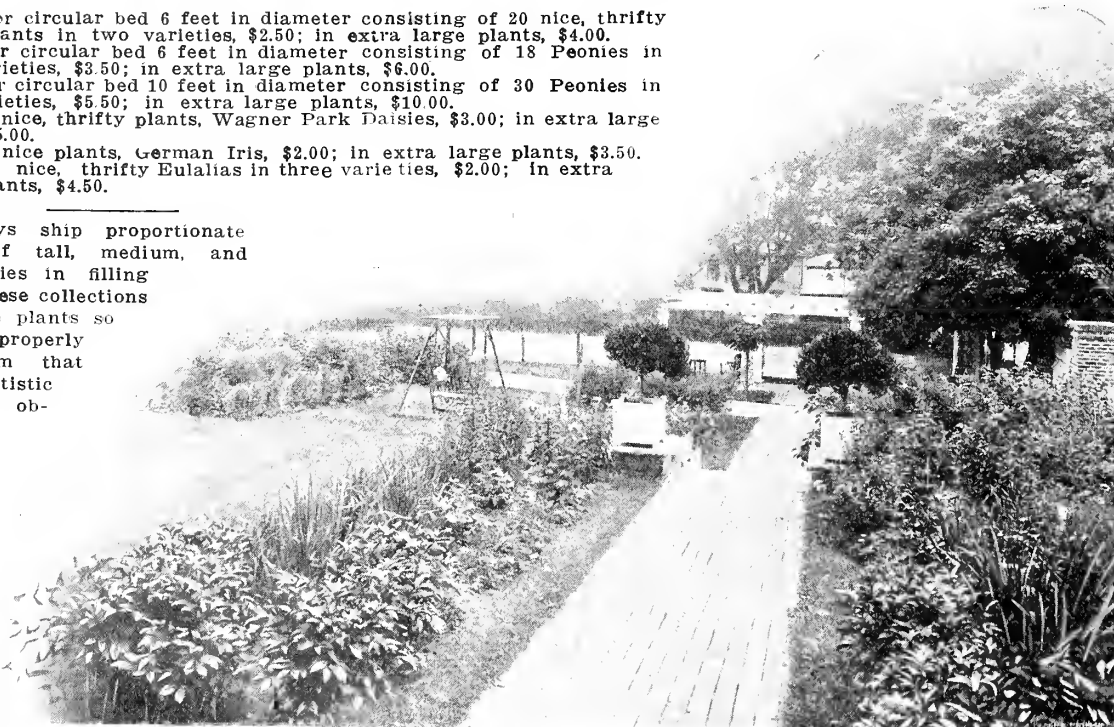

Assortment No. B-4—For bed 5x10 feet, consisting of 40 thrifty extra large plants, \$10.00.

SPECIAL ASSORTMENTS

No. B-5—25 Nice, thrifty Hardy plants, \$3.75; in extra large plants, \$6.25.

No. B-6—50 Nice, thrifty Hardy plants, \$7.50; in extra large plants, \$12.50.

Below we offer some assortments for those who want a quantity of one kind of plants for individual beds. We recommend these hardy plants in place of tender flowers as better and more artistic results may be accomplished, as well as their being more economical and less labor or account of when once planted they last almost and endless time.

Our plants are selected with particular reference to location to which they will be subjected; with the practical assurance of speedy and vigorous growth.

WAGNER LANDSCAPE SERVICE.

We Will Make Your Garden Bloom From Springtime Until Frost.

Let Us Advise You as to How You Can Secure the Utmost Beauty and Delight from Your Garden. We Offer the Advice and Service of Our Landscape Architects and Gardeners to Assist You in Making Your Surroundings More Beautiful.

A PLAN for laying out grounds properly is as necessary as a plan for building a house. A **mistake** made in the beginning often costs many times the small expense of a plan or having a landscape architect view the grounds, to say nothing about the annoyance and delay in securing the desired effect. Wagner plans and planing have been utilized in every State in the Union, and in many foreign countries. We are prepared to submit ideas for gardens in any climate and any soil.

On the following terms we will make a sketch showing how to lay out and plant your grounds in an artistic and attractive way. Send us a rough sketch of your grounds, showing locations of buildings, walks, drives, if any, also trees and shrubbery, or any other permanent things already established and that are not to be removed.

Show location of all the **entrances to lot and buildings**, any objectionable or desirable views from the residence, and grades of any importance. Photographs will also be of valuable assistance if convenient to send. The sketch need not be drawn to scale, but should show the **width and depth** of the lot, and other principal dimensions.

When the sketch is sent to us, remit one dollar (\$1.00), for which we will at once send a coupon for the amount, and this coupon will be accepted by us as part payment on an order amounting to **\$5.00 or more**. We wish to impress upon the minds of our customers that this is not a scheme of any kind by which we are receiving pay for the sketch, but it is done only as a safeguard against some curious persons that would impose upon us and ask for plans with little or no intention of making use of them. These plans we furnish are not stock plans, but **you will receive a plan made especially for your own grounds**. The planting arrangement is worked out by our Landscape Architects to meet the requirements of your place.

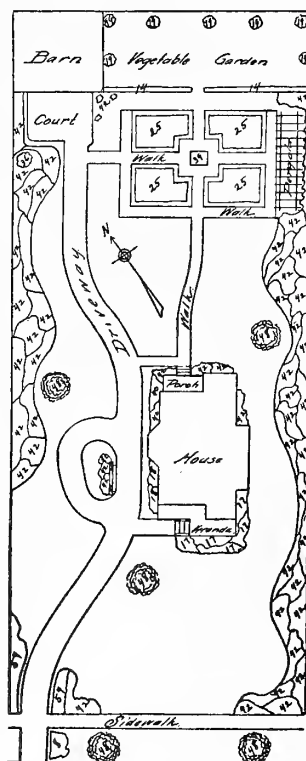

We make plans for the surroundings of the humblest little cottage as well as the extensive and elaborate estate, public parks, factory grounds, schools, universities, sanitariums, etc.

NOTE.—The above arrangement, however, applies principally to home grounds of moderate size and not to extensive or elaborate grounds where a large amount of work is involved. We are prepared, also, to do this class of work, and solicit correspondence from parties desiring such work. We furnish plans by mail, or when desired, will send a landscape gardener to do the work or instruct you how to do it. Our terms for this class of work are always very reasonable.

We Design and Plant Large Public and Private Grounds of All Kinds.

Planting and furnishing stock for **Parks, Factory Grounds, Schools, Universities, Sanitariums and Hotel Grounds** is one of our specialties, and we are prepared to plan and advise how and what to plant to produce the best results and with the least amount of labor and expenditure. Call on us when in need of such service; we assure satisfaction.

Wagner's Lawn Grass Seed.

How to Make a Lawn

All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The preparation of the ground is an important feature and the best soil is a medium texture, neither very heavy nor exceedingly light; the surface should be thoroughly pulverized and level. Remove all stones, sticks, sods, etc., harrow or rake it fine and roll it firm. It is impossible to get the soil too fine to receive the seed. Sow the best seed obtainable; it is always cheapest in the end. It is best to sow seed liberally, not only to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses, which should take entire possession of the ground at once, thus choking out and preventing the development of any weed seeds, which are apt to be in all soils. Distribute seed evenly, going both ways across the plot. After sowing, cover the seed by raking lightly; then roll the ground.

When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp, as if dull it will pull and injure the grass, besides causing the lawn to have an uneven appearance. Never allow the grass to become so high that the mower will take off the first joint, as this is an injury. Mow as often as necessary; in growing weather, at least once a week. Let the short clippings remain on the lawn, as they wither and dry and form a protection to the roots. When the clippings are long, they should be raked off, for, besides being unsightly, they are also injurious. When the weather is dry and hot, avoid cutting too close.

Quality of Lawn Grass Seed Usually Required in Making a New Lawn.

10 x 25 feet requires.....	1 pound	40 x 60 feet requires.....	10 pounds
25 x 50 feet requires.....	5 pounds	50 x 100 feet requires.....	16 pounds
40 x 50 feet requires.....	8 pounds	50 x 150 feet requires.....	24 pounds

NOTE—For Renewing Old Lawns—Use about one-half the quantity given above.

"WAGNER PARK" Grass Seed—A special mixture which we prepare. Prices: 35 cents per pound; 5 pounds for \$1.60 bushel (20 pounds) for \$6.00.

"PREMIUM" Grass Seed—This mixture, while not quite equal in quality to "Wagner Park" variety, is a good, clean mixture and an excellent lawn may be produced with it. Prices: 30 cents per pound; 5 pounds, \$1.35; bushel (16 pounds) \$4.00.

"SHADY LAWN" Grass Seed—Fine for shady places and where other grasses will not grow. 40 cents per pound; 5 pounds, \$1.75; bushel (16 pounds), \$5.00.

Prices of seed for Golf grounds quoted on application.

**THE WAGNER PARK NURSERY CO.,
SIDNEY, OHIO**

191

GENTLEMEN: On other side of this sheet is a sketch of my grounds I wish to improve, and I shall be pleased to receive a plan from you as per your offer on page 71. I enclose \$1.00 (currency) for which you are to send me a coupon good for this amount on an order for plants amounting to \$5.00 or more.

Yours truly,

Name

Town State

Suggestions are always a help to us in preparing a plan that will meet the local conditions and individual tastes of every person, so kindly answer the following questions that are of particular interest to you.

Do you prefer natural effects?

Do you prefer formal effects?

Do you prefer we use our own judgment?

Do you want us to locate walks? (If so, show all entrances to buildings, etc.)

Do you want a driveway? (If so, show where you prefer it.)

Do you want any tender plants?

Do you prefer all hardy plants?

Do you like a lot of shrubbery?

Do you want a rose bed?

Do you want any hedges? (Where preferred?

Do you want a formal flower garden?

Do you want an Arbor or Pergola?

Do you want us to locate trees? (If any on grounds, show their location on sketch.)

Do you want any fruit trees?

Do you want any street or avenue trees?

Do you want any evergreens?

Do you want any particular kind of trees?

Do you want a vegetable garden? (If so, where do you prefer it?)

When do you contemplate planting this Season, or sometime later?

We receive many plans during our greatest rush that are not used until the following season and if we were advised to the effect that we may prepare them later after our rush is over it would not only accommodate us but our landscape department could then give more time to each and every plan and yet have them completed when ready to use them.

What is the limit you wish to expend for flowers?

This last question is a very important one, owing to many having quite large lawns, yet they do not desire to expend any great amount for flowers. If we know about the amount you wish to expend for flowers, we will arrange the plantings accordingly and you will receive a plan that will be practical for your grounds.

REMARKS

USE THIS SHEET FOR MAKING YOUR SKETCH WHEN SENDING FOR PLAN

For Terms and Other Information Regarding Plans, See Page 71.

NOTE.—The sketch need not be drawn to scale, but should give the principal dimensions, direction the house faces; North, East, South or West, and the location of entrances, dimensions of buildings, and windows in foundation, etc.; also location of walks, drives, if any trees and shrubbery, or other permanent things established that are not to be removed. Also location of all the entrances to lot and buildings, any objectionable views to be retained, and terraces, or grades of any importance. Unless we have this information it will be impossible to prepare a plan that will be practical.

PLEASE DO NOT OVERLOOK ANSWERING QUESTIONS ON THE OTHER SIDE OF THIS SHEET

Everyone Loves Sweet Peas.

Then why not have them from early summer until late in autumn? That is what you can have if you plant the

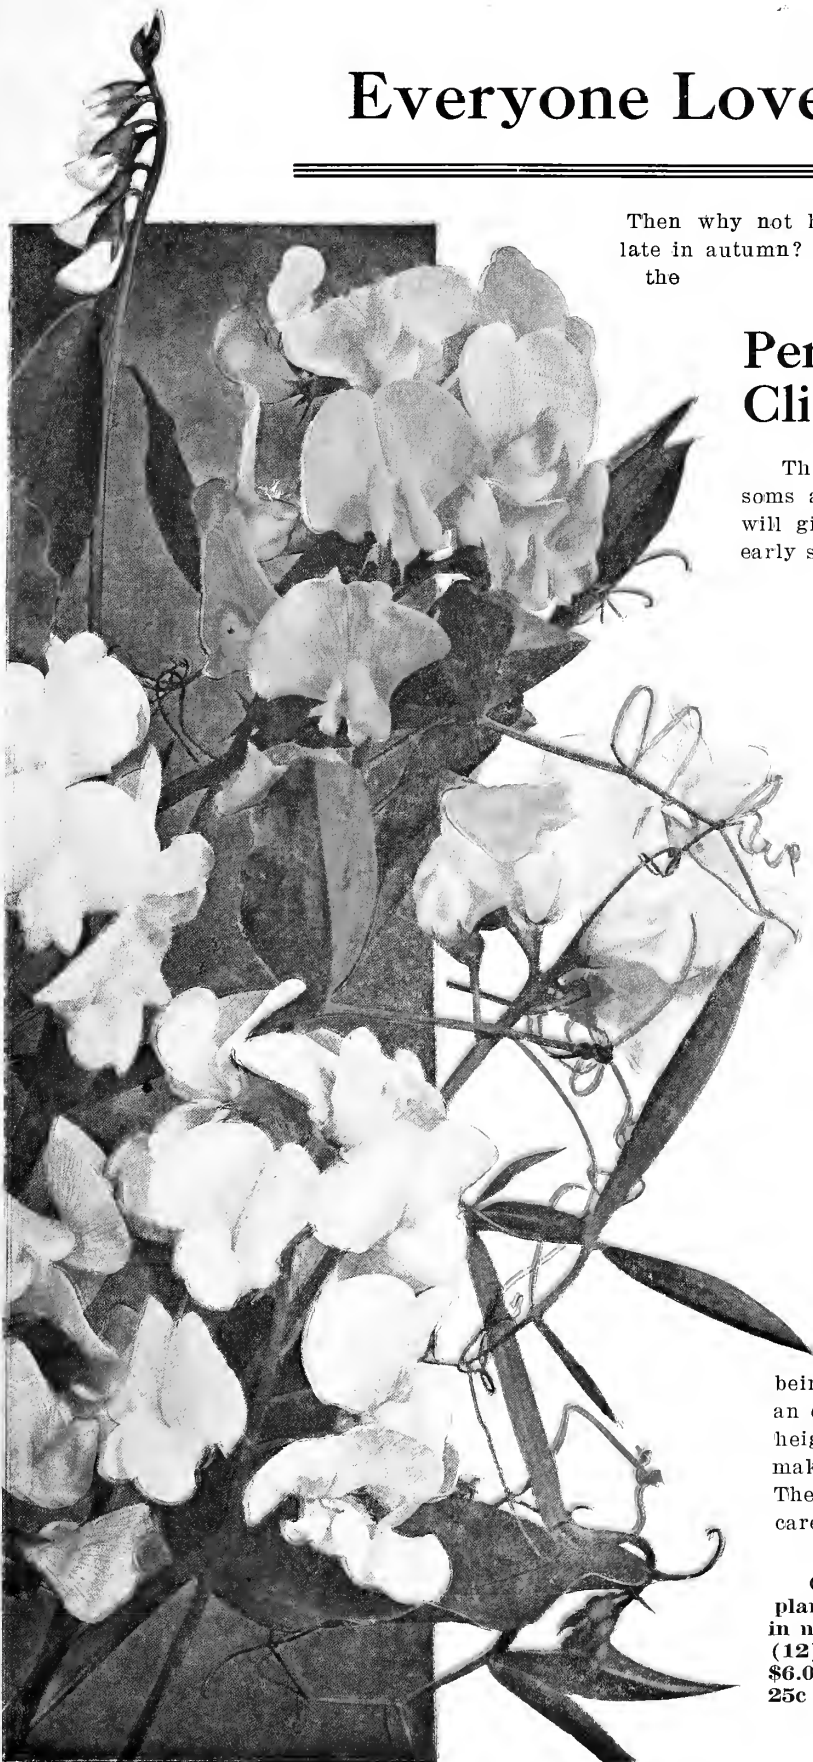

Perennial, Hardy Climbing Sweet Peas.

They will give you the same beautiful blossoms as the annual, or tender, varieties, and will give you an abundance of blossoms from early summer until stopped by heavy frost.

With the PERENNIAL PEA the annual expense and trouble of re-planting is entirely eliminated, and each year brings an additional growth, becoming eventually a bower of loveliness to be admired for years to come. There is scarcely any other flower in cultivation that is so temporary, and with such an undesirable foliage as the tender sweet pea, dying just in the middle of the summer season, when everything should be green and attractive. While often used for screening purposes, their early decay makes them a complete failure.

With the PERENNIAL PEA THE FOLIAGE IS A VERY DESIRABLE FEATURE. Where it is not too exposed to the sun it will remain a lovely green long after the snow falls. Sprays of it are beautiful for winter decorating, and it is as graceful and beautiful as the now popular Southern Smilax. In water it will remain green for an indefinite time, even sending forth new growth. For screens it is all that can be desired; being almost an evergreen, it scarcely has an equal. It also attains a more desirable height, often growing over ten feet high, making a compact mass of beautiful green. They are perfectly hardy, and require no care whatever.

Growing thousands of this wonderful plant we offer nice, thrifty, well-rooted plants in mixed colors. Six (6) for 75 cents; Twelve (12) for \$1.00; One Hundred (100) for \$6.00. Large two year field-grown plants, 25c each; \$2.00 per dozen. Sent Prepaid.
